INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Level 3 Communications, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Level 3 Communications, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2012, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis but is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

(1) Plan Description

The following description of the Level 3 Communications, Inc. 401(k) Plan (the Plan) is provided for general informational purposes only. Participants and all others should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established by Level 3 Communications, Inc. (the Company, Level 3 or the Plan Sponsor) on July 1, 1998 as a spin-off from the Kiewit Retirement Savings Plan, under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC. The Plan may be adopted by affiliated employers of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Plan benefits are not guaranteed by the Pension Benefit Guaranty Corporation.

On October 4, 2011, a subsidiary of Level 3 completed its amalgamation with Global Crossing Limited ("Global Crossing"), which became a wholly owned indirect subsidiary of the Company through a tax free, stock for stock transaction. As of December 31, 2011, no further contributions were made to the Global Crossing Limited Employees' Retirement Savings Plan (the "Global Crossing Plan") and no new participants were eligible to participate. On January 1, 2012, former Global Crossing Plan participants who were actively employed and met eligibility definitions could elect to participate in the Level 3 Communications, Inc. 401(k) Plan.

In March 2012, the Global Crossing Plan was merged into the Plan. Employer matching funds already contributed to participants' accounts in the Global Crossing Plan were 100% vested and remained 100% vested when they were merged into the Plan. Contributions made to the Plan after January 1, 2012 will vest in accordance with the vesting terms set up in the Plan document (See note 1(g)). For loans made to former Global Crossing Plan participants that were outstanding as of the merger date, the participant shall continue to repay their loans under the original terms of the loan, except for minor changes to the timing and amount of payments as long as they remain actively employed by the Company. If a participant has an outstanding balance on their Global Crossing Plan loan on the date they terminate with the Company, the loan shall become due and payable or in default in accordance with the terms of the loan note and the Plan.

(b) Subsequent Events

The Company has performed an evaluation of subsequent events through August 29, 2013, which is the date the financial statements were available to be issued.

(c) Eligibility

All full-time employees, who are regularly scheduled to work 30 hours or more per week, are eligible to participate in the Plan on the first day of the month following their hire date. All other employees may join the Plan on the first day of the month following completion of 1,000 hours of service, as defined in the plan document. Participation by anyone covered by collective bargaining is subject to negotiations, and such employees are not eligible unless their collective bargaining agreement specifically states they are eligible. The Plan also excludes certain nonresident aliens and foreign-based employees.

LEVEL 3 COMMUNICATIONS, INC.
401(k) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

The Plan offers automatic enrollment, whereby employees will be automatically enrolled in the Plan approximately 30 days after becoming eligible to participate in the Plan. Employee contributions for automatic enrollment are made equal to 4% of eligible compensation (prior to January 1, 2012 the automatic enrollment rate was 3%) and are invested into the T. Rowe Price Retirement Date Fund that most closely aligns with the projected retirement date of the employee. Even though enrollment is automatic, employees have 30 days prior to being enrolled to change contribution rates, direct contributions to other investment options available through the Plan, or decline participation in the Plan.

(d) Employee Contributions

Participants may elect to contribute from 1% to 50% of their total annual compensation, as defined, to the Plan as a pretax salary deferral contribution subject to certain IRC limitations (generally \$17,000 and \$16,500 in 2012 and 2011, respectively.) The Plan also allows catch-up contributions for participants over the age of 50. The statutory limit for the catch-up contributions is \$5,500 in 2012 and 2011.

Participants direct the investment of their contributions into various investment options offered through the Plan. Participants are not allowed to invest their contributions in the Company common stock.

(e) Rollover Contributions

Rollover contributions from other plans, which meet the requirements of the IRC, may be made to the Plan.

(f) Employer Contributions

The Company may make a matching contribution calculated as a uniform percentage of participants' deferral contributions, excluding catch-up contributions. The Company makes matching contributions up to a maximum of 4% of eligible earnings (prior to January 1, 2012 the maximum matching contribution rate was 3%) or applicable regulatory limits.

The Company may make a discretionary profit sharing contribution to eligible participants. Participants eligible to share in the profit sharing contribution include: (i) active participants who completed at least 1,000 hours of service during the plan year and who were employed at the Plan's year-end and (ii) participants who terminated employment during the plan year due to death, disability, or retirement (at age 55 or normal retirement age).

Discretionary profit sharing contributions, if any, are determined annually by the Company. Profit sharing amounts are allocated to participant's accounts in the proportion that each individual participant's compensation bears to the total compensation paid to all eligible participants. The Company did not approve a profit sharing contribution for the years ended December 31, 2012 and 2011.

Employer contributions are generally made in the form of Company common stock. The Company's matching contributions are based on the closing stock price on each pay date. The Company's matching contributions are made through units in the Level 3 Stock Fund, which represents shares of Level 3 common stock. The Level 3 Stock Fund is the mechanism that is used by the Company to make employer matching and other contributions to employees through the Plan. Participants can divest the Company stock at any time subject to securities laws.

Total annual additions under the Plan and all other plans sponsored by the Company are limited to annual IRC regulations. Annual additions are defined as participant contributions and employer contributions, if any.

(g) Vesting

Participants are immediately vested in their salary deferral contributions and rollover contributions, plus net earnings and losses thereon. Vesting in Company matching and discretionary profit sharing contributions plus net earnings and losses thereon is based on years of service and is as follows:

Year(s) of service:	Percentage vested
Less than 1	0%
1 - 2	33%
2 - 3	66%
3 or more	100%

Participants earn one year of credited service for each full year of service, as defined by the plan document.

A participant's Company matching and discretionary profit sharing contributions account also becomes fully vested when the participant reaches normal retirement age or terminates employment by reason of death or disability.

(h) Forfeitures

In the event a participant terminates and distributes their account balance before becoming 100% vested in Company matching or discretionary profit sharing contributions plus net earnings and losses thereon, unvested amounts are forfeited. Forfeitures are used to pay the reasonable, ordinary, and necessary expenses of the operation and administration of the Plan and to reduce Company matching contributions. Unused forfeitures remaining at December 31, 2012 and 2011 were approximately \$602,000 and \$413,000, respectively, and are shown as a component of net assets available for benefits in the accompanying financial statements. Forfeitures used to pay expenses and reduce employer contributions were approximately \$820,400 and \$505,000 during 2012 and 2011, respectively.

(i) Withdrawals

Benefits equal to the vested value of a participant's account are payable upon retirement, termination, disability, or death in the form of a lump-sum payment or a direct rollover into another qualified plan or individual retirement account. Joint and survivor and certain 10-year distribution options are also available on all balances that were transferred from predecessor plans. In addition, hardship withdrawals are available under certain circumstances as described in the plan document.

(j) Notes Receivable from Participants

Participants can apply for a loan under the Plan (participant loan or loan) if they do not already have a loan outstanding and are active employees. Participants may borrow from their vested account balances a minimum of \$1,000 up to a maximum of \$50,000, reduced by the highest outstanding loan balance during the preceding 12-month period. However, loans may not exceed 50% of the vested portion of the participant's deferral and rollover account balances. The loans are secured by the vested balance in the participant's account and, as such, are not subject to impairment. Loan terms may not exceed five years and bear a reasonable rate of interest based upon current commercial rates for similar loans.

LEVEL 3 COMMUNICATIONS, INC.
401(k) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

Principal and interest on notes receivable from participants are repaid ratably through biweekly payroll deductions. Any repayments over and above the stated ratable repayment amount must pay off the loan and accrued interest in full. Loans are considered to be in default if: (a) a scheduled payment is missed, (b) the participant terminates employment with the Company and its affiliates, (c) the participant receives a distribution of the participant's entire vested account balance, or (d) the participant revokes his or her payroll deduction authorization for repayment of the loan without the consent of the Company. Should any of these events occur, the Plan allows for a period of time during which the participant may cure any event of default. If, after the cure period expires, the loan remains in default, the outstanding principal balance and any unpaid interest become immediately due and payable and will be reclassified as a distribution.

(k) Participant Accounts

A separate account is maintained for each plan participant. Participant contributions are credited to the individual's account, along with a portion of the Company matching and discretionary profit sharing contributions, if any, and an allocation of the Plan's net earnings or losses. Earnings and losses for each fund are allocated to the individual accounts on a daily basis. The benefit to which each participant is entitled is the vested portion of the participant's account.

(l) Administrative Fees

Reasonable, ordinary, and necessary expenses of the operation and administration of the Plan are paid by the Company, in part by utilizing amounts forfeited by participants terminating and distributing their account balance before becoming 100% vested in Company matching or discretionary profit sharing contributions plus net earnings and losses thereon.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The accompanying statements of net assets available for benefits present the fair value of the investment in the common/collective trusts as well as the adjustment of the investment in the common/collective trusts from fair value to contract value relating to the investment contract. The accompanying statements of changes in net assets available for benefits are prepared on a contract value basis.

LEVEL 3 COMMUNICATIONS, INC.
401(k) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

(b) *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. Mutual funds are stated at fair value as determined by quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The Company's common stock is stated at fair value as determined by quoted market prices. The Plan's interest in a common/collective trusts is based on the fair value of the common/collective trust's underlying investments based on information reported by the investment advisor using the audited financial statements of the common/collective trust at year-end. The audited financial statements of the common/collective trusts include investments in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date.

Net realized and unrealized gains and losses are reflected in the accompanying statements of changes in net assets available for benefits as net appreciation or (depreciation) in fair value of investments and are determined as the difference between fair value at the beginning of the year (or date purchased during the year) and selling price or year-end fair value.

The methods described above may produce a fair value calculation that may not be indicative of net asset value or reflective of future fair values. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

(c) *Benefit Payments*

Benefits paid to participants are recorded upon distribution.

(d) *Notes Receivable from Participants*

Notes receivable from participants (participant loans) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. The Plan recognizes income on notes receivable from participants on an accrual basis.

(3) Fair Value Measurements

GAAP defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. GAAP defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Company considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of non-performance.

(a) Fair Value Hierarchy

GAAP establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. GAAP establishes three levels of inputs that may be used to measure fair value:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities. Level 1 assets that are measured at fair value include the Plan's investments in mutual funds and Company common stock. The fair value of these investments is valued based on quoted market prices in active markets.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets that are measured at fair value include the Plan's investment in common/collective trusts whose underlying assets are traded daily.

Level 3 – Unobservable inputs to the valuation methodology that are significant to the measurement of fair value of assets or liabilities. The Company did not have any Level 3 assets or liabilities measured at fair value as of December 31, 2012 and 2011.

(5) Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011;
- Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of \$16,525,228 and \$11,804,223 as of December 31, 2012 and 2011, respectively;
- Investment income (loss) of \$74,192,179 and (\$2,951,671) as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, respectively;

LEVEL 3 COMMUNICATIONS, INC.

- Interest on notes receivable from participant in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2012 and 2011
- Investment information in notes 3 and 4; and
- Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2012, as shown on the attached supplemental schedule.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants' account balances would become fully vested.

(7) Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 26, 2013 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax exempt as of December 31, 2012 and 2011.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of an asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

(8) Risks and Uncertainties

The Plan provides for various investments including Company common stock, common/collective trusts, and mutual funds. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. The Plan provides participants the ability to invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities, including securities backed by subprime mortgage loans through a common/collective trust. The value, liquidity, and related income of those securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

The Plan has a concentration of investments in the Company common stock. A change in the value of the Company common stock could cause the value of the Plan's net assets available for benefits to materially change due to this concentration.

(9) Settlement

In March 2009, late April 2009 and early May 2009, Level 3 Communications, Inc., the Level 3 Communications, Inc. 401(k) Plan Committee and certain current and former officers and directors of Level 3 Communications, Inc. were named as defendants in purported class action lawsuits filed in the U.S. District Court for the District of Colorado. These cases were consolidated as *Walter v. Level 3 Communications, Inc., et. al.*, (Civil Case No. 09cv00658). The complaint alleged breaches of fiduciary and other duties under ERISA with respect to investments in the Company's common stock held in individual participant accounts in the Level 3 Communications, Inc. 401(k) Plan.

The parties negotiated a settlement in the amount of \$2.1 million, which was paid by the Company's insurance carrier. The proposed settlement received final court approval on March 26, 2012, and the case has been dismissed.

(10) Party-in-Interest Transactions

Plan investments include shares of Company common stock, and a common/collective trust and mutual fund managed by Wells Fargo Bank, N.A., the trustee of the Plan. Therefore, these investments and investment transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

(11) Reconciliation of Financial Statements to Form 5500

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Level 3 Communications, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Level 3 Communications, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2012, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis but is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Respectfully Submitted,

Notes to Financial Statements

December 31, 2012 and 2011

(1) Plan Description

The following description of the Level 3 Communications, Inc. 401(k) Plan (the Plan) is provided for general informational purposes only. Participants and all others should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established by Level 3 Communications, Inc. (the Company, Level 3 or the Plan Sponsor) on July 1, 1998 as a spin-off from the Kiewit Retirement Savings Plan, under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC. The Plan may be adopted by affiliated employers of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Plan benefits are not guaranteed by the Pension Benefit Guaranty Corporation.

On October 4, 2011, a subsidiary of Level 3 completed its amalgamation with Global Crossing Limited ("Global Crossing"), which became a wholly owned indirect subsidiary of the Company through a tax free, stock for stock transaction. As of December 31, 2011, no further contributions were made to the Global Crossing Limited Employees' Retirement Savings Plan (the "Global Crossing Plan") and no new participants were eligible to participate. On January 1, 2012, former Global Crossing Plan participants who were actively employed and met eligibility definitions could elect to participate in the Level 3 Communications, Inc. 401(k) Plan.

In March 2012, the Global Crossing Plan was merged into the Plan. Employer matching funds already contributed to participants' accounts in the Global Crossing Plan were 100% vested and remained 100% vested when they were merged into the Plan. Contributions made to the Plan after January 1, 2012 will vest in accordance with the vesting terms set up in the Plan document (See note 1(g)). For loans made to former Global Crossing Plan participants that were outstanding as of the merger date, the participant shall continue to repay their loans under the original terms of the loan, except for minor changes to the timing and amount of payments as long as they remain actively employed by the Company. If a participant has an outstanding balance on their Global Crossing Plan loan on the date they terminate with the Company, the loan shall become due and payable or in default in accordance with the terms of the loan note and the Plan.

(b) Subsequent Events

The Company has performed an evaluation of subsequent events through August 29, 2013, which is the date the financial statements were available to be issued.

(c) Eligibility

All full-time employees, who are regularly scheduled to work 30 hours or more per week, are eligible to participate in the Plan on the first day of the month following their hire date. All other employees may join the Plan on the first day of the month following completion of 1,000 hours of service, as defined in the plan document. Participation by anyone covered by collective bargaining is subject to negotiations, and such employees are not eligible unless their collective bargaining agreement specifically states they are eligible. The Plan also excludes certain nonresident aliens and foreign-based employees.

LEVEL 3 COMMUNICATIONS, INC.
401(k) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

The Plan offers automatic enrollment, whereby employees will be automatically enrolled in the Plan approximately 30 days after becoming eligible to participate in the Plan. Employee contributions for automatic enrollment are made equal to 4% of eligible compensation (prior to January 1, 2012 the automatic enrollment rate was 3%) and are invested into the T. Rowe Price Retirement Date Fund that most closely aligns with the projected retirement date of the employee. Even though enrollment is automatic, employees have 30 days prior to being enrolled to change contribution rates, direct contributions to other investment options available through the Plan, or decline participation in the Plan.

(d) Employee Contributions

Participants may elect to contribute from 1% to 50% of their total annual compensation, as defined, to the Plan as a pretax salary deferral contribution subject to certain IRC limitations (generally \$17,000 and \$16,500 in 2012 and 2011, respectively.) The Plan also allows catch-up contributions for participants over the age of 50. The statutory limit for the catch-up contributions is \$5,500 in 2012 and 2011.

Participants direct the investment of their contributions into various investment options offered through the Plan. Participants are not allowed to invest their contributions in the Company common stock.

(e) Rollover Contributions

Rollover contributions from other plans, which meet the requirements of the IRC, may be made to the Plan.

(f) Employer Contributions

The Company may make a matching contribution calculated as a uniform percentage of participants' deferral contributions, excluding catch-up contributions. The Company makes matching contributions up to a maximum of 4% of eligible earnings (prior to January 1, 2012 the maximum matching contribution rate was 3%) or applicable regulatory limits.

The Company may make a discretionary profit sharing contribution to eligible participants. Participants eligible to share in the profit sharing contribution include: (i) active participants who completed at least 1,000 hours of service during the plan year and who were employed at the Plan's year-end and (ii) participants who terminated employment during the plan year due to death, disability, or retirement (at age 55 or normal retirement age).

Discretionary profit sharing contributions, if any, are determined annually by the Company. Profit sharing amounts are allocated to participant's accounts in the proportion that each individual participant's compensation bears to the total compensation paid to all eligible participants. The Company did not approve a profit sharing contribution for the years ended December 31, 2012 and 2011.

Employer contributions are generally made in the form of Company common stock. The Company's matching contributions are based on the closing stock price on each pay date. The Company's matching contributions are made through units in the Level 3 Stock Fund, which represents shares of Level 3 common stock. The Level 3 Stock Fund is the mechanism that is used by the Company to make employer matching and other contributions to employees through the Plan. Participants can divest the Company stock at any time subject to securities laws.

Total annual additions under the Plan and all other plans sponsored by the Company are limited to annual IRC regulations. Annual additions are defined as participant contributions and employer contributions, if any.

Notes to Financial Statements

December 31, 2012 and 2011

(g) Vesting

Participants are immediately vested in their salary deferral contributions and rollover contributions, plus net earnings and losses thereon. Vesting in Company matching and discretionary profit sharing contributions plus net earnings and losses thereon is based on years of service and is as follows:

Year(s) of service:	Percentage vested
Less than 1	0%
1 - 2	33%
2 - 3	66%
3 or more	100%

Participants earn one year of credited service for each full year of service, as defined by the plan document.

A participant's Company matching and discretionary profit sharing contributions account also becomes fully vested when the participant reaches normal retirement age or terminates employment by reason of death or disability.

(h) Forfeitures

In the event a participant terminates and distributes their account balance before becoming 100% vested in Company matching or discretionary profit sharing contributions plus net earnings and losses thereon, unvested amounts are forfeited. Forfeitures are used to pay the reasonable, ordinary, and necessary expenses of the operation and administration of the Plan and to reduce Company matching contributions. Unused forfeitures remaining at December 31, 2012 and 2011 were approximately \$602,000 and \$413,000, respectively, and are shown as a component of net assets available for benefits in the accompanying financial statements. Forfeitures used to pay expenses and reduce employer contributions were approximately \$820,400 and \$505,000 during 2012 and 2011, respectively.

(i) Withdrawals

Benefits equal to the vested value of a participant's account are payable upon retirement, termination, disability, or death in the form of a lump-sum payment or a direct rollover into another qualified plan or individual retirement account. Joint and survivor and certain 10-year distribution options are also available on all balances that were transferred from predecessor plans. In addition, hardship withdrawals are available under certain circumstances as described in the plan document.

(j) Notes Receivable from Participants

Participants can apply for a loan under the Plan (participant loan or loan) if they do not already have a loan outstanding and are active employees. Participants may borrow from their vested account balances a minimum of \$1,000 up to a maximum of \$50,000, reduced by the highest outstanding loan balance during the preceding 12-month period. However, loans may not exceed 50% of the vested portion of the participant's deferral and rollover account balances. The loans are secured by the vested balance in the participant's account and, as such, are not subject to impairment. Loan terms may not exceed five years and bear a reasonable rate of interest based upon current commercial rates for similar loans.

LEVEL 3 COMMUNICATIONS, INC.
401(k) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

Principal and interest on notes receivable from participants are repaid ratably through biweekly payroll deductions. Any repayments over and above the stated ratable repayment amount must pay off the loan and accrued interest in full. Loans are considered to be in default if: (a) a scheduled payment is missed, (b) the participant terminates employment with the Company and its affiliates, (c) the participant receives a distribution of the participant's entire vested account balance, or (d) the participant revokes his or her payroll deduction authorization for repayment of the loan without the consent of the Company. Should any of these events occur, the Plan allows for a period of time during which the participant may cure any event of default. If, after the cure period expires, the loan remains in default, the outstanding principal balance and any unpaid interest become immediately due and payable and will be reclassified as a distribution.

(k) Participant Accounts

A separate account is maintained for each plan participant. Participant contributions are credited to the individual's account, along with a portion of the Company matching and discretionary profit sharing contributions, if any, and an allocation of the Plan's net earnings or losses. Earnings and losses for each fund are allocated to the individual accounts on a daily basis. The benefit to which each participant is entitled is the vested portion of the participant's account.

(l) Administrative Fees

Reasonable, ordinary, and necessary expenses of the operation and administration of the Plan are paid by the Company, in part by utilizing amounts forfeited by participants terminating and distributing their account balance before becoming 100% vested in Company matching or discretionary profit sharing contributions plus net earnings and losses thereon.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The accompanying statements of net assets available for benefits present the fair value of the investment in the common/collective trusts as well as the adjustment of the investment in the common/collective trusts from fair value to contract value relating to the investment contract. The accompanying statements of changes in net assets available for benefits are prepared on a contract value basis.

LEVEL 3 COMMUNICATIONS, INC.
401(k) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

(b) *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. Mutual funds are stated at fair value as determined by quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The Company's common stock is stated at fair value as determined by quoted market prices. The Plan's interest in a common/collective trusts is based on the fair value of the common/collective trust's underlying investments based on information reported by the investment advisor using the audited financial statements of the common/collective trust at year-end. The audited financial statements of the common/collective trusts include investments in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date.

Net realized and unrealized gains and losses are reflected in the accompanying statements of changes in net assets available for benefits as net appreciation or (depreciation) in fair value of investments and are determined as the difference between fair value at the beginning of the year (or date purchased during the year) and selling price or year-end fair value.

The methods described above may produce a fair value calculation that may not be indicative of net asset value or reflective of future fair values. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

(c) *Benefit Payments*

Benefits paid to participants are recorded upon distribution.

(d) *Notes Receivable from Participants*

Notes receivable from participants (participant loans) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. The Plan recognizes income on notes receivable from participants on an accrual basis.

401(k) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

(3) Fair Value Measurements

GAAP defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. GAAP defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Company considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of non-performance.

(a) Fair Value Hierarchy

GAAP establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. GAAP establishes three levels of inputs that may be used to measure fair value:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities. Level 1 assets that are measured at fair value include the Plan's investments in mutual funds and Company common stock. The fair value of these investments is valued based on quoted market prices in active markets.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets that are measured at fair value include the Plan's investment in common/collective trusts whose underlying assets are traded daily.

Level 3 – Unobservable inputs to the valuation methodology that are significant to the measurement of fair value of assets or liabilities. The Company did not have any Level 3 assets or liabilities measured at fair value as of December 31, 2012 and 2011.

(5) Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011;
- Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of \$16,525,228 and \$11,804,223 as of December 31, 2012 and 2011, respectively;
- Investment income (loss) of \$74,192,179 and (\$2,951,671) as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, respectively;

LEVEL 3 COMMUNICATIONS, INC.
401(k) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

- Interest on notes receivable from participant in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2012 and 2011
- Investment information in notes 3 and 4; and
- Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2012, as shown on the attached supplemental schedule.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants' account balances would become fully vested.

(7) Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 26, 2013 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax exempt as of December 31, 2012 and 2011.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of an asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

(8) Risks and Uncertainties

The Plan provides for various investments including Company common stock, common/collective trusts, and mutual funds. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. The Plan provides participants the ability to invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities, including securities backed by subprime mortgage loans through a common/collective trust. The value, liquidity, and related income of those securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

The Plan has a concentration of investments in the Company common stock. A change in the value of the Company common stock could cause the value of the Plan's net assets available for benefits to materially change due to this concentration.

(9) Settlement

In March 2009, late April 2009 and early May 2009, Level 3 Communications, Inc., the Level 3 Communications, Inc. 401(k) Plan Committee and certain current and former officers and directors of Level 3 Communications, Inc. were named as defendants in purported class action lawsuits filed in the U.S. District Court for the District of Colorado. These cases were consolidated as *Walter v. Level 3 Communications, Inc., et. al.*, (Civil Case No. 09cv00658). The complaint alleged breaches of fiduciary and other duties under ERISA with respect to investments in the Company's common stock held in individual participant accounts in the Level 3 Communications, Inc. 401(k) Plan.

The parties negotiated a settlement in the amount of \$2.1 million, which was paid by the Company's insurance carrier. The proposed settlement received final court approval on March 26, 2012, and the case has been dismissed.

(10) Party-in-Interest Transactions

Plan investments include shares of Company common stock, and a common/collective trust and mutual fund managed by Wells Fargo Bank, N.A., the trustee of the Plan. Therefore, these investments and investment transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

(11) Reconciliation of Financial Statements to Form 5500

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Level 3 Communications, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Level 3 Communications, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2012, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis but is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2012 and 2011

(1) Plan Description

The following description of the Level 3 Communications, Inc. 401(k) Plan (the Plan) is provided for general informational purposes only. Participants and all others should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established by Level 3 Communications, Inc. (the Company, Level 3 or the Plan Sponsor) on July 1, 1998 as a spin-off from the Kiewit Retirement Savings Plan, under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC. The Plan may be adopted by affiliated employers of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Plan benefits are not guaranteed by the Pension Benefit Guaranty Corporation.

On October 4, 2011, a subsidiary of Level 3 completed its amalgamation with Global Crossing Limited ("Global Crossing"), which became a wholly owned indirect subsidiary of the Company through a tax free, stock for stock transaction. As of December 31, 2011, no further contributions were made to the Global Crossing Limited Employees' Retirement Savings Plan (the "Global Crossing Plan") and no new participants were eligible to participate. On January 1, 2012, former Global Crossing Plan participants who were actively employed and met eligibility definitions could elect to participate in the Level 3 Communications, Inc. 401(k) Plan.

In March 2012, the Global Crossing Plan was merged into the Plan. Employer matching funds already contributed to participants' accounts in the Global Crossing Plan were 100% vested and remained 100% vested when they were merged into the Plan. Contributions made to the Plan after January 1, 2012 will vest in accordance with the vesting terms set up in the Plan document (See note 1(g)). For loans made to former Global Crossing Plan participants that were outstanding as of the merger date, the participant shall continue to repay their loans under the original terms of the loan, except for minor changes to the timing and amount of payments as long as they remain actively employed by the Company. If a participant has an outstanding balance on their Global Crossing Plan loan on the date they terminate with the Company, the loan shall become due and payable or in default in accordance with the terms of the loan note and the Plan.

(b) Subsequent Events

The Company has performed an evaluation of subsequent events through August 29, 2013, which is the date the financial statements were available to be issued.

(c) Eligibility

All full-time employees, who are regularly scheduled to work 30 hours or more per week, are eligible to participate in the Plan on the first day of the month following their hire date. All other employees may join the Plan on the first day of the month following completion of 1,000 hours of service, as defined in the plan document. Participation by anyone covered by collective bargaining is subject to negotiations, and such employees are not eligible unless their collective bargaining agreement specifically states they are eligible. The Plan also excludes certain nonresident aliens and foreign-based employees.

LEVEL 3 COMMUNICATIONS, INC.
401(k) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

The Plan offers automatic enrollment, whereby employees will be automatically enrolled in the Plan approximately 30 days after becoming eligible to participate in the Plan. Employee contributions for automatic enrollment are made equal to 4% of eligible compensation (prior to January 1, 2012 the automatic enrollment rate was 3%) and are invested into the T. Rowe Price Retirement Date Fund that most closely aligns with the projected retirement date of the employee. Even though enrollment is automatic, employees have 30 days prior to being enrolled to change contribution rates, direct contributions to other investment options available through the Plan, or decline participation in the Plan.

(d) Employee Contributions

Participants may elect to contribute from 1% to 50% of their total annual compensation, as defined, to the Plan as a pretax salary deferral contribution subject to certain IRC limitations (generally \$17,000 and \$16,500 in 2012 and 2011, respectively.) The Plan also allows catch-up contributions for participants over the age of 50. The statutory limit for the catch-up contributions is \$5,500 in 2012 and 2011.

Participants direct the investment of their contributions into various investment options offered through the Plan. Participants are not allowed to invest their contributions in the Company common stock.

(e) Rollover Contributions

Rollover contributions from other plans, which meet the requirements of the IRC, may be made to the Plan.

(f) Employer Contributions

The Company may make a matching contribution calculated as a uniform percentage of participants' deferral contributions, excluding catch-up contributions. The Company makes matching contributions up to a maximum of 4% of eligible earnings (prior to January 1, 2012 the maximum matching contribution rate was 3%) or applicable regulatory limits.

The Company may make a discretionary profit sharing contribution to eligible participants. Participants eligible to share in the profit sharing contribution include: (i) active participants who completed at least 1,000 hours of service during the plan year and who were employed at the Plan's year-end and (ii) participants who terminated employment during the plan year due to death, disability, or retirement (at age 55 or normal retirement age).

Discretionary profit sharing contributions, if any, are determined annually by the Company. Profit sharing amounts are allocated to participant's accounts in the proportion that each individual participant's compensation bears to the total compensation paid to all eligible participants. The Company did not approve a profit sharing contribution for the years ended December 31, 2012 and 2011.

Employer contributions are generally made in the form of Company common stock. The Company's matching contributions are based on the closing stock price on each pay date. The Company's matching contributions are made through units in the Level 3 Stock Fund, which represents shares of Level 3 common stock. The Level 3 Stock Fund is the mechanism that is used by the Company to make employer matching and other contributions to employees through the Plan. Participants can divest the Company stock at any time subject to securities laws.

Total annual additions under the Plan and all other plans sponsored by the Company are limited to annual IRC regulations. Annual additions are defined as participant contributions and employer contributions, if any.

401(k) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

(g) Vesting

Participants are immediately vested in their salary deferral contributions and rollover contributions, plus net earnings and losses thereon. Vesting in Company matching and discretionary profit sharing contributions plus net earnings and losses thereon is based on years of service and is as follows:

Year(s) of service:	Percentage vested
Less than 1	0%
1 - 2	33%
2 - 3	66%
3 or more	100%

Participants earn one year of credited service for each full year of service, as defined by the plan document.

A participant's Company matching and discretionary profit sharing contributions account also becomes fully vested when the participant reaches normal retirement age or terminates employment by reason of death or disability.

(h) Forfeitures

In the event a participant terminates and distributes their account balance before becoming 100% vested in Company matching or discretionary profit sharing contributions plus net earnings and losses thereon, unvested amounts are forfeited. Forfeitures are used to pay the reasonable, ordinary, and necessary expenses of the operation and administration of the Plan and to reduce Company matching contributions. Unused forfeitures remaining at December 31, 2012 and 2011 were approximately \$602,000 and \$413,000, respectively, and are shown as a component of net assets available for benefits in the accompanying financial statements. Forfeitures used to pay expenses and reduce employer contributions were approximately \$820,400 and \$505,000 during 2012 and 2011, respectively.

(i) Withdrawals

Benefits equal to the vested value of a participant's account are payable upon retirement, termination, disability, or death in the form of a lump-sum payment or a direct rollover into another qualified plan or individual retirement account. Joint and survivor and certain 10-year distribution options are also available on all balances that were transferred from predecessor plans. In addition, hardship withdrawals are available under certain circumstances as described in the plan document.

(j) Notes Receivable from Participants

Participants can apply for a loan under the Plan (participant loan or loan) if they do not already have a loan outstanding and are active employees. Participants may borrow from their vested account balances a minimum of \$1,000 up to a maximum of \$50,000, reduced by the highest outstanding loan balance during the preceding 12-month period. However, loans may not exceed 50% of the vested portion of the participant's deferral and rollover account balances. The loans are secured by the vested balance in the participant's account and, as such, are not subject to impairment. Loan terms may not exceed five years and bear a reasonable rate of interest based upon current commercial rates for similar loans.

LEVEL 3 COMMUNICATIONS, INC.
401(k) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

Principal and interest on notes receivable from participants are repaid ratably through biweekly payroll deductions. Any repayments over and above the stated ratable repayment amount must pay off the loan and accrued interest in full. Loans are considered to be in default if: (a) a scheduled payment is missed, (b) the participant terminates employment with the Company and its affiliates, (c) the participant receives a distribution of the participant's entire vested account balance, or (d) the participant revokes his or her payroll deduction authorization for repayment of the loan without the consent of the Company. Should any of these events occur, the Plan allows for a period of time during which the participant may cure any event of default. If, after the cure period expires, the loan remains in default, the outstanding principal balance and any unpaid interest become immediately due and payable and will be reclassified as a distribution.

(k) Participant Accounts

A separate account is maintained for each plan participant. Participant contributions are credited to the individual's account, along with a portion of the Company matching and discretionary profit sharing contributions, if any, and an allocation of the Plan's net earnings or losses. Earnings and losses for each fund are allocated to the individual accounts on a daily basis. The benefit to which each participant is entitled is the vested portion of the participant's account.

(l) Administrative Fees

Reasonable, ordinary, and necessary expenses of the operation and administration of the Plan are paid by the Company, in part by utilizing amounts forfeited by participants terminating and distributing their account balance before becoming 100% vested in Company matching or discretionary profit sharing contributions plus net earnings and losses thereon.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The accompanying statements of net assets available for benefits present the fair value of the investment in the common/collective trusts as well as the adjustment of the investment in the common/collective trusts from fair value to contract value relating to the investment contract. The accompanying statements of changes in net assets available for benefits are prepared on a contract value basis.

LEVEL 3 COMMUNICATIONS, INC.
401(k) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

(b) *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. Mutual funds are stated at fair value as determined by quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The Company's common stock is stated at fair value as determined by quoted market prices. The Plan's interest in a common/collective trusts is based on the fair value of the common/collective trust's underlying investments based on information reported by the investment advisor using the audited financial statements of the common/collective trust at year-end. The audited financial statements of the common/collective trusts include investments in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date.

Net realized and unrealized gains and losses are reflected in the accompanying statements of changes in net assets available for benefits as net appreciation or (depreciation) in fair value of investments and are determined as the difference between fair value at the beginning of the year (or date purchased during the year) and selling price or year-end fair value.

The methods described above may produce a fair value calculation that may not be indicative of net asset value or reflective of future fair values. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

(c) *Benefit Payments*

Benefits paid to participants are recorded upon distribution.

(d) *Notes Receivable from Participants*

Notes receivable from participants (participant loans) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. The Plan recognizes income on notes receivable from participants on an accrual basis.

401(k) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

(3) Fair Value Measurements

GAAP defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. GAAP defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Company considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of non-performance.

(a) Fair Value Hierarchy

GAAP establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. GAAP establishes three levels of inputs that may be used to measure fair value:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities. Level 1 assets that are measured at fair value include the Plan's investments in mutual funds and Company common stock. The fair value of these investments is valued based on quoted market prices in active markets.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets that are measured at fair value include the Plan's investment in common/collective trusts whose underlying assets are traded daily.

Level 3 – Unobservable inputs to the valuation methodology that are significant to the measurement of fair value of assets or liabilities. The Company did not have any Level 3 assets or liabilities measured at fair value as of December 31, 2012 and 2011.

(b) Assets and Liabilities Measured at Fair Value on a Recurring Basis

Assets and liabilities measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2012 and 2011:

	Fair Value Measurement Using			
	Quoted Prices In Active Markets for Identical Assets (Level 1)		Significant Other Observable Inputs (Level 2)

(5) Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011;
- Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of \$16,525,228 and \$11,804,223 as of December 31, 2012 and 2011, respectively;
- Investment income (loss) of \$74,192,179 and (\$2,951,671) as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, respectively;

Notes to Financial Statements

December 31, 2012 and 2011

- Interest on notes receivable from participant in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2012 and 2011
- Investment information in notes 3 and 4; and
- Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2012, as shown on the attached supplemental schedule.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants' account balances would become fully vested.

(7) Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 26, 2013 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax exempt as of December 31, 2012 and 2011.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of an asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

(8) Risks and Uncertainties

The Plan provides for various investments including Company common stock, common/collective trusts, and mutual funds. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. The Plan provides participants the ability to invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities, including securities backed by subprime mortgage loans through a common/collective trust. The value, liquidity, and related income of those securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

The Plan has a concentration of investments in the Company common stock. A change in the value of the Company common stock could cause the value of the Plan's net assets available for benefits to materially change due to this concentration.

(9) Settlement

In March 2009, late April 2009 and early May 2009, Level 3 Communications, Inc., the Level 3 Communications, Inc. 401(k) Plan Committee and certain current and former officers and directors of Level 3 Communications, Inc. were named as defendants in purported class action lawsuits filed in the U.S. District Court for the District of Colorado. These cases were consolidated as *Walter v. Level 3 Communications, Inc., et. al.*, (Civil Case No. 09cv00658). The complaint alleged breaches of fiduciary and other duties under ERISA with respect to investments in the Company's common stock held in individual participant accounts in the Level 3 Communications, Inc. 401(k) Plan.

The parties negotiated a settlement in the amount of \$2.1 million, which was paid by the Company's insurance carrier. The proposed settlement received final court approval on March 26, 2012, and the case has been dismissed.

(10) Party-in-Interest Transactions

Plan investments include shares of Company common stock, and a common/collective trust and mutual fund managed by Wells Fargo Bank, N.A., the trustee of the Plan. Therefore, these investments and investment transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.
