NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

Note 1 Description of the Plan

The following description of the American Rock Salt Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution retirement plan established to provide retirement benefits for all full-time employees of American Rock Salt Company LLC (the Company) who have completed three months of service and attained age 18. Eligible employees will automatically have 3% of their compensation withheld each pay period and contributed to the Plan as a salary deferral and they may enter a salary deferral agreement at any time to select an alternative deferral amount or elect not to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

Hartford Life Insurance Company (Hartford) serves as the custodian of the Plan's assets. Effective March 1, 2013, Fidelity Investments replaced Harford and took over as the trustee and recordkeeper of the Plan.

Contributions

The Plan provides for elective pre-tax deferrals in an amount not to exceed the statutory limitation as provided for under the Internal Revenue Code (IRC). Non-union participants receive a 60% employer matching contribution up to the first 6% of their annual compensation. For unionized employees, the Plan provides for a minimum Company contribution of 1% of participant's annual compensation (the Minimum Company Contribution), including employees who choose not to defer earnings. Union participants receive a 60% employer matching contribution up to the first 6% of their annual compensation, reduced by the Minimum Company Contribution.

At December 31, 2012 and 2011, the Plan has recorded a liability of $8,863 and $2,612, respectively, for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed under the IRC.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company contributions and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

Note 1 **Description of the Plan - Continued**

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions plus earnings thereon is based on years of continuous services as follows:

Years of Service	Vesting %
1	20%
2	40%
3	60%
4	80%
5	100%

As of September 30, 2002, all previous Company contributions became 100% vested. All Company contributions after September 30, 2002 follow the normal vesting schedule as outlined in the Plan. Union employees are immediately vested in the 1% Minimum Company Contribution.

Forfeited balances of terminated participant's non-vested accounts are used to reduce administrative expenses and Company contributions. During 2012, employer contributions were reduced by $1,424 from forfeited non-vested accounts. At December 31, 2012 and 2011, there was a forfeiture account balance of $3,814 and $-0-, respectively.

Payment of Benefits
The Plan provides for normal retirement benefits upon reaching the age of 65 and has provisions for early retirement, disability, death and termination benefits for those participants who are eligible to receive such benefits. A participant may elect either a lump sum distribution or an annuity payment. Withdrawals for hardship and upon attainment of age 59½ are permitted by the Plan, provided the participant is still employed by the Company at that time.

Notes Receivable from Participants
Participants may borrow from their account a minimum of $1,000 up to a maximum loan amount equal to the lesser of $50,000, reduced by the highest outstanding loan balance for the previous 12 months, or 50% of their vested account balance. Loan terms range from one to five years, except for the purchase of a primary residence which may exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid through payroll deductions.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The financial statements of the Plan are prepared under the accrual basis of accounting.

Note 2 **Summary of Significant Accounting Policies - Continued**

Subsequent Events
In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through September 11, 2013, the date that the financial statements were available to be issued.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments
Benefits are recorded when paid.

Administrative Expenses
All expenses of administering the Plan may be paid by the Plan, unless elected to be paid by the Company.

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan invests in investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3 **Investment Valuation and Income Recognition**
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Note 3 **Investment Valuation and Income Recognition - Continued**

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Separate Accounts: Valued at the net asset value of its underlying investments. There are no restrictions on redemptions of these investments.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 **Investment Valuation and Income Recognition - Continued**

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

Note 3 **Investment Valuation and Income Recognition - Continued**

Note 5 **Information Certified by the Plan's Custodian**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hartford, the custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, the schedule of assets (held at end of year) as of December 31, 2012, and the related net appreciation in fair value of investments and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2012.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

Note 6 **Federal Tax Status**

The Plan adopted a volume submitter profit sharing plan authored by Sungard Corbel LLC. Sungard Corbel LLC received its latest determination letter, dated March 31, 2008, from the Internal Revenue Service (IRS) regarding the volume submitter profit sharing plan. In the determination letter, the IRS stated that the volume submitter profit sharing plan is in compliance with the applicable requirements of the IRC. The volume submitter profit sharing plan's opinion letter has been relied upon by the Plan. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 7 **Transactions with Parties-in-Interest**

Certain Plan investments are managed by Hartford. Hartford is the Plan custodian and, therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Note 8 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants have a fully vested interest in their accounts and their accounts will be paid to them as provided by the plan document.
