Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Basis of Accounting

As described in Note 2, these financial statements and the supplemental schedule were prepared on a modified cash basis, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above. As described in Note 1, the Board of Directors of First Service Corporation, a controlling party of The Company, approved the merger of this Plan into the First Service 401(k) Savings Plan ("New Plan") effective December 31, 2012.

A general description of the Plan follows. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a "safe harbor" defined contribution plan for the employees of The Clean Group, Inc. (the "Company") and commenced January 1, 2004. All employees, as defined by the Plan, not covered by a collective bargaining agreement, at least 21 years old, and who have completed one year of service are eligible to participate in the Plan. Eligible employees become participants in the Plan effective the January 1st or July 1st following the one-year anniversary from the date initial employment commenced. Employees who are non-resident aliens and leased employees are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration of the Plan:

The Board of Directors of the Company has appointed David Epstein as trustee for the Plan.

The Company has retained Principal Life Insurance Company ("Principal") to assist as trustee in the operation of the Plan. The Company acts as plan administrator, to be responsible for all matters connected with the day-to-day operation of the Plan. The Plan sponsor has agreed to pay all administrative expenses of the Plan.

Contributions:

Effective January 1, 2012 the plan was amended to reduce participant contributions from 92 percent to 25 percent of their compensation on a pre-tax basis subject to Internal Revenue Service limitation. Prior to January 1, 2012 The Clean Group, Inc. makes "safe harbor" employer-matching contributions equal to 100% of the first 4% of participant compensation deferred. The employer may also contribute a discretionary amount to be allocated to eligible participants based on compensation. With the consent of the Administrator, all employees, whether participants or not, may transfer amounts from other qualified plans or conduit IRA's as rollover contributions.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. General Description of the Plan (Continued):

Vesting

Participants are 100 percent vested in their own contributions and the “safe harbor” employer matching contributions made by the plan sponsor. Vesting in the balance of employer discretionary contributions is based on years of service. A participant is 100% vested after 4 years of service or attains the age of 59½, dies or becomes disabled while employed by the plan sponsor.

Forfeited Accounts

Forfeitures are applied to reduce administrative expenses and employer contributions. There were forfeitures during the year ended December 31, 2012. Forfeitures applied to reduce employer’s contributions were \$3,571 for the year ended December 31, 2012.

Participant accounts:

Each participant's account is credited with participant contributions, the employer’s matching contribution and an allocation of Plan earnings or losses. Plan earnings or losses are allocated to each participant's account in the same proportion that each participant's account bears to the total of all participants' accounts. Participant and employer contributions are deposited with each payroll and are allocated to the investment options elected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account

Payment of benefits:

The Plan provides that under certain conditions, participants may withdraw their vested benefit. A participant is entitled to receive the vested portion of their account in a lump sum distribution, or monthly installments in the event of serious financial hardship, retirement, termination, disability, death or upon reaching age 59½ as an active employee.

Uncertain Income Tax Positions

On January 1, 2009, the plan adopted the new accounting standard related to uncertainty in income taxes. For the year ended December 31, 2012, the plan did not identify any uncertain tax positions taken or expected to be taken in an income tax return which would require adjustment to or disclosure in its financial statements. In addition, the plan believes its tax status would be sustained under federal, state or local income tax examination. The plan is subject to federal, state and local income tax examination in major jurisdictions for years subsequent to December 31, 2009.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2012

1. General Description of the Plan (Continued):

Merger:

During 2012, the Board of Directors of First Service Corporation, the controlling entity of The Company, approved the merger of this Plan into the First Service 401(k) Savings Plan ("New Plan") effective December 31, 2012. As a result, all investments were transferred from the Plan to the New Plan on that date. The New Plan received plan assets on January 3, 2013.

2. Significant Accounting Policies:

The significant accounting policies employed in the preparation of the accompanying financial statements are as follows:

Basis of Accounting:

These financial statements are prepared on the modified cash basis of accounting. The modified cash basis of accounting differs from generally accepted accounting principles since participant and employer contributions are not included in plan assets until received by the plan. In addition, the statement of changes in net assets available for benefits has not been prepared on a liquidation basis.

Valuation of investments:

The Plan's investments are stated at fair value. The investments in Principal Life Insurance Company pooled separate accounts were presented at fair value as measured by the net unit value that is based on the fair value of the underlying assets of the account. Net investment losses from separate accounts result from a decrease in net unit value.

Cash represents liquidated investments which were transferred to the New Plan.

Income recognition:

Purchases and sales of investments are recorded based on the trade date. Investment income is recorded when received. Dividend income for internal funds is recorded on the ex-dividend date, if applicable.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from those estimates.

2. Significant Accounting Policies (Continued):

Benefit payments:

Benefit obligations for employees who have withdrawn from participation in the Plan are reflected as reductions of net assets available for benefits in the period during which benefit payments are made.

3. Related Parties

Certain Plan investments are units of pooled separate accounts managed by Principal Life Insurance Company. Principal Life Insurance Company was the trustee as defined by the Plan and, therefore, transactions in these pooled separate accounts qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Fees incurred by the Plan for investment management services amounted to \$2,076 for the year ended December 31, 2012.

4. Tax Status of the Plan

A tax determination letter has been received for the Plan indicating that the Plan is a qualified plan under the applicable sections of the Internal Revenue code. Accordingly, no provision for income taxes has been made in the accompanying statements.

5. Certified Information

The following information that was certified by Principal Life Insurance Company to be complete and accurate as of December 31, 2012 and 2011 and for the year ended December 31, 2012, was relied upon in the preparation of the financial statements and schedule:

- a. Investment amounts included in the Statements of Net Assets Available for Benefits and Schedule of Assets Held for Investment Purposes
- b. Investment earnings included in the Statement of Changes in Net Assets Available for Benefits.

As permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, no auditing procedures were performed with respect to the information certified as complete and accurate by Principal Life Insurance Company, except for comparing such information to information included in the financial statements.

6. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and having the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan utilized Level 1 inputs to determine the fair value of cash investments. Level 2 inputs were utilized to determine the fair value of mutual funds, and Level 3 inputs were utilized for participant loans as follows:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
December 31, 2012				
Cash	\$ 1,361,327	\$ 1,361,327	\$ -	\$ -
Participant loans	104,083	-	-	104,083
Total	<u>\$ 1,465,410</u>	<u>\$ 1,361,327</u>	<u>\$ -</u>	<u>\$ 104,083</u>
December 31, 2011				
Collective investment trust	\$ 83,741	\$ -	\$ 83,741	
Pooled separate accounts	1,177,784	-	1,177,784	
Total	<u>\$ 1,261,525</u>	<u>\$ -</u>	<u>\$ 1,261,525</u>	

Cash and participant loans represent 5% or more of net assets of the Plan at December 31, 2012. Mutual fund Investments represent 5% or more of net assets of the Plan at December 31, 2011.

(Continued)

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2012

6. Fair Value Measurements – (Continued)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3 Fair Value Measurements

The fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. Participant loans are the only level 3 assets held by the Plan. The net increase in participant loans was \$104,083 during the 2012 Plan year.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities that are subject to FASB ASC 820. At each reporting period, all assets measured using quoted prices of identical assets or liabilities are classified as Level 1, all assets and liabilities measured using observable inputs or unobservable inputs corroborated by market data are classified as Level 2, and all assets and liabilities for which fair value measurement is based on significant unobservable inputs are classified as Level 3. There were no changes in valuation techniques and related inputs in 2012.

7. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

Management has evaluated subsequent events through August 2, 2013, the date the financial statements were available to be issued.
