PRECEPT 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

1. DESCRIPTION OF PLAN

The following description of the Precept 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of F.B.P. Insurance Services, LLC dba Precept Insurance Solutions, LLC, Proview Advanced Administrators, LLC, and ProView Global USA (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees are eligible to participate in the Plan on the earlier of the first day of the month following completion of three months of employment, with at least 100 hours in each month, or one year of service.

Administration

The Plan is administered by the Company.

Contributions

Participants may elect to contribute up to 100% of eligible pre-tax or post-tax compensation, not to exceed the limits of the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan, including a self-directed brokerage account option. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

During 2012, the Company operated as a safe harbor plan and matched 100% of the participant's deferral, up to the first 3% of compensation, plus 50% of the participant's deferral on the next 2% of compensation. The Company may also make discretionary profit sharing contributions as determined annually by the Board of Directors. For the year ended December 31, 2012, the Company made no discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, and allocations of (a) the Company's profit sharing contributions, if any, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's eligible compensation, participant contribution, investment elections and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

1. DESCRIPTION OF PLAN – (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All account balances not exceeding \$1,000 may be immediately distributed in a lump-sum payment. All account balances exceeding \$1,000, but not exceeding \$5,000, may be rolled into an Individual Retirement Account. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Vesting

Participants are immediately vested in their voluntary contributions, the Company's matching and profit sharing contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The interest rate will generally be the prime interest rate charged by banks as published in the *Wall Street Journal* as of the first day of the calendar quarter plus 1%. Principal and interest is paid ratably through payroll deductions. Under the provisions of the Plan, participants are only allowed two outstanding loan balances at any given time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

PRECEPT 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Investment Valuation and Income Recognition – (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses (exclusive of investment related expenses) are generally paid by the Plan, unless paid by the Company.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditors' report, which is the date the accompanying financial statements were available to be issued.

NOTES TO THE FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (the FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Interest-bearing cash: Interest-bearing cash consists of money market investments. The carrying value is believed to be representative of its fair value based on its short term nature and are classified within level 1 of the valuation hierarchy.

Common stock, preferred stock and corporate bonds: These investments are public investment vehicles valued daily at the closing price reported on an active market using observable inputs and are classified within level 1 of the valuation hierarchy.

PRECEPT 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

3. FAIR VALUE MEASUREMENTS – (Continued)

Registered investment companies: These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

5. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the trustee of the Plan, has certified to the completeness and accuracy of the following information which is included in the financial statements and supplemental schedule as of December 31, 2012 and 2011, and for the year ended December 31, 2012:

PRECEPT 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

6. TAX STATUS

The Company adopted a Volume Submitter Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS), on January 15, 2010, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. The Plan has since been amended. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by Charles Schwab Bank, the trustee of the Plan. The Plan paid \$6,172 in contract and third party administration fees to Charles Schwab Bank and Actuarial Designs & Solutions, Inc. during 2012. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
