Note 1: Description of the Plan

The following description of Karl Strauss Breweries 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Associated Microbreweries, Ltd. and Associated Microbreweries, Inc. collectively referred to as the "Company." All Company employees are eligible to participate in the Plan if they meet the requirements of being at least 21 years of age, have completed one year of service and are credited with 1,000 hours of service during that 12 month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 75% of pre-tax annual compensation or the federal maximum, whichever is less, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. The Company may make a discretionary matching employer contribution by matching the participant's contribution equal to a uniform percentage of the participant's salary deferrals determined by the Company. The Company may also make a discretionary non-elective employer profit sharing contribution. For the year ended December 31, 2012, the Company elected to make discretionary matching employer contributions of $53,140. During the year ended December 31, 2012, the Company did not elect to make any additional non-elective employer profit sharing contributions.

Participant Accounts

Each participant's account is credited/debited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings/losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company's discretionary matching and discretionary non-elective employer profit sharing contribution plus actual earnings thereon based on years of continuous service. A participant vests 20% each year and is 100% vested in Company contributions after five years of credited service.

Investment Options

The Plan provides participants with various investment options including a money market account and several mutual funds. Plan participants may direct the change of their investment options.

Note 1: Description of the Plan, Continued

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum equal to $1,000 and a maximum equal to the lesser of $50,000 or 50% of the vested interest in their account. The transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Notes receivable from participants terms range from one to five years or more for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is paid ratably through payroll deductions. An outstanding note receivable can be paid in full at any time and must be repaid before a new note receivable can be made.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or deferment over a period not exceeding the participant's age of 59 ½. For termination of service due to other reasons, a participant may receive or rollover into a qualified plan the value of the vested interest in his or her account as a lump-sum distribution, net of tax withholdings, if applicable. The Plan allows for in-service withdrawals by participants who have attained the normal retirement age of 59 ½. A participant may also receive hardship withdrawals, subject to certain limitations, as defined in the Plan document.

Forfeitures

Forfeitures are made available to pay any administrative expenses and reduce employer contributions. During the year ended December 31, 2012, there was $1,365 applied to pay administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2: Summary of Significant Accounting Policies, Continued

Notes Receivable from Participants

Notes receivable are reported at their unpaid principal balances plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

Administrative expenses are paid by the Company. Certain administrative processing fees are charged to the participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Financial Statement Presentation

Certain amounts in the 2011 financial statements have been reclassified to conform to the 2012 presentation.

New Accounting Pronouncements

In July 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2013-09, *Deferral of the Effective Date of Certain Disclosures for Nonpublic Employee Benefit Plans in Update No. 2011-04*. ASU 2013-09 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures* ("ASC 820") to defer indefinitely the effective date of certain required disclosures in ASU 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS.* ASU 2013-09 applies to disclosures of certain quantitative information about the significant unobservable inputs used in Level 3 fair value measurements for investments held by certain employee benefit plans, plans not subject to Securities and Exchange Commission filing requirements. The amendments are effective immediately, for all financial statements that have not been issued. The provisions of ASU 2013-09 are not expected to have a material impact on the Plan's financial statements.

Note 2: Summary of Significant Accounting Policies, Continued

New Accounting Pronouncements, Continued

Plan management reviewed all newly issued accounting pronouncements and concluded that these accounting pronouncements are either not applicable to the Plan, or that no material effect is expected to the financial statements.

Note 3: Information Certified by the Plan's Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by MG Trust Company, LLC, the trustee:

	December 31,	
	2012	2011
Investments	$ 2,681,311	$ 2,030,317

The accompanying statement of changes in net assets available for benefits reflects changes to the investments certified by the trustee during the year ended December 31, 2012.

Each of the following investment funds represents at least 5% or more of the net assets available for benefits:

	December 31,	
	2012	2011
American Funds Growth	$ 581,217	$ 389,680
American Funds New Perspective	277,147	216,254
American Funds Income	256,780	211,376
American Funds EuroPacific	254,241	192,556
American Funds Fundamental Investors	210,215	148,269
American Funds Washington Mutual	176,597	140,759
American Funds American Balanced	143,260	116,849
American Funds Investment Company	137,068	113,669

Note 4: Fair Value Measurement

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). There are three levels of the fair value hierarchy under FASB ASC 820. Level 1 inputs are quoted market prices in active markets for identical investments that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the Plan's investments, either directly or indirectly. Level 3 inputs are unobservable inputs for the Plan's investments.

Note 4: Fair Value Measurement, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds - These investments are valued at quoted market prices in an exchange and active market, which represents the net asset values of the shares held by the Plan at year end and the Plan has concluded that these investments should be classified as Level 1.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan has concluded that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A summary of Plan investments measured at fair value is as follows:

		Fair Value Measurement Using:
December 31, 2012	Fair Value	Quoted Market Price (Level 1)
Cash - money market	$ 91,374	$ 91,374
Mutual funds:		
Large-cap	1,105,097	1,105,097

Note 5: Party-in-interest Transactions

Certain Plan investments are managed by MG Trust Company, LLC. MG Trust Company, LLC is the trustee as defined by the Plan and is a party-in-interest. Digital Retirement Solutions is the record-keeper and the administrative provider for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan incurred certain administrative services of $2,333 for the year ended December 31, 2012.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their employer contributions.

Note 7: Tax Status

The Plan has adopted a Digital Retirement Solutions Prototype 401(k) Plan that the Internal Revenue Service approved by a letter dated March 31, 2008. The Plan has been amended since receiving the last determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Tax Status, Continued

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and believes there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 to Schedule H of Form 5500:

Net assets available for benefits per the financial statements	$ 2,733,700
