Eye Specialists of Mid-Florida, P. A. 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Eye Specialists of Mid-Florida, P. A. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering substantially all full-time employees of Eye Specialists of Mid-Florida, P. A. (the "Company") who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Plan Amendment

Effective January 1, 2012, the Plan was amended to appoint Capital Bank and Trust, Trustee of the Plan, and designate Daniel W. Welch, M.D. and David M. Loewy, M.D., Special Trustees of the Plan.

Contributions

Each year participants may contribute up to 100% of eligible compensation, as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 100% of the first 3% and 50% of the next 2% of compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the discretion of the Company's Board of Directors. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Participants may change their investment options at any time via the telephone or internet.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's matching and discretionary contribution and (b) Plan earnings, and charged with benefit payments and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant does not begin to vest until year two (20%) and increases ratably until fully vested in year six or upon the events of death, disability or attaining normal retirement age with five years of credited service. Normal retirement age is 55.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a single lump sum amount equal to the value of the participant's vested interest in his or her account or installments over a fixed period of time, not more than the participant's assumed life expectancy. Participants may make withdrawals from voluntary contributions upon attaining age 59½ or may make hardship withdrawals from voluntary contributions upon demonstrating immediate and extreme financial need.

Forfeited Accounts

Any non-vested amounts remaining after distribution of a terminated participant's vested account balance are forfeited. Forfeitures may be used to reduce employer contributions and/or pay Plan expenses. In 2012, forfeitures of $10,090 were used to pay Plan expenses. At December 31, 2012 and 2011, forfeited non-vested accounts totaled $994 and $943, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting except for benefit payments, which are reported on a cash basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative costs of the Plan are paid directly by the Company.

3. Information Prepared and Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the auditor not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan administrator has obtained a certification from the Trustee that the information provided to the Plan administrator by the Trustee as of December 31, 2012 and for the year ended December 31, 2012, is complete and accurate. Such information includes all investments, investment dividends and interest, investment gains and losses, and the information in the supplemental schedule of assets held for investment purposes at end of year.

No such certification was obtained for the year ended December 31, 2011.

The following presents investments that represent 5% or more of the Plan's net assets:

December 31,	**2012**	2011
Mutual Funds:		
American Funds Money Market Funds	**$ 1,600,813**	$ *
American Funds 2015 Target Date Retirement Fund	**1,018,523**	879,130

American Funds 2025 Target Date Retirement Fund	**514,568**	*
Capital World Growth & Income Fund	**506,171**	*

**Represents less than 5% of net assets*

During 2012 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Year Ended December 31,	**2012**
Mutual Funds	**$ 879,330**

4. Fair Value Measurements

The Plan measures and reports its financial assets and liabilities using a three-tier hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

Assets at Fair Value as of December 31, 2012

	Level 1	Total Fair Value
Mutual funds:		
Target date funds	**$ 4,417,326**	**$ 4,417,326**
Growth funds	**1,304,994**	**1,304,994**
Growth & income funds	**1,582,915**	**1,582,915**
Bond funds	**534,521**	**534,521**
Money market funds	**1,600,813**	**1,600,813**
Total assets at fair value	**$ 9,440,569**	**$ 9,440,569**

Assets at Fair Value as of December 31, 2011

	Level 1	Total Fair Value
Mutual funds:		
Target date funds	$ 4,195,116	$ 4,195,116
Growth funds	1,429,261	1,429,261
Growth & income funds	1,176,641	1,176,641
Bond funds	751,587	751,587
Money market funds	42,545	42,545
Total assets at fair value	$ 7,595,150	$ 7,595,150

5. Party-in-Interest Transactions

American Funds (part of The Capital Group Companies) is the custodian of the Plan's investments. Plan investments include shares of mutual funds within the American Funds portfolio of funds. Therefore, these transactions qualify as party-in-interest transactions. These investments represent 83% and 76% of the Plan's net assets at December 31, 2012 and 2011, respectively.

Matthews Benefit Group, Inc. is the Plan's third party administrator and qualifies as a party-in-interest. Fees paid to Matthews Benefit Group, Inc. amounted to $4,875 for 2012.

Wells Fargo Advisors, LLC provides financial and consulting services and qualifies as a party-in-interest. Fees paid to Wells Fargo Advisors, LLC were absorbed by the Company.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer discretionary contributions.

7. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated July 7, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, in the opinion of the Plan's Administrator, the Plan is currently designed and being operated in compliance with the applicable requirements in the IRC and qualifies the Plan and related trust for tax-exempt status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and/or Department of Labor. The

Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's open tax years subject to examination by the Internal Revenue Service generally remain open for three years from the date of filing.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

The Company has evaluated events and transactions occurring subsequent to December 31, 2012 as of September 6, 2013 which is the date the financial statements were available to be issued. Subsequent events occurring after September 6, 2013 have not been evaluated by management. No material events have occurred since December 31, 2012 that require recognition or disclosure in the financial statements.
