We were engaged to audit the accompanying financial statements of the Sloan Valve Company Savings and Investment Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Prudential Bank & Trust FSB and Prudential Retirement Insurance and Annuity Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certification from the custodians as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held At End Of Year) as of December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The Sloan Valve Company ("the Company") Savings and Investment Plan ("the Plan") is a contributory defined contribution plan established by Sloan Valve Company ("the Company") to provide a savings and investment plan for the benefit of substantially all employees. The following description of the Plan provides only general information; participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all regular employees of the Company who have 60 days of eligible service and all temporary/intern employees who have 120 days of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration: In accordance with the plan agreement, the Plan is administered by a committee appointed by the Board of Directors of the Company. Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, conducting business under the trade name Prudential Trust Company, ("the Custodians"), hold plan assets in pooled separate accounts, mutual fund accounts, and an unallocated group annuity contract. Prudential Bank & Trust, F.S.B. is the trustee of the Plan.

Contributions: Participants may contribute up to 75% of annual pre-tax or after-tax compensation, as defined in the Plan and subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation that a participant contributes to the Plan.

Additionally, the Company may make a discretionary contribution in such amount as the Company's Board of Directors may determine. For the year ended December 31, 2012, no such contributions have been made.

Participant Accounts: Each participant's account is credited with the participant's contributions, and an allocation of (1) the Company's contributions, (2) plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in all contributions plus actual earnings thereon.

Payment of Benefits: The Plan allows participants to withdraw amounts for reason of financial hardship and after attaining the age of 59½. Except for reasons of hardship and withdrawal at or after the age of 59½ or qualified notes as described below, participants may not elect withdrawals on their accounts until they terminate employment, at which time participants may elect to receive distributions as a lump-sum amount or partial payments.

Retirement, Death and Disability: A participant is entitled to 100 percent of his or her account balance upon retirement, death or disability.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes bear interest at a rate determined under the provisions of the Plan as Prime +1%, and each participant note is considered an investment of that participant's account. Principal and interest are paid through payroll deductions.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Administrative Expenses: Loan origination fees associated with notes receivable from participants and the Plan's recordkeeping and trustee fees are paid by the Plan or the Company and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds a direct interest in such contracts through its investment in a group annuity contract. No adjustments from fair value to contract value are presented in the statements of net assets available for benefits as the estimated fair value of the fully benefit-responsive contract approximated contract value as of December 31, 2012 and 2011.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. There is no allowance for credit losses, as repayments of principal and interest are received through payroll deductions, and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Contributions: Participant contributions and the matching Company contributions are recognized during the period in which the related compensation is earned.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from those estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(Continued)

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, the Plan's assets will be distributed to participants or their beneficiaries in accordance with the Plan's provisions.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company ("PRIAC"), the custodians of the Plan. This information has not been audited by independent accountants.

NOTE 5 - INVESTMENTS

The following table presents the fair values of investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011.

	2012	2011
Group annuity contract:		
Prudential Retirement Insurance & Annuity Company Guaranteed Income Fund	$ 7,350,068	$ 6,194,403
Mutual funds:		
Fidelity Advisor New Insights A	2,632,575	1,951,798
Goldman Sachs Small Cap Value A	1,827,634	1,486,142

Thornburg International Value R4	4,737,876	3,967,058
BlackRock Equity Dividend R	2,537,912	2,060,386

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $2,724,443, as follows:

	Year ended December 31, 2012
Pooled separate accounts	$ 51,665
Mutual funds	2,672,778
Net appreciation	$ 2,724,443

NOTE 6 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. Transfers between hierarchy measurement levels are recognized by the Plan as of the end of the reporting period.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Pooled separate account: The fair values of participation units held in the Prudential IncomeFlex Target EasyPath Balanced Fund pooled separate account are based on the net asset values reported by the fund manager as of the financial statement dates and recent transaction prices (Level 2 inputs). The fund is intended to provide a disciplined and diversified investment solution for defined contribution plan participants. The asset allocation is designed to increase the potential that the participant's account balance will provide a reliable source of lifetime income, and consists of approximately 50% equity, 40% fixed income and 10% non-traditional investments. The pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

(Continued)

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

Group annuity contract: The fair value of the group annuity contract has been determined to approximate contract value, based on the lack of contractual maturity, the frequency of re-setting of the contractual interest rate to market rate, the credit quality of the issuer, the liquidity of the contract, and the terms of the contract prohibit transfer or assignment of rights under the contract and provide for all distributions at contract value (Level 3 inputs). Management reviews the contract value and fair value reporting received from PRIAC, the contract issuer, the current terms of the contract, and PRIAC's credit ratings in determining the fair value estimate for the Plan's investment in the group annuity contract. In the 2011 financial statements, as previously reported, this investment was reported to be a stable value pooled separate account issued by Prudential Retirement Insurance and Annuity Company. The 2011 financial statement presentation has been updated to present this as an unallocated group annuity contract issued by Prudential Retirement Insurance and Annuity Company (Issuer), consistent with the 2012 financial statement presentation, based upon Plan management's subsequent review of the applicable investment contract and other information provided by the Issuer. This matter resulted in certain revisions to financial statement disclosures regarding the investment; however, it had no impact on the Plan's net assets available for benefits or changes therein.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 - ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2011, the Plan entered into a fully benefit-responsive group annuity contract with Prudential Retirement Insurance & Annuity Company ("PRIAC"), an indirect wholly owned subsidiary of Prudential Financial, Inc., by investing in the PRIAC Guaranteed Income Fund. PRIAC maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the Issuer or otherwise.

The Plan's investment contract specifies that generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The crediting interest rate of the contract is based on an agreed-upon formula with PRIAC, as defined in the contract agreement, but cannot be less than 1.50%. Such interest rates are reviewed on a semiannual basis for resetting. The key factors that influence future interest crediting rates could include the following: current economic and market conditions; the level of market interest rates; and both the expected and actual experience of a reference portfolio within PRIAC's general account. The resulting gain or loss in the fair value of the investment contract relative to its contract value, if any, is reflected in the statements of net assets available for benefits as an adjustment from fair value to contract value for fully benefit-responsive investment contracts. No adjustment amount is being reported as management has determined that contract value approximates fair value of the contract as of December 31, 2012 and 2011.

	2012	2011
Average yields:		
Based on annualized earnings [1]	1.95%	2.35%
Based on interest rate credited to participants [2]	1.95%	2.35%

[1] Computed by dividing the annualized one-day actual earnings of the contract on the last day of the Plan year by the fair value of the contract investments on the same date.

[2] Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the contract investments on the same date.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds units of pooled separate accounts and a group annuity contract managed by PRIAC, a custodian of the Plan. Therefore, these transactions and the Plan's payment of custodian fees, recordkeeping fees, and investment management fees to the Custodians qualify as party-in-interest investments. Notes receivable from participants also reflect party-in-interest transactions.

(Continued)

NOTE 9 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 2, 2011 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 10 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through September 18, 2013, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

The Committee for the
Sloan Valve Company Savings and
Investment Plan
Franklin Park, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Sloan Valve Company Savings and Investment Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Prudential Bank & Trust FSB and Prudential Retirement Insurance and Annuity Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certification from the custodians as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held At End Of Year) as of December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The Sloan Valve Company ("the Company") Savings and Investment Plan ("the Plan") is a contributory defined contribution plan established by Sloan Valve Company ("the Company") to provide a savings and investment plan for the benefit of substantially all employees. The following description of the Plan provides only general information; participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all regular employees of the Company who have 60 days of eligible service and all temporary/intern employees who have 120 days of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration: In accordance with the plan agreement, the Plan is administered by a committee appointed by the Board of Directors of the Company. Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, conducting business under the trade name Prudential Trust Company, ("the Custodians"), hold plan assets in pooled separate accounts, mutual fund accounts, and an unallocated group annuity contract. Prudential Bank & Trust, F.S.B. is the trustee of the Plan.

Contributions: Participants may contribute up to 75% of annual pre-tax or after-tax compensation, as defined in the Plan and subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation that a participant contributes to the Plan.

Additionally, the Company may make a discretionary contribution in such amount as the Company's Board of Directors may determine. For the year ended December 31, 2012, no such contributions have been made.

Participant Accounts: Each participant's account is credited with the participant's contributions, and an allocation of (1) the Company's contributions, (2) plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in all contributions plus actual earnings thereon.

Payment of Benefits: The Plan allows participants to withdraw amounts for reason of financial hardship and after attaining the age of 59½. Except for reasons of hardship and withdrawal at or after the age of 59½ or qualified notes as described below, participants may not elect withdrawals on their accounts until they terminate employment, at which time participants may elect to receive distributions as a lump-sum amount or partial payments.

Retirement, Death and Disability: A participant is entitled to 100 percent of his or her account balance upon retirement, death or disability.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes bear interest at a rate determined under the provisions of the Plan as Prime +1%, and each participant note is considered an investment of that participant's account. Principal and interest are paid through payroll deductions.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Administrative Expenses: Loan origination fees associated with notes receivable from participants and the Plan's recordkeeping and trustee fees are paid by the Plan or the Company and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds a direct interest in such contracts through its investment in a group annuity contract. No adjustments from fair value to contract value are presented in the statements of net assets available for benefits as the estimated fair value of the fully benefit-responsive contract approximated contract value as of December 31, 2012 and 2011.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. There is no allowance for credit losses, as repayments of principal and interest are received through payroll deductions, and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Contributions: Participant contributions and the matching Company contributions are recognized during the period in which the related compensation is earned.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from those estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(Continued)

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, the Plan's assets will be distributed to participants or their beneficiaries in accordance with the Plan's provisions.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company ("PRIAC"), the custodians of the Plan. This information has not been audited by independent accountants.

NOTE 5 - INVESTMENTS

The following table presents the fair values of investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011.

	2012	2011
Group annuity contract:		
Prudential Retirement Insurance & Annuity Company Guaranteed Income Fund	$ 7,350,068	$ 6,194,403
Mutual funds:

NOTE 6 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. Transfers between hierarchy measurement levels are recognized by the Plan as of the end of the reporting period.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Pooled separate account: The fair values of participation units held in the Prudential IncomeFlex Target EasyPath Balanced Fund pooled separate account are based on the net asset values reported by the fund manager as of the financial statement dates and recent transaction prices (Level 2 inputs). The fund is intended to provide a disciplined and diversified investment solution for defined contribution plan participants. The asset allocation is designed to increase the potential that the participant's account balance will provide a reliable source of lifetime income, and consists of approximately 50% equity, 40% fixed income and 10% non-traditional investments. The pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

(Continued)

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

Group annuity contract: The fair value of the group annuity contract has been determined to approximate contract value, based on the lack of contractual maturity, the frequency of re-setting of the contractual interest rate to market rate, the credit quality of the issuer, the liquidity of the contract, and the terms of the contract prohibit transfer or assignment of rights under the contract and provide for all distributions at contract value (Level 3 inputs). Management reviews the contract value and fair value reporting received from PRIAC, the contract issuer, the current terms of the contract, and PRIAC's credit ratings in determining the fair value estimate for the Plan's investment in the group annuity contract. In the 2011 financial statements, as previously reported, this investment was reported to be a stable value pooled separate account issued by Prudential Retirement Insurance and Annuity Company. The 2011 financial statement presentation has been updated to present this as an unallocated group annuity contract issued by Prudential Retirement Insurance and Annuity Company (Issuer), consistent with the 2012 financial statement presentation, based upon Plan management's subsequent review of the applicable investment contract and other information provided by the Issuer. This matter resulted in certain revisions to financial statement disclosures regarding the investment; however, it had no impact on the Plan's net assets available for benefits or changes therein.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 - ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2011, the Plan entered into a fully benefit-responsive group annuity contract with Prudential Retirement Insurance & Annuity Company ("PRIAC"), an indirect wholly owned subsidiary of Prudential Financial, Inc., by investing in the PRIAC Guaranteed Income Fund. PRIAC maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the Issuer or otherwise.

The Plan's investment contract specifies that generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The crediting interest rate of the contract is based on an agreed-upon formula with PRIAC, as defined in the contract agreement, but cannot be less than 1.50%. Such interest rates are reviewed on a semiannual basis for resetting. The key factors that influence future interest crediting rates could include the following: current economic and market conditions; the level of market interest rates; and both the expected and actual experience of a reference portfolio within PRIAC's general account. The resulting gain or loss in the fair value of the investment contract relative to its contract value, if any, is reflected in the statements of net assets available for benefits as an adjustment from fair value to contract value for fully benefit-responsive investment contracts. No adjustment amount is being reported as management has determined that contract value approximates fair value of the contract as of December 31, 2012 and 2011.

	2012	2011
Average yields:		
Based on annualized earnings [1]	1.95%	2.35%
Based on interest rate credited to participants [2]	1.95%	2.35%

[1] Computed by dividing the annualized one-day actual earnings of the contract on the last day of the Plan year by the fair value of the contract investments on the same date.

[2] Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the contract investments on the same date.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds units of pooled separate accounts and a group annuity contract managed by PRIAC, a custodian of the Plan. Therefore, these transactions and the Plan's payment of custodian fees, recordkeeping fees, and investment management fees to the Custodians qualify as party-in-interest investments. Notes receivable from participants also reflect party-in-interest transactions.

(Continued)

NOTE 9 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 2, 2011 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 10 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through September 18, 2013, which is the date the financial statements were available to be issued.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Sloan Valve Company Savings and Investment Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Prudential Bank & Trust FSB and Prudential Retirement Insurance and Annuity Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certification from the custodians as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held At End Of Year) as of December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The Sloan Valve Company ("the Company") Savings and Investment Plan ("the Plan") is a contributory defined contribution plan established by Sloan Valve Company ("the Company") to provide a savings and investment plan for the benefit of substantially all employees. The following description of the Plan provides only general information; participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all regular employees of the Company who have 60 days of eligible service and all temporary/intern employees who have 120 days of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration: In accordance with the plan agreement, the Plan is administered by a committee appointed by the Board of Directors of the Company. Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, conducting business under the trade name Prudential Trust Company, ("the Custodians"), hold plan assets in pooled separate accounts, mutual fund accounts, and an unallocated group annuity contract. Prudential Bank & Trust, F.S.B. is the trustee of the Plan.

Contributions: Participants may contribute up to 75% of annual pre-tax or after-tax compensation, as defined in the Plan and subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation that a participant contributes to the Plan.

Additionally, the Company may make a discretionary contribution in such amount as the Company's Board of Directors may determine. For the year ended December 31, 2012, no such contributions have been made.

Participant Accounts: Each participant's account is credited with the participant's contributions, and an allocation of (1) the Company's contributions, (2) plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in all contributions plus actual earnings thereon.

Payment of Benefits: The Plan allows participants to withdraw amounts for reason of financial hardship and after attaining the age of 59½. Except for reasons of hardship and withdrawal at or after the age of 59½ or qualified notes as described below, participants may not elect withdrawals on their accounts until they terminate employment, at which time participants may elect to receive distributions as a lump-sum amount or partial payments.

Retirement, Death and Disability: A participant is entitled to 100 percent of his or her account balance upon retirement, death or disability.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes bear interest at a rate determined under the provisions of the Plan as Prime +1%, and each participant note is considered an investment of that participant's account. Principal and interest are paid through payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Administrative Expenses: Loan origination fees associated with notes receivable from participants and the Plan's recordkeeping and trustee fees are paid by the Plan or the Company and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds a direct interest in such contracts through its investment in a group annuity contract. No adjustments from fair value to contract value are presented in the statements of net assets available for benefits as the estimated fair value of the fully benefit-responsive contract approximated contract value as of December 31, 2012 and 2011.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. There is no allowance for credit losses, as repayments of principal and interest are received through payroll deductions, and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Contributions: Participant contributions and the matching Company contributions are recognized during the period in which the related compensation is earned.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from those estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, the Plan's assets will be distributed to participants or their beneficiaries in accordance with the Plan's provisions.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company ("PRIAC"), the custodians of the Plan. This information has not been audited by independent accountants.

NOTE 5 - INVESTMENTS

The following table presents the fair values of investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2012 and 2011.

	2012	2011
Group annuity contract:		
Prudential Retirement Insurance & Annuity Company Guaranteed Income Fund	$ 7,350,068	$ 6,194,403
Mutual funds:		
Fidelity Advisor New Insights A	2,632,575	1,951,798
Goldman Sachs Small Cap Value A	1,827,634	1,486,142
Lord Abbett Fundamental Equity R2	2,613,607	2,565,918
Invesco S&P 500 Index A	3,732,628	3,293,283
PIMCO Total Return R	3,100,300	2,434,572

Thornburg International Value R4	4,737,876	3,967,058
BlackRock Equity Dividend R	2,537,912	2,060,386

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $2,724,443, as follows:

	Year ended December 31, 2012
Pooled separate accounts	$ 51,665
Mutual funds	2,672,778
Net appreciation	$ 2,724,443

NOTE 6 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. Transfers between hierarchy measurement levels are recognized by the Plan as of the end of the reporting period.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Pooled separate account: The fair values of participation units held in the Prudential IncomeFlex Target EasyPath Balanced Fund pooled separate account are based on the net asset values reported by the fund manager as of the financial statement dates and recent transaction prices (Level 2 inputs). The fund is intended to provide a disciplined and diversified investment solution for defined contribution plan participants. The asset allocation is designed to increase the potential that the participant's account balance will provide a reliable source of lifetime income, and consists of approximately 50% equity, 40% fixed income and 10% non-traditional investments. The pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

Group annuity contract: The fair value of the group annuity contract has been determined to approximate contract value, based on the lack of contractual maturity, the frequency of re-setting of the contractual interest rate to market rate, the credit quality of the issuer, the liquidity of the contract, and the terms of the contract prohibit transfer or assignment of rights under the contract and provide for all distributions at contract value (Level 3 inputs). Management reviews the contract value and fair value reporting received from PRIAC, the contract issuer, the current terms of the contract, and PRIAC's credit ratings in determining the fair value estimate for the Plan's investment in the group annuity contract. In the 2011 financial statements, as previously reported, this investment was reported to be a stable value pooled separate account issued by Prudential Retirement Insurance and Annuity Company. The 2011 financial statement presentation has been updated to present this as an unallocated group annuity contract issued by Prudential Retirement Insurance and Annuity Company (Issuer), consistent with the 2012 financial statement presentation, based upon Plan management's subsequent review of the applicable investment contract and other information provided by the Issuer. This matter resulted in certain revisions to financial statement disclosures regarding the investment; however, it had no impact on the Plan's net assets available for benefits or changes therein.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 - ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2011, the Plan entered into a fully benefit-responsive group annuity contract with Prudential Retirement Insurance & Annuity Company ("PRIAC"), an indirect wholly owned subsidiary of Prudential Financial, Inc., by investing in the PRIAC Guaranteed Income Fund. PRIAC maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the Issuer or otherwise.

The Plan's investment contract specifies that generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The crediting interest rate of the contract is based on an agreed-upon formula with PRIAC, as defined in the contract agreement, but cannot be less than 1.50%. Such interest rates are reviewed on a semiannual basis for resetting. The key factors that influence future interest crediting rates could include the following: current economic and market conditions; the level of market interest rates; and both the expected and actual experience of a reference portfolio within PRIAC's general account. The resulting gain or loss in the fair value of the investment contract relative to its contract value, if any, is reflected in the statements of net assets available for benefits as an adjustment from fair value to contract value for fully benefit-responsive investment contracts. No adjustment amount is being reported as management has determined that contract value approximates fair value of the contract as of December 31, 2012 and 2011.

	2012	2011
Average yields:		
Based on annualized earnings [1]	1.95%	2.35%
Based on interest rate credited to participants [2]	1.95%	2.35%

[1] Computed by dividing the annualized one-day actual earnings of the contract on the last day of the Plan year by the fair value of the contract investments on the same date.

[2] Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the contract investments on the same date.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds units of pooled separate accounts and a group annuity contract managed by PRIAC, a custodian of the Plan. Therefore, these transactions and the Plan's payment of custodian fees, recordkeeping fees, and investment management fees to the Custodians qualify as party-in-interest investments. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 9 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 2, 2011 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 10 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through September 18, 2013, which is the date the financial statements were available to be issued.
