NOTE 1. PLAN DESCRIPTION

The following description of the Bunim/Murray Productions 401(k) Retirement Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees who have been employed by Bunim/Murray Productions (the "Company" and the "Plan Sponsor") and completed 1,000 hours within a calendar year or within the first year of employment. The Plan excludes all leased employees, self-employed individuals, independent contractors, cast members and hosts. The Plan was effective on January 1, 2012 and started accepting employee deferrals on October 1, 2012. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute from one percent to 100 percent of pretax annual compensation, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan.

The Plan also includes an automatic enrollment provision that all eligible employees are automatically enrolled at a deferral rate of four percent of eligible compensation.

The Plan provides for Company qualified non-elective contributions ("QNEC"). For the year ended December 31, 2012, the Company made a QNEC of $5,292 to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Forfeitures

Forfeitures may be used to pay Plan administrative expenses. During the year ended December 31, 2012, no forfeitures were utilized. As of December 31, 2012 forfeitures of $144 are available for future use.

Participant Loans

The Plan does not permit loans.

NOTE 1. PLAN DESCRIPTION (Continued)

Payment of Benefits

When eligible, a participant may receive the value of the vested interest in his or her account as a lump sum distribution, as defined in the Plan.

Plan Termination

The Company has the right to amend or terminate the Plan at any time, subject to the provisions of ERISA. If the Plan is terminated, the rights of all participants to their interests in the Plan will become fully vested and nonforfeitable.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Transamerica Life Insurance Company (the "Custodian").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Benefits Payable to Participants

Benefits are recorded when paid.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Through participant direction, approximately 45 percent of the Plan's net assets are invested in the BlackRock Global Allocation Fund.

Investment Valuation and Income Recognition

All Plan investments are reported at fair value. Accounting principles generally accepted in the United States of America require that for fully benefit-responsive investment contracts the amount representing the difference between the fair value and the contract value be presented on the face of the statement of net assets available for plan benefits.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

As of December 31, 2012, there was no difference between the contract value and fair value for the Transamerica Stable Value Fund. The investments and changes therein of the funds have been reported to the Plan by the Custodian using fair value.

Investments are valued daily. Interest income is recorded on an accrual basis. Dividend income is included in net appreciation of investments.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Custodian and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

Pooled Separate Accounts – Valued at the net asset value ("NAV") of shares held by the Plan at year-end. The NAV of Pooled Separate Accounts ("PSA") is based on the readily available market value of its underlying investments. The PSA NAV is not a publicly-quoted price in an active market, therefore, the PSA are classified as Level 2 within the valuation hierarchy.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

Guaranteed Income Fund – The Guaranteed Income Fund ("GIF") is a fully benefit-responsive investment fund and is classified as a Level 2 investment. The GIF is valued based upon the participant contributions made in the fund, plus earnings from money market funds and one-year U.S. Treasury bills, less withdrawals and fees.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The PSA do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

All of the Plan's investments are Level 2 and the following table sets forth, by investment type, the Plan's investments at fair value as of December 31, 2012:

PSA:	
Blend funds	$ 243,723
Fixed income funds	30,773
Growth funds	39,148
Value funds	54,890
Total PSA	368,534
Guaranteed Income Fund	8,539
Total investments at fair value	$ 377,073

NOTE 3. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

The following presents investments that represent five percent or more of the Plan's net assets at December 31, 2012:

American Funds EuroPacific Growth Fund	$ 19,667
Alger Capital Appreciation Fund	26,772
BlackRock Global Allocation Fund	174,123
American Funds Washington Mutual Fund	28,891
JPMorgan U.S. Equity Fund	19,615

NOTE 3. INVESTMENTS (Continued)

For the year ended December 31, 2012, net appreciation of investments in registered investment companies (mutual funds) held in pooled separate accounts was $6,433.

The Plan has entered into a fully benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Since the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the fund. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Transamerica or otherwise. The crediting interest rate is based on a formula agreed upon with Transamerica. Such interest rates are reset monthly as of the beginning of each month.

Certain events limit the ability of the Plan to transact at contract value with Transamerica, such as a significant decline in the credit worthiness of Transamerica. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 4. TAX STATUS

The Plan is a prototype plan that is the subject of a favorable opinion letter from the IRS dated March 31, 2008. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The plan administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Transamerica Life Insurance Company is the Custodian of the Plan and holds and manages investments. Transactions with Transamerica Life Insurance Company qualify as party-in-interest transactions for which exceptions exist. Transamerica received $261 for administration fees that were paid by participants through the Plan. Additionally, the third party administrator received indirect compensation of $219 and the brokers received commissions of $3,501 for services rendered.

NOTE 6. FINANCIAL DATA CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Custodian and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments as shown in the accompanying statement of net assets available for plan benefits of $377,073 as of December 31, 2012.

b. Net appreciation of investments of $6,433 and interest income on investments of $15 as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2012.

c. Total assets as of December 31, 2012 as shown in the accompanying Schedule of Assets (Held at End of Year).

NOTE 7. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through July 11, 2013, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements, other than disclosed below.

Effective July 1, 2013, the Plan was amended to decrease the maximum amount participants are allowed to contribute from 100 percent to 85 percent of pretax annual compensation.
