SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Waste Isolation Pilot Plant Savings Plan (the “Plan”), formerly named the Washington Government Environmental Services Savings Plan, is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan.

General: Nuclear Waste Partnership LLC (“NWP”) is the Plan sponsor. Between January 1, 2011, and October 1, 2012, Washington TRU Solutions LLC (“TRU Solutions”), the former contractor, was the Plan sponsor. URS E&C Holdings, Inc. was the Plan sponsor from December 2006 through December 2010. URS E&C Holdings, Inc., (the “Company”) is a division of URS Corporation and is one of the partners of NWP and the parent company of TRU Solutions.

“Employers,” as defined with respect to the Plan are comprised of TRU Solutions and prior to June 1, 2011, West Valley Environmental Services LLC (“West Valley”), majority-owned subsidiaries of the Company. See “Transfers to affiliated plans” in Note 2 for additional information about West Valley participation in the Plan.

The Plan is a defined contribution plan generally covering all employees who (1) are in the regular service of the Employers, (2) are eligible to work in the United States, (3) are not covered by a collective bargaining agreement unless written agreement is made between representative and Employers and (4) are not currently covered by another government contract defined contribution plan of the Employers.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participant accounts: A separate account is maintained for each Plan participant. Participant accounts include voluntary contributions, Employer-match contributions, and an allocation of investment earnings based on the number of shares held in a participant’s account. The benefit to which a participant is entitled at any given time is 100 percent of their contribution, their vested portion of the Employer contributions, and any earnings (losses) attributable to these contributions.

Participant contributions: Participants may contribute from 1 to 35 percent of their annual eligible compensation in increments of one percent on an after-tax basis, pre-tax basis or a combination of both, subject to certain Internal Revenue Code (“IRC”) limitations. Eligible compensation, as defined by the Plan, includes wages and other payments for which the Employers are required to furnish the participant a written statement on Form W-2, exclusive of incentive payments as defined in the Plan. Participants age 50 and over may make additional “catch-up” contributions, subject to certain IRC limitations. Participants may also contribute amounts representing distributions from other qualified IRC 401(a) defined contribution plans.

Employer contributions: The Employers contribute 50 percent of the first 6 percent of a participant’s annual eligible compensation contributed to the Plan.

Investment options: Participants may direct contributions, including the Employer-match, in one percent increments into a variety of diversified investment fund options allowed by the Plan. Participants may change their investment options at any time.

Vesting: Participants are immediately vested in their contributions, including earnings thereon. Participants vest in Employer contributions over a five-year period at 20 percent per year. For full-time employees and those regularly scheduled to work more than twenty-four (24) hours per week, vesting service is earned in fractional years based on a decimal ratio of actual calendar days of service to the number of days in that year. For employees regularly scheduled to work less than 24 hours a week, one year of vesting service is earned for each Plan year that a participant is credited with at least 1,000 hours of service and fractional years are earned

for calendar years in which less than 1,000 hours are worked. Upon retirement or death, participants are vested immediately.

Payment of benefits: When a participant separates from service prior to age 65 and the participant's vested account balance is \$1,000 or less at the time of separation, such account will be distributed in a lump sum within ninety days following the participant's separation from service date (or as soon as practicable thereafter). If a participant's account balance is more than \$1,000, the participant may retain the account balance in the Plan until age 65. If a participant has separated from service and is age 65 or older, the Plan shall begin distribution of the participant's account. Active participants may apply for a withdrawal from their account if they are over age 59½ or show financial hardship. Retired participants must commence receiving required minimum distributions after attainment of age 70½. Upon a participant's death, the designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Forfeitures: Participants who terminate employment may receive a distribution of their vested account balance. The non-vested portion of their account, if any, is forfeited and used to reduce Employer contributions. However, no amounts will be forfeited due to transfer of employment to URS Corporation (or any of its at least 50%- owned subsidiaries). During the years ended December 31, 2012 and 2011, Employer contributions were reduced by \$10,422 and \$25,038, respectively, from non-vested accounts. The assets in the Plan related to forfeited non-vested accounts at December 31, 2012 and 2011 were \$0 and \$4,537, respectively.

Notes receivable from participants: Participants may borrow from \$1,000 to \$50,000, not to exceed 50% of their vested balance. Participant loans are secured by the balance in the participant's account. The duration of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence, which is not to exceed ten years. A participant may have no more than two outstanding loans at any one time. Interest rates are fixed for the term of the loan and are established based on the prime interest rate plus one percent, updated monthly. Notes receivable from participants bear interest at rates that range from 4.25 % to 9.25 % per loan report at December 31, 2012 and 2011. Principal and interest are repaid ratably through payroll deductions.

Plan termination: Although the Employers have expressed no intent to do so, the Plan gives the Employers the right to discontinue its contributions or to terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination, participants become 100 percent vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Recently Adopted Accounting Standards: In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*. This guidance amends the application of existing fair value measurement requirements, while other amendments change a particular principle in existing fair value measurement guidance. In addition, this guidance requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual

periods beginning after December 15, 2011. This ASU has been adopted, as required. The adoption of this guidance had no effect on the Statements of Net Assets Available for Benefits or the Statements of Changes in Net Assets Available for Benefits.

Valuation of investments: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 4 for a description of fair value measurements under the Accounting Standards Codification ("ASC") 820).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from these estimates.

Payment of benefits: Benefit payments to participants are recorded upon distribution. As of December 31, 2012 and 2011, there were no elected distributions that were paid in the following year.

Administrative expenses: For 2012 and 2011, certain administrative expenses related to the Plan were paid by the Plan as provided by the Plan document. The Company provides accounting and other administrative services to the Plan at no charge.

On March 5, 2012, the Plan transferred \$3,725,482 in assets that belong to legacy retirees and former employees who are not covered under the Plan to the URS Corporation 401(k) Retirement Plan ("the URS Plan"), the parent company's 401(k) plan.

On May 31, 2011, the Plan transferred \$49,875,645 in assets to a newly created plan, the West Valley Savings Plan. The West Valley Savings Plan covers active employees, former employees, and retirees of the West Valley Demonstration Project site. On June 30 and September 30, 2011, \$31,513,449 and \$24,927, respectively, in assets that belong to legacy retirees and former employees who are not covered under the Plan were transferred to the URS Plan.

The trustee and record keeper for the Plan and the West Valley Savings Plan continues to be T. Rowe Price. On August 29, 2011, West Valley Environmental Services LLC ceased to be the management and operating contractor at the West Valley Demonstration Project. The sponsorship of the West Valley Savings Plan changed to the new contractor at West Valley, CH2M Hill B&W West Valley LLC, as directed by the Department of Energy.

Subsequent Events: The Plan Sponsor has evaluated subsequent events through September 19, 2013, the date which the financial statements were available to be issued.

3. INVESTMENTS

The Plan provides for various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

As of December 31,	Fair Value	
	2012	2011
T. Row Price Stable Value Fund	\$22,579,099	\$23,620,410
T. Row Price Growth Stock Fund	6,233,457	5,797,033
T. Row Price Equity Index Trust	4,886,535	4,939,563
T. Row Price Capital Appreciation Fund	3,336,745	3,294,630

During the years ended December 31, 2012, and 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

For the Years Ended December 31,	2012	2011
Mutual funds	\$3,878,558	\$1,088,750
Common trust funds, excluding fully benefit-responsive contracts	<u>721,378</u>	<u>513,722</u>
Net appreciation in fair value of investments	<u>\$4,599,936</u>	<u>\$1,602,472</u>

The classification of investment earnings reported above and in the Statements of Changes in Net Assets Available for Benefits may differ from the classification of earnings on the Form 5500 due to different reporting requirements on the Form 5500.

4. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). When available, the Master Trust and the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan had the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none"> Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

Following is a description of the hierarchy and valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used in December 31, 2012 and 2011.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common trust funds: Stated at fair value based on the quoted market prices of the underlying assets, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Stable value fund: Valued at the net asset value (NAV) of its underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

Financial Accounting Standards Board Update 2009-12, *Fair Value Measurement and Disclosure (Topic 820): Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)* requires disclosures of certain attributes in entities that calculate a net asset value per share (or its equivalent) and do not have a readily determinable fair value. The following table sets forth the disclosure of the attributes at December 31, 2012 and 2011:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
<u>As of December 31, 2012</u>				
Stable value fund ^(a)	\$ 22,579,099	--	Daily	None
Common trust funds ^(b)	5,978,460	--	Daily	None
<u>As of December 31, 2011</u>				
Stable value fund ^(a)	\$ 23,620,410	--	Daily	None
Common trust funds ^(b)	5,848,864	--	Daily	None

^(a) The objective of the fund is to maximize current income consistent with the maintenance of the investors' principal investment. To achieve this, the Fund invests in a fixed-income security portfolio of fixed-income securities and a value guarantee (wrapper) provided by a third party.

^(b) Investments in stocks that make up the S&P 500® Index, which seeks long-term growth.

Changes in Fair Value Levels: The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2012 and 2011, there were no significant transfers in or out of levels 1, 2 or 3.

5. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the amounts reported in the financial statements and in the Form 5500:

As of the Years Ended December 31,	2012	2011
Net assets available for benefits per the financial statements	\$66,341,922	\$62,299,229

Net increase (decrease) in net assets available for benefits per financial statements	\$ 4,042,693	\$(81,055,768)
Adjustment from fair value to contract value for fully benefit-responsive investment contracts:		
December 31, 2012	930,666	--
December 31, 2011	(823,754)	823,754
December 31, 2010	<u>--</u>	<u>(2,153,098)</u>
Increase (decrease) in net assets available for benefits per Form 5500	<u>\$ 4,149,605</u>	<u>\$(82,385,112)</u>

6. TAX STATUS

The Internal Revenue Service (the “IRS”) has determined and informed the Plan by a letter dated October 27, 2008, that the Plan, as amended through August 2007, was designed in accordance with applicable regulations of the IRC. The Plan has been amended since receiving the determination letter, and a request for a new determination letter was made in January 2013. The Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC and the Plan continues to be tax-exempt. Therefore, no provision for federal income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

7. INFORMATION CERTIFIED BY PLAN TRUSTEE

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing

procedures were performed with respect to the information certified by T. Rowe Price Trust Company, the Trustee, as of December 31, 2012 and 2011.

The information certified by the Trustee were the annual reports and accounting for the years ending December 31, 2012 and 2011, which include beginning and ending balances of assets, and a detailed listing of the transactions in the various funds, including investment earnings and interest income on notes receivable from participants.

8. RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by T. Rowe Price. T. Rowe Price is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.
