Independent Auditor's Report

To the Plan Administrator and Participants
Accutech Films, Inc.
401(k) Profit Sharing Plan
Coldwater, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Accutech Films, Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by State Street Bank and Trust Company, the current trustee of the Plan, and Reliance Trust Company, the former trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustees hold/held the Plan's assets and execute/executed transactions. The Plan Administrator has obtained certifications from the current trustee as of and for the period from May 1, 2012 to December 31, 2012, and the former trustee from January 1, 2012 to April 30, 2012, and as of December 31, 2011, that the information provided to the Plan Administrator by the respective trustee is complete and accurate to the best of their knowledge.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2012, is required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following description of the Accutech Films, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Accutech Films, Inc. (the Company) who have completed one year of eligible service, which is defined as at least 1,000 hours of service, and are age nineteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended January 1, 2010, to include an option for Roth deferrals. Additionally, the Plan was amended July 1, 2010, to include the years of service for employees from other Clondalkin companies to be used in determining eligibility and vesting in the Plan. The Plan was again amended on May 1, 2012, to change the trustee to State Street Bank and Trust Company as directed by the record keeper.

Contributions: Each participant may contribute a portion of their gross pay to the Plan. The amount contributed is tax deferred in accordance with Section 401(k) of the Internal Revenue Code (IRC) with the maximum amount a participant can contribute and defer being limited to certain limits as established by tax laws. The Plan allows individuals who will be at least age 50 by the end of the Plan year to make an additional catch-up contribution, which is limited to \$5,500 annually for the year ended December 31, 2012. Participants may also contribute amounts representing distributions from other qualified defined benefit or compensation plans (rollovers).

The Company matches an amount equal to 100% of the participant's elective deferral not to exceed 2% of the participant's compensation. The employer may also make an additional discretionary profit-sharing contribution to the Plan. There were no additional discretionary contributions to the Plan for the year ended December 31, 2012.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's contribution and an allocation of (a) the Company's discretionary contribution (if any), and (b) Plan earnings and investment gains or losses. Participants are charged with certain transaction fees as they relate to their specific accounts. Allocations of discretionary contributions are based on the ratio of a participant's compensation to the total compensation of all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions and all actual earnings thereon. Vesting in the employer contributions and any actual earnings thereon is determined using a progressive schedule based on years of service. The schedule of vesting begins with two years of service resulting in 20% vesting, and progresses as follows: three years 40%, 4 years 60%, 5 years 80%, and culminates with six years vesting to 100%.

If a participant dies or becomes permanently disabled while still employed with the Company, he or she immediately becomes 100% vested even if he or she otherwise would have a vested interest of less than 100%.

Investment options: Participants may direct contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via direct phone or Internet access.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Payment terms generally range from one to five years. The Plan Administrator may permit a longer term for the purchase of a primary residence. The loans are secured by the vested balance of the participant's account and bear interest at prime plus 1% at the time of the loan. Interest rates for all loans outstanding as of December 31, 2012 were 4.25% – 8.75%. Principal and interest are paid through payroll deductions. There are \$17,183 of notes receivable from participants that are in default that have an account balance in the Plan. All of the balance in default is included in the allowance for doubtful accounts, which is net against the notes from participants.

Payment of benefits: Upon termination of service, a participant may receive a lump-sum payment equal to the value of his or her account, installment payments or partial withdrawals. The Plan permits certain in-service withdrawals upon a participant reaching age 59-1/2. For participants who are terminated and their account balance is \$5,000 or less, a lump-sum payment will be made to them as soon as administratively feasible following the employment termination date.

Forfeitures: Nonvested portions of terminated participants' balances are used to reduce the Company's matching contribution. At December 31, 2012 and 2011, forfeited nonvested accounts totaled \$30. During 2012, \$2,996 of forfeitures were used to reduce the Company's matching contribution.

Expenses of the Plan: Substantially all expenses incurred in the administration of the Plan are paid by the Company. Some administrative expenses are paid by the Plan. Loan origination fees are charged to the borrower/participant.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 5 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value, if any. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions to participants based upon the terms of the Plan document.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Subsequent events: All the effects of subsequent events that provide additional evidence about conditions that existed at the financial statement date, including the estimates inherent in the process of preparing the financial statements, are recognized in the financial statements. The Plan does not recognize subsequent events that provide evidence about conditions that did not exist at the financial statement date but arose after, but before the financial statements are available to be issued. In some cases, nonrecognized subsequent events are disclosed to keep the financial statements from being misleading.

The Plan has evaluated subsequent events (events occurring after December 31, 2012) through September 18, 2013, the date the financial statements were available to be issued.

Accounting pronouncements not yet effective: In October 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2012-04, *Technical Corrections and Improvements*. The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this Update will generally be effective for fiscal periods beginning after December 15, 2013, for non-public entities, except for amendments in this Update for which there was no transition guidance, which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The effect of adopting ASU 2012-04 on subsequent periods has not yet been determined.

Note 3. Information Certified by State Street Bank and Trust Company (Current Trustee) and Reliance Trust Company (Former Trustee) (Collectively Trustees)

The following is a summary of the Plan's asset information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified or provided by the trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that information provided to the Plan Administrator by the trustees related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is the description of the valuation methodologies used for assets measured at fair value. These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2012 and 2011.

Money market funds: Valued at cost, which approximates fair value.

Registered investment companies: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 5. Fair Value Measurements (Continued)

All investments in the statements of net assets available for benefits are reported at fair value. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011.

Description	Assets at Fair Value as of December 31, 2012

	<u>\$ 1,341,558</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,341,558</u>

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2012.

Investment	Fair Value Estimated using NAV Per Share			
	December 31, 2012			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust fund:				
Short Term Investment Fund (a)	\$ 33,310	\$ -	Daily	None
Total	<u>\$ 33,310</u>	<u>\$ -</u>		

- (a) This category seeks to maximize current income, to the extent consistent with the preservation of capital and liquidity, and invests in government securities and repurchase agreements.

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers into or out of Levels 1, 2 or 3.

Note 6. Income Tax Status

Effective 2010, the Plan adopted a prototype plan under the Automatic Data Processing Flexible Defined Contribution Prototype Plan and Trust, which received a favorable opinion letter from the Internal Revenue Service that stated that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan was last amended May 1, 2012. The Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC, and therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

GAAP require Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2009.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Risks and Uncertainties

The Plan's participants invest in various investment securities offered by the Plan. These investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Party-In-Interest Transactions

Parties in interest are defined under the DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan trustees are State Street Bank and Trust Company and Reliance Trust Company. State Street Bank and Trust Company and Reliance Trust Company are the trustees as defined by the Plan for the periods previously noted and, therefore, transactions with the trustees qualify as exempt party-in-interest transactions.
