SENIOR HOME CARE, INC. 401(k) PLAN
CLEARWATER, FLORIDA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

1. Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering employees of the Company who have ninety days of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Each year, participants may contribute up to ninety percent of pretax annual compensation as defined in the Plan subject to annual limitations. Participants may also contribute amounts representing distributions from other qualified defined plans. Participants are limited to a maximum of $17,000 in salary reductions with an additional $5,500 in catch up contributions for employees age 50 and older for the year ended December 31, 2012. The Plan currently offers investments through an insurance and trust fund, which in turn offers the participants the ability to invest in money market and mutual funds at their individual direction. The Company may make a discretionary matching contribution. Participant and Company contributions are subject to certain limitations as defined in the Plan.

c. Participant Accounts

Each participant's account is credited with the (1) participant's contribution, (2) the Company's contribution, if any, and, (3) Plan earnings. Participants direct their account balances among investment accounts maintained by Transamerica Life Insurance Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant's individual vested account.

d. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Vested Percentage
Less than 1	0%
2	50%
3	75%
4	100%

e. Payment of Benefits

On termination of service due to death, disability or retirement, participants, or their beneficiaries, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his account, or annual installments based on a predetermined length of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his account as a lump-sum distribution.

CLEARWATER, FLORIDA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

1. Description of Plan - continued

f. Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

g. Forfeited Accounts

At December 31, 2012 and 2011, forfeited nonvested accounts totaled $13,055 and $16,486, respectively. These accounts will be used to pay Plan expenses or to reduce future Company contributions. The Plan expenses paid from forfeited accounts were $11,650 and $2,870, respectively, for the years ended December 31, 2012 and 2011. Company contributions paid from forfeited accounts were $-0- for years ended 2012 and 2011.

2. Summary of Accounting Policies

a. Date of Management's Review

Subsequent events were evaluated through August 13, 2013, which is the date the financial statements were available to be issued.

b. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The contract value and the fair value of the fully benefit-responsive investment contracts are equal.

c. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

CLEARWATER, FLORIDA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

2. Summary of Accounting Policies - continued

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

e. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

f. Payment of Benefits

Benefits are recorded when paid.

g. Operating Expenses

All expenses of maintaining the Plan are paid by the Plan.

3. Investments

At December 31, 2012 and 2011, the Plan's investments were held by the Custodian, Transamerica Life Insurance Company. The following presents investments that represent 5% or more of the Plan's net assets.

	2012	2011
Transamerica Loomis Sayles Inv Grade Bond	$ 1,008,380	$ 894,575
Transamerica Vanguard Target Ret 2030	653,772	<5%
Transamerica American Funds Europac Growth	710,062	563,308
Transamerica Stable Value Advantage	1,073,524	868,767
Transamerica AEGON Balanced	2,797,508	2,365,124

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,400,781 as follows:

Pooled separate accounts	$ 1,383,168
Investment contract with insurance company	17,613
	$ 1,400,781

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets of identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 - Fair values are based on quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing prices reported on the active market where the individual securities are traded.

Level 2 - Fair values are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly. Observable inputs include quoted market prices in active markets for similar assets, quoted prices in markets that are not active for identical or similar assets and other market observable inputs.

The following tables, set forth by level within fair value hierarchy, provide the Plan's investments at fair value as of December 31, 2012 and 2011.

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Quoted Prices In Active Markets of Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

5. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate its Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Company contributions.

6. **Reconciliation of Financial Statements to Schedule H of Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$ 12,930,366	$ 10,267,499

The following is a reconciliation of contributions received and benefits paid to participants per the financial statement for the year ended December 31, 2012 to Schedule H of Form 5500:

Contributions received from participants per financial statement	$ 1,971,153

Add: 2011 excess contribution refunded		36,231
Benefits paid to participants per Schedule H of Form 5500	$	926,103

7. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated February 18, 2010, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Investment Contract with Insurance Company

The Plan has entered into a benefit-responsive investment contract with Transamerica Life Insurance Company. Transamerica maintains the contributions in general accounts. The accounts are credited with earnings on underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. The contract is presented on the face of the Statements of Net Assets Available for Benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value and fair value were equal at December 31, 2012 and 2011.

SENIOR HOME CARE, INC. 401(k) PLAN
CLEARWATER, FLORIDA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

9. Investment Contract with Insurance Company - continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was $1,073,524 and $868,767, respectively. The crediting interest is based on a rate that is the daily equivalent of the effective annual rate of interest applicable for each month.

Certain events limit the Plan's ability to transact at contract value with Transamerica. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants are probable of occurring.

The investment contract does not permit Transamerica to terminate the agreement prior to the scheduled maturity date.

	2012	2011
Average yields:		
Based on actual earnings	2.00%	2.70%
Based on interest rates credited to participants	2.00%	2.70%

10. Related Party Transactions

Certain Plan investments are shares of pooled separate accounts managed by Transamerica Life Insurance Company. Transamerica is the Custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $57,516 and $53,469 for the years ended December 31, 2012 and 2011, respectively.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

11. Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to be complete and accurate by the Custodian as of December 31, 2012 and 2011. Substantially all investments are participant-directed.
