INDEPENDENT AUDITORS' REPORT

Coastal Deli, Inc. dba Jason's Deli, Sponsor
Coastal Deli, Inc. 401(K) Plan
Corpus Christi, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of the Coastal Deli, Inc. 401(K) Plan (the Plan) as of December 31, 2012 and 2011, which comprise the statements of net assets available for benefits, the statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Coastal Deli, Inc. 401(K) Plan as of December 31, 2012 and 2011, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets Held for Investment Purposes, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United State of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

COASTAL DELI, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2012 and 2011

NOTE 1 – PLAN DESCRIPTION

The following description of the Coastal Deli, Inc. 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Coastal Deli Inc. dba Jason's Deli (the Company) who have completed one year of service, worked 1,000 hours, and attained the age of 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Company contributes, on behalf of each participant, an amount elected by the participant in his or her salary modification agreement. Participants direct the investment of their contributions into various mutual fund options offered by the Plan. Participants can elect to contribute a percentage or fixed amount of their compensation to the Plan, subject to limitations contained in Internal Revenue Code Section 415, which generally apply to highly compensated employees. The Company contributes 20% of the first 6% of base compensation that a participant contributes to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Benefits, normally paid in a lump sum, are distributed upon termination, retirement or hardship. Normal retirement age under the Plan is sixty-five and five years of participation.

Forfeited Accounts

At December 31, 2012 and 2011, forfeited non-vested account balances totaled $191 and $745, respectively. These balances will be used to reduce the employer's contributions.

Notes Receivable from Participants

Participants may borrow one-half of their vested balance in their account up to $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate of 3.25% which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

NOTE 1 – PLAN DESCRIPTION (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings. Vesting in the Company's contributions is based on the number of years of service according to the following schedule:

Years of Services	Vesting Percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through September 23, 2013, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting. Employee contributions are recognized as revenues in the period in which salaries are earned. Employer discretionary contributions are recognized as revenues in the period in which determined. Benefits payable are recognized when due and payable in accordance with terms of the Plan.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Administrative Expenses

Administrative expenses are paid by the Plan unless paid by the Company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for the discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 3 – INVESTMENTS

At December 31, 2012 and 2011, the Plan's net assets held with American Funds Services accounted for in mutual funds are valued based on estimated fair value determined by quoted market prices. The following table presents the estimated fair values of investments. Investments that represent 5 percent or more of the Plan's net assets are separately identified.

	2012	2011
New World Fund	$ 298,111	$ 232,910
EuroPacific Growth Fund	169,864	136,375
Growth Fund of America	155,870	107,788
Capital World Growth and Income	51,721	40,424
New Perspective Fund	49,197	38,171
Capital Income Builder	45,207	36,759
Investment Company of America	42,043	34,207
Other Pooled Funds less than 5% of Net Assets	107,168	84,615
Total Investments	$ 919,181	$ 711,249

The Plan's investments appreciated and (depreciated) in value by $130,611 and ($72,373) in 2012 and 2011, respectively. This included gains and losses on investments bought and sold, as well as held during the year.

Pooled investments of the Plan are participant-directed. The Plan currently sponsors 22 investment funds for participants. Participants are allowed to change their investment election at the employee's discretion via phone or online.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination or complete discontinuance of contributions, participants will become one hundred (100%) percent vested in their accounts.

NOTE 5 – TERMINATED EMPLOYEES

The Plan has a "cash out" provision whereby the Plan can distribute the vested account balance for terminated participants with account balances of $5,000 or less. The Plan had fifteen terminated participants with account balances of $5,000 or less at December 31, 2012. Funds under $5,000 that had not been paid totaled at $11,717 December 31, 2012. The Plan had twenty-one terminated participants with account balances of $5,000 or less at December 31, 2011. Funds under $5,000 that had not been paid totaled $18,536 at December 31, 2011.

NOTE 6 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 4, 2001, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income examination for years prior to 2009.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – FAIR VALUE MEASUREMENTS

The fair value measurement in accordance with current accounting standards, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted process in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). In order to increase the transparency of in financial reporting of fair value measurements, FASB noted that due to different degrees of subjectivity and reliability on fair value measurements between the hierarchy levels, additional information regarding level 3 investments and risks associated with various investments, additional clarification was necessary. In accordance with ASU 2010-06, disclosures for fair value are required to include:

- Transfers between level 1 and level 2 investments
- Activity in level 3 fair value measurements is enhanced
- Disaggregation from major asset category to major asset class

When determining the appropriate level of disaggregation, it is necessary to evaluate the activity of business sector, vintage, geographic concentration, credit quality and economic characteristics.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements
Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liability (for example interest rates, volatilities, credit risks and default rates) or inputs that are derived principally from or corroborated by observable market date by correlation or other means.

Level 3 Fair Value Measurements
These are significant unobservable inputs that reflect an entity's own assumptions that market participants would use in pricing the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2012 and 2011.

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair values of assets and liabilities measured on a recurring basis at December 31, 2012 and 2011, respectively, are as follows:

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Quoted Prices In Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2012				
Mutual Funds:				
Growth funds	$ 673,042	$ 673,042	$ --	$ --
Growth-and-income funds	123,913	123,913	--	--
Equity-income funds	61,277	61,277	--	--
Target-date funds	31,374	31,374	--	--
Bond funds	23,839	23,839	--	--
Cash-equivalent fund	5,736	5,736	--	--
Total	$ 919,181	$ 919,181	$ --	$ --
December 31, 2011				
Mutual Funds:				
Growth funds	$ 515,244	$ 515,244	$ --	$ --
Growth-and-income funds	97,349	97,349	--	--
Equity-income funds	48,873	48,873	--	--
Target-date funds	27,313	27,313	--	--
Bond funds	17,096	17,096	--	--
Cash-equivalent fund	5,374	5,374	--	--
Total	$ 711,249	$ 711,249	$ --	$ --

To estimate their fair value, the Plan uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities, in other words the market approach. The Plan did not have any significant transfers between levels 1 and 2 for the years ended December 31, 2012 and 2011.
