NOTE A - DESCRIPTION OF PLAN

The following description of the Cuhaci & Peterson, LLC 401(k) Plan, (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution, profit sharing plan adopted as of January 1, 2007, and restated January 1, 2009. The Plan was established by Cuhaci & Peterson, LLC (the Employer) covering substantially all employees of the Employer, except leased employees and independent contractors. Participants may make elective deferrals into the Plan immediately upon meeting the eligibility requirements of the Plan. Under the Plan, employees are eligible to participate in the plan after 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

During December 2012 the Plan began the process to switch its trustee from Ascensus to John Hancock and began directing employee contributions to the new trustee. Subsequent to the year ended December 31, 2012, after the required Black-Out period, the remaining assets held in trust to Ascensus were transferred to John Hancock with a processing date of January 4, 2013.

2. Contributions and expenses

Participants may contribute up to 100 percent of their annual compensation, as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Participants age 50 or older are allowed to make catch-up contributions.

The Employer may elect to make qualified matching contributions to the Plan, which is determined each year by the Employer's governing body. The Employer made no matching contributions to the Plan for the year ended December 31, 2012.

Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to limitations.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans or conduit IRA's.

3. Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Employer's contributions, (b) the Plan's earnings and (c) rollover contributions. Allocations are based on participant earnings and account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Accounts are valued on a daily basis.

NOTE A - DESCRIPTION OF PLAN (continued)

4. Vesting

Participants are fully vested immediately for Employer matching contributions and in their elective contributions plus actual earnings thereon.

5. Payment of benefits

The benefit to which a participant is entitled is the benefit that can be provided by the participant's account. Upon termination of service, death, disability, or retirement (age 65), the participant will receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions if a participant reaches age 59 ½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account does not exceed $1,000, the Plan Administrator will authorize the benefit payment without the participant's consent.

6. Notes receivable – loans to participant

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The Plan allows participants to borrow funds from the Plan based on certain conditions. Notes are repaid through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at Prime plus 1%. At December 31, 2012, interest rates ranged from 4.25% to 6.00%.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2. Use of estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Accordingly, upon settlement, actual results may differ from estimated amounts.

3. Investment valuation and income recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Mutual funds represent investments with various investment managers. The fair values of mutual funds are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value. The money market fund is valued at cost which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result ina different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Benefits paid

Benefits are recorded when paid.

5. Subsequent events

The Plan has evaluated subsequent events through August 2, 2013, the date the financial statements were available to be issued.

NOTE C - CORRECTIVE DISTRIBUTIONS

Contributions received from participants in 2012 are net of payments of $7 made in 2013 to a participant to return excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2012.

NOTE D - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

Ascensus, Inc. ("Ascensus"), as agent for the Frontier Trust Company and John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), the trustees of the Plan, have supplied the Plan Administrator with certifications as to the completeness and accuaracy of all investment information and the notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, the statement of changes in net assets available for benefits for the year ended December 31, 2012, and the supplemental schedule of assets (held at end of year) as of December 31, 2012.

NOTE D - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED) (continued)

Investments that represent 5% or more of the Plan's net assets are separately identified as follows:

	2012	2011
American Funds Growth Fund of America	$ 233,009	$ 180,157
American Funds New Perspective Funds	170,933	131,172
American Funds American Balanced Fund	150,887	138,786
Cash Management Trust Fund	150,795	117,678
Principal Investors SAM Balanced Portfolio	143,898	113,091
American Funds New World Fund	135,202	103,748
American Funds American Mutual Fund	97,758	71,561
Principal Investors Conservative Growth Fund	87,421	82,846
American Funds Bond Fund of America	83,536	73,832
Other	165,934	146,847
Participant Loans (Interest 4.25% - 6.00%)	62,756	29,924
	$ 1,476,129	$ 1,189,642

During 2012, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $147,147.

NOTE E - INCOME TAX STATUS

The Plan is operating under a prototype plan designed by the Trustee. The Trustee has received a determination letter from the Internal Revenue Service dated March 31, 2008, which indicates that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the Trustee received the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has conclude that as of December 31, 2012 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Ascensus, and John Hancock, the recordkeepers for the Plan, which qualify as parties-in-interest transactions. Total fees paid to the recordkeepers in 2012 were $1,200.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That Framework provides a fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE I - FAIR VALUE MEASUREMENTS (continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs. There have been no changes in valuation methodologies used at December 31, 2012 and 2011.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
