Independent Auditors' Report

To the Participants and Administrator of Schenck
AccuRate Savings and Investment Plan
Whitewater, Wisconsin

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Schenck AccuRate Savings and Investment Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Trust Company, LLC (formerly Orchard Trust Company, LLC), the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2012 on page 11 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the Schenck AccuRate Savings and Investment Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of Schenck AccuRate, Inc. ("Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Employees become eligible to participate on the first day of the next pay period after they attain age 21 and complete one month of service for employee deferrals and twelve months of service for Company contributions.

Contributions:

Participants may make pre-tax contributions of any amount up to 100% of their compensation subject to certain limits imposed by the Internal Revenue Service. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company has adopted a "safe-harbor" provision whereby its non-elective contributions equal 3% of participants' eligible compensation. The Company also matches 25% of the first 4% of employee elective deferrals, and provides for a discretionary profit sharing contribution which equaled 2% of participants' eligible compensation for 2012. Participant and Company contributions, along with note repayments, are remitted to the Plan within the guidelines set forth by ERISA.

Participant Accounts:

Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions, Plan earnings, and charged with an allocation of administrative expenses as defined by the Plan agreement. The benefit to which a participant is entitled is the amount that can be provided from his or her account.

Notes Receivable From Participants:

The Plan permits limited borrowing by a participant against the value of his or her account not to exceed $50,000 or 50% of a participant's account balance. Repayments of principal and interest are made through payroll withholdings and are credited to the participant's separate investment funds as elected by the participant. Until such repayments are received, the notes receivable from participants are accounted for in the participant loan fund.

Vesting:

All funds in a participant's account are fully vested and nonforfeitable at all times.

Payment of Benefits:

A participant, or his or her beneficiary, is entitled to withdraw the entire vested amount upon termination, death, retirement, disability, attainment of age 59½ or under hardship circumstances, as defined by the Plan. In the event of a participant's separation from service due to death, disability or retirement, the participant may choose to have the vested benefits paid in a lump-sum or in periodic payments, as defined by the Plan.

Note 2. Summary of Accounting Policies

A. Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The Plan has evaluated subsequent events through September 18, 2013, which is the date the financial statements were available to be issued.

B. Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan has entered into a benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company of First Great-West Life & Annuity Insurance Company of New York. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required, the statements of net assets available for benefits present the fair value of the investment as well as the adjustment of the investment from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 2. Summary of Accounting Policies (Continued)

B. Investment Valuation and Income Recognition (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment in the CCT at December 31, 2012 and 2011 was $1,630,932 and $1,146,615, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, which is reset at least annually.

The investment in the CCT does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average Yields	2012	2011
Based on actual earnings	1.59%	2.09%
Based on interest rate credited to participants	1.95%	2.33%

C. Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

D. Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

E. Payment of Benefits – Benefits are recorded when paid.

F. Administrative Expenses – Expenses of the Plan are paid by the Company or the Plan at the Company's discretion. Transaction and maintenance fees incurred by participants who initiate loans and fees for benefit payments are charged directly to the accounts of the affected participants.

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the statements of net assets available for benefits at December 31, 2012 and 2011, the supplemental schedule at December 31, 2012, the related investment and loan interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2012, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for plan assets measured at fair value:

- The fair value of mutual funds is determined based on their quoted closing market prices in active markets for identical investments, and is classified as Level 1.
- The investment in the common/collective trust is valued at its closing net asset value. Because the net asset value is based primarily on observable inputs, most notably quoted prices of similar assets, this investment is classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2011 to 2012. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level the Plan's assets at fair value as of December 31, 2012 and 2011:

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will receive a total distribution of their accounts.

Note 6. Federal Income Tax Status

The prototype document on which this Plan is based obtained a determination letter from the Internal Revenue Service ("IRS") on September 25, 2002, in which the IRS stated that the basic prototype document and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since the adoption of the prototype. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

The plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. In general, the Plan's previous three tax years remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities.

Note 7. Party-in-Interest Transactions

Great-West Life & Annuity Insurance Company of First Great-West Life & Annuity Insurance Company of New York is the custodian and Great-West Trust Company, LLC is the trustee as defined by the Plan and both are paid fees from the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodian and trustee totaled $4,260 for the year ended December 31, 2012.

Note 8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
