INDEPENDENT AUDITOR'S REPORT

The Plan Administrator Committee
Maita Profit Sharing 401 (K) Plan and Trust

Report on the Financial Statements
I was engaged to audit the accompanying financial statements of Maita Profit Sharing 401 (K) Plan and Trust (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters describe in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Capital Bank and Trust, the trustee of the Plan, except for comparing the information with the related information included in the 2012 financial statements and supplemental schedule. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the maters described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter-Supplemental Schedules

I was engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2012, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the mater described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and I do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2012 financial statements and supplemental schedule, other that that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter-2011 Financial Statements

I have audited the accompanying statement of net assets available for benefits of Maita Profit Sharing 401(K) Plan and Trust as of December 31, 2011, and the related notes, and in my report dated September 20, 2012, I expressed my opinion that such financial statement presents fairly, in all material respects, the financial status of Maita Profit Sharing Plan and Trust as of December 31, 2011, in accordance with accounting principles generally accepted in the United Sates of America.

Notes to Financial Statements
December 31, 2012 and 2011

(1) Description of the Plan

The following description of the California Maita Profit Sharing 4011(K) Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year, participants may contribute pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options for participants. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in a portfolio of investments as direct by the Company. Contributions are subject to certain limitations.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the employer contribution and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or accounts, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

(d) Vesting

Participants are immediately vested in their contributions and the Company's contributions plus actual earnings thereon.

(e) Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount, monthly installments or defer receiving payments until age 70½. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes to Financial Statements

(2) Summary of Significant Accounting Policies

(a) Estimates

The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(b) Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of Net Assets Available for Plan Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Plan Benefits is prepared on a contract value basis.

(c) Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

(f) Date of Management's Review

Subsequent events were evaluated through August 12, 2013, which is the date the financial statements were available to be issued.

(Continued)

(3) Fair Value Measurements

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") Topic 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: The stable value funds are valued based on share prices/NAV's reported on the plan summary reports for stable value funds are generally obtained directly from the fund house or other investment provider. If available, an attempt is made to receive share prices from more than one source, and before the share price is entered into the recordkeeping system, a systematic comparison is performed and any difference in quoted share prices for the same fund is resolved by contacting the investment provider directly to ensure the correct share price is recorded. Variance reports are also reviewed showing percentage of share price changes from the prior day. The internal pricing analyst and management will review the overall movement of market indices and will apply judgement in determining whether any further research with investment providers will be pursued for share price variances from the prior day. Daily, after all research and validation has been performed, and variances have been resolved, share prices are closed and loaded to the recordkeeping system. Due to the various unique investments that may be allowed in a stable value fund, and the various redemption restrictions that may be imposed, a plan sponsor should individually review the prospectus and operations of each of these types of investment options. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

3) Fair Value Measurements (continued)

Net appreciation in fair value of investments includes net unrealized and net realized gains and losses on investments during the year and is presented net of investment expenses. Investment income is allocated to individual participant accounts based upon the participant's share of the investment fund.

Invesco Stable Value Fund	$ 2,526,972(1)	$ 2,101,118(1)

1 Participant directed

During 2012, the Plan's investments (including gains and losses on the investments bought and sold, as well as held during the year) appreciated in value by $2,561,278.

(5) Tax Status

The Internal Revenue has determined and informed the Company by a letter dated June 26, 1986, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balance and the amounts reported in the statement of net assets available for benefits.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.
