REGISTRAT, INC. 401(K) PROFIT SHARING PLAN

Notes to the Financial Statements

1. Description of Plan

The following description of the REGISTRAT, INC. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and became effective April 1, 1993 and was restated effective January 1, 2009. The Plan covers all eligible employees of REGISTRAT, Inc. dba REGISTRAT-MAPI (the Plan Sponsor and Administrator).

Eligibility

Employees become eligible to make contributions on their own behalf on the first day of the month following their date of hire.

Contributions

The Plan is funded by employee deferral, Plan Sponsor match, rollover, and discretionary Plan Sponsor contributions. Each employee is permitted to contribute a percentage of their annual compensation to their individual accounts on a pre-tax basis, in a range from 1% to 80% of their eligible compensation. The Plan Sponsor matches 50% of the participant's elective contributions, up to 6% of gross wages and may make a discretionary contribution. The Plan Sponsor did not make a discretionary contribution in 2012.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and the Plan Sponsor's contributions, an allocation of Plan earnings or losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. Administrative expenses are charged to each participant's account when a benefit distribution is processed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in the portion of their accounts attributable to employee salary deferrals. The employer portion of participant balances are subject to a progressive vesting schedule ranging from 25% on the December following a participant's date of hire to 100% upon reaching the fourth December after a participant's date of hire. The Plan provides for 100% vesting for any participant whose termination is attributable to death, normal retirement, or permanent disability. The method for crediting vesting service is based on hours of service with 190 hours of service credited for each month in which an hour of service is credited.

1. Description of Plan, continued

Participant Loans

Participants may borrow from their fund accounts a minimum of \$500 and up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the preceding twelve month period. Loans must be fully repaid within five years unless the loan is used to purchase a primary residence, upon which it may be repaid within no more than thirty years. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus two percent. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

All forfeitures are applied to safe harbor contributions and Plan expenses. As of December 31, 2012 and 2011, forfeited nonvested accounts totaled \$10 and \$11, respectively. Forfeited accounts may be applied to employer contributions and Plan expenses. Forfeitures of \$9,058 were reallocated during 2012.

Risk and Uncertainties

The Plan provides for participant directed investment options in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. All other administrative expenses are paid by the Plan Sponsor.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

REGISTRAT, INC. 401(K) PROFIT SHARING PLAN

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan's management has evaluated subsequent events for accounting and disclosure requirements through July 22, 2013, the date that the financial statements were available to be issued.

3. Investments Certified and Provided by Trustee

The Plan's investment information included in this note and throughout the Plan's financial statements and supplemental schedule was prepared by or derived from information provided by State Street Bank and Trust Company (State Street), the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that investment information provided to the Plan Administrator by the trustee related to the investment information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to investment information in this note and which appears throughout the financial statements and the supplemental schedule.

State Street also certified to the completeness and accuracy of the net appreciation in the fair value of investments (including gains and losses on investments bought and sold, as well as held during the year) and interest and dividends related to the aforementioned assets for the year ended December 31, 2012. The net appreciation is composed of the following for the year ended December 31, 2012:

Net realized and unrealized appreciation in fair value:	
Registered investment companies	\$ 384,252

4. Fair Value Measurement

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust: Valued at the net asset value (NAV) of shares held by the plan at year end.

There have been no changes in the valuation methodologies used at December 31, 2012 and 2011.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no significant transfers in or out of Level 3.

REGISTRAT, INC. 401(K) PROFIT SHARING PLAN

Notes to the Financial Statements, continued

5. Exempt Party-in-Interest Transactions

The Plan has a benefit-responsive investment contract with State Street, the trustee. The transactions involving the benefit-responsive investment contract qualify as exempt party-in-interest transactions. Administrative expenses of \$7,307 for the year ended December 31, 2012 are comprised of fees paid by the Plan to State Street for investment management services and withdrawal charges.

6. Tax Status

The Plan uses a prototype Plan document sponsored by State Street. Automated Data Processing, Inc. (ADP) processes payroll for the Plan. ADP received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2009.
