Dear Trustees:

We have been engaged to audit the financial statements of Houston Plating & Coatings 401(k) Plan (the "Plan") for the period ending December 31, 2012.

Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, requires that we disclose to you in writing, at least annually, all relationships between our firm and its related entities and your company and its related entities that in our professional judgment may reasonably be thought to bear on independence.

We are not aware of any relationships between our Firm and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence which have occurred since our initial engagement through the above date.

We confirm that we are independent of the Plan within the meaning of the federal securities laws administered by the Securities and Exchange Commission.

As further required by Standard No. 1, we will be pleased to discuss our independence with respect to the Plan at your convenience.

This letter is intended solely for use by you and other members of the Board of Directors in your consideration of our independence as auditors, and should not be used for any other purpose.

Very truly yours,

Stevens & Matthews LLP

To The Administrative Committee
Houston Plating & Coatings 401(k) Plan
1308 Kentucky Street
South Houston, Texas 77587-3924

Ladies/Gentlemen:

We have completed a DOL limited-scope audit of the financial statements of The Houston Plating & Coatings 401(k) Plan for the year ended December 31, 2012 and have issued our report thereon dated August 8, 2013. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole.

Our Responsibility under U.S. Generally Accepted Auditing Standards
As stated in our engagement letter dated June 12, 2013, our responsibility, as described by professional standards and except as discussed in the first paragraph, is to express an opinion about whether the financial statements prepared by management with your oversight are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities.

Planned Scope and Timing of the Audit
We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning and field work matters on June 14, 2013.

Significant Audit Findings

Qualitative Aspects of Accounting Practices
Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Houston Plating & Coating 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2012. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate(s) affecting the financial statements was (were):

> Management's estimate of the fair values of investments is determined by reference to published market data. In addition, the Trustee of the plan certifies that the values are complete and accurate. We evaluated the key factors and assumptions used to develop the fair values in determining that it is reasonable in relation to the financial statements taken as a whole, to the limited extent required under a DOL limited scope audit.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

> The disclosures regarding investments in Notes 2 and 4 to the financial statements, and the disclosures regarding qualifications for participation in Note 1 to the financial statements.

Difficulties Encountered in Performing the Audit
We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements
Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We did not note any uncorrected misstatements.

Disagreements with Managements
For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations
We have requested certain representations from management that are included in the management representation letter dated August 8, 2013.

Management Consultations with Other Independent Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues
We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Administrative Committee and management of Houston Plating & Coatings 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

STEVENS & MATTHEWS, L.L.P.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Houston Plating and Coatings 401(k) Plan
Houston, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Houston Plating and Coatings. 401(k) Plan, which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2012 and 2011 , and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C and G, which was certified by John Hancock Life Insurance Company (USA), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

As described in Note B, these financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules identified in the table of contents, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

HOUSTON PLATING & COATING 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS

NOTE A - SUMMARY PLAN DESCRIPTION

The following description of the Houston Plating and Coatings 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that is available to all employees of Houston Plating and Coatings, LLC, (the Company), who reach six months of service or 1,000 hours of service, whichever comes earlier. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of compensation to pre-tax and Roth deferrals. 100% of bonus compensation can also be contributed. This contribution may be additionally restricted based on limits set by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions and employer matching contributions into various investment options offered by the Plan. The Plan currently offers approximately one hundred sixty two investment options available through a group annuity contract with John Hancock Life Insurance Company (USA), of which the investment committee has selected 24 to offer to plan participants. The Company, at its discretion, may make matching contributions and/or non-elective employer contributions. During 2012 and 2011, the Company made "safe harbor" matching contributions equal to 100% of the amount of each participant's elective deferral that did not exceed 3% of a participant's compensation; plus 50% of the amount of such Participant's elective deferrals that exceeded 3% of their compensation but did not exceed 5% of compensation (Basic Matching Contributions). The maximum match that can be made under this Basic Matching Contribution formula is 4% of compensation which would apply to any Safe Harbor Participant who defers at least 5% of compensation. Salary deferrals in excess of 5% of a participant's compensation were not subject to any Company matching contribution. Safe Harbor Participants included Highly Compensated Employees. Non-elective employer contributions may be made on behalf of participants whether or not they contributed to the Plan on a pre-tax basis. Any non-elective employer contributions would be allocated to eligible participants in relation to their gross pay. For the year ended December 31, 2012, the Company made matching Safe Harbor contributions to the Plan in the amount of $205,014. For the year ended December 31, 2011, the Company made matching Safe Harbor contributions to the Plan in the amount of $183,315.

NOTE A - SUMMARY PLAN DESCRIPTION – (continued)

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A Participant is 100% vested after five years of credited service. Additionally, participants become 100% vested at normal retirement, total disability, or death.

Safe Harbor contributions and earnings allocated to a Participant's Safe Harbor Contribution Account will be 100% vested at all times.

Participant Loans

The Plan currently does not allow for participant loans.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

Forfeitures are applied to reduce the earliest employer contribution made after the forfeitures are determined. Additionally, forfeitures restore forfeited account balances of re-employed former participants. At December 31, 2012 and 2011, forfeited non-vested accounts totaled $0 and $0, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their total account balances.

NOTE A - SUMMARY PLAN DESCRIPTION – (continued)

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Subsequent Events

Subsequent events have been evaluated through August 8, 2013, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan have been prepared using a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Accordingly, net assets and additions to net assets are recognized when received rather than when earned and deductions from assets are recognized when paid rather than when the liability is incurred. The Plan's basis of accounting is a modified cash basis because investments are reported at fair value. The Department of Labor recognized the cash basis of accounting as an acceptable method for reporting purposes, but requires modifications to state investments at fair value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investment contract with an insurance company is stated at fair value which is calculated by the insurance company based upon the market prices of underlying mutual funds. Shares of the mutual funds are valued at quoted market prices. Net appreciation in fair value of investments includes interest and dividend income earned by the pooled separate accounts (investment contract) as well as realized and unrealized gains and losses. Investment transactions related to the underlying investments are accounted for on a trade-date basis and dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (continued)

Administrative Expenses

Substantially all administrative expenses are paid by the Company.

Excess Contributions

Excess deferral contributions, which are generally not material, are offset in the year returned and refunded to the participants.

NOTE C - INVESTMENT CONTRACT WITH INSURANCE COMPANY POOLED SEPARATE ACCOUNTS

The investment contract with an insurance company is a group annuity contract with John Hancock Life Insurance Company (USA) (John Hancock USA). John Hancock USA maintains the contributions in pooled separate accounts. The accounts are credited with actual earnings and unrealized appreciation on the investments (underlying mutual funds) and charged for plan withdrawals and miscellaneous expenses. The contract is included in the financial statements at fair value as reported to the Plan by John Hancock USA. The following presents underlying investments at December 31, 2011 that represent 5% or more of the Plan's net assets.

INVESTMENTS, AT FAIR VALUE	12/31/2012	12/31/2011
John Hancock Retirement Living 2020 Fund	$ 268,855	$ 198,708
John Hancock Retirement Living 2030 Fund	144,045	119,487
John Hancock Retirement Living 2035 Fund	312,313	228,060
John Hancock Retirement Living 2040 Fund	198,328	158,658
John Hancock Retirement Living 2045 Fund	242,887	281,484
JH PIMCO Total Return	204,434	0
JH Davis New York Venture Fund	0	107,629
JH American Funds Growth Fund	291,232	226,739

Total all other funds	737,759	587,424
Total Assets	$2,538,139	$2,033,458

NOTE D – RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by John Hancock Life Insurance Company. John Hancock is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the administrative services amounted to $2,714 and $6,915 for the years ended December 31, 2012 and 2011, respectively. NOVA 401K Associates functions as a third party administrator for the Plan and therefore, also qualifies as a

NOTE D – RELATED PARTY TRANSACTIONS – (continued)

party-in-interest. Fees paid by the Plan for the third party administrative services amounted to $1,780 and $(242) for the years ended December 31, 2012 and 2011, respectively.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

NOTE F – TAX STATUS

The Plan is an adoption of a prototype profit sharing plan of Nova 401(k) Associates. The prototype plan received its determination letter on January 11, 2002, in which the Internal Revenue Service stated that the prototype plan was in compliance with the applicable requirements of the Internal Revenue Code. Even though the Plan has not received a separate determination regarding its adoption of the prototype, and the Plan has undergone several amendments since its inception, the Plan administrator and the Plan's benefit counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Financial Accounting Standards Board issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2011. Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan's tax returns for tax years 2010 and beyond remain subject to examination by the Internal Revenue Service.

NOTE G - DATA SUPPLIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained a certification from John Hancock USA, as of December 31, 2012 and 2011 and for the years ended December 31, 2012 and 2011 , that the information provided to the plan administrator is complete and accurate.

NOTE G - DATA SUPPLIED BY THE PLAN'S CUSTODIAN (UNAUDITED) – (continued)

Summarized below is financial information certified to be complete and accurate by John Hancock USA:

- Investments, as shown in the statements of net assets available for benefits.
- Net appreciation in fair value of investments, as shown in the statements of changes in net assets available for benefits.
- Interest, as shown in the statements of changes in net assets available for benefits.

NOTE H – RISKS AND UNCERTAINTIES

Investments in stocks and mutual funds are stated at fair value using quoted market prices. Money market funds are stated at cost, which approximates fair value. Investments in mutual funds are generally subject to the volatility of the major stock markets in which the underlying investments are held.

Realized gains and losses are recorded based on the historical cost value of the investments sold. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received, which is not materially different from the results that would have been obtained if such income had been recorded on the accrual method.

Investments securities, in general, are exposed to risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits and the amounts reported in participant accounts.

NOTE I – CONCENTRATION OF RISK

Financial instruments, which potentially expose the Plan to a concentration of credit risk, consist of investments in John Hancock USA, common and collective trusts and other registered investment companies. The Plan has not experienced any credit losses associated with these investments.

Amounts receivable from plan sponsor Paid in next year	0	0
Net assets available for benefits per Schedule H to Form 5500	$ 2,538,139	$2,033,458

NOTE K – FAIR VALUE MEASUREMENTS

FASB ASC Codification 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to valuation methodology include, (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. For the plan years ending December 31, 2012 and 2011, there were no Fair Market Measurements Using

NOTE K – FAIR VALUE MEASUREMENTS – (continued)

Significant Unobservable (Level 3) inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Investment in pooled separate accounts at Insurance company: Investments in the mutual funds held by the custodian are valued at the units of the collective trust and are included in Level 1 assets. The units, as provided by the Custodian, are used as a practical expedient to estimate fair value. The fair market value is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption, the investment adviser of the mutual fund reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

For those assets with fair value, the Plan administrator determines the fair value measurement policies and procedures in consultation with the Sponsor's chief financial officer and the Plan trustee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011.
