WILDLIFE INTERNATIONAL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011 (Unaudited) (See Independent Auditors' Report)

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Wildlife International Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Wildlife International (formerly Wildlife International Ltd.), the Company was acquired by Evans Analytical Group, LLC who adopted the Plan and became the new Plan Sponsor effective December 19, 2012. The Plan's name was changed to Wildlife International Savings Plan. Effective January 1, 2013 all employees of the Evans Analytical Group, LLC are excluded from participating in the Plan except for the former employees of Wildlife International that have satisfied the participation requirements of the Plan. At this time, Plan management has not determined whether to continue, merge or terminate the Plan.

General – The Plan is a defined contribution plan that was established on September 15, 1987 covering all eligible employees who are age 21 or older and have completed 3 months of service. Leased employees, seasonal employees or student interns are excluded from Plan participation. However, seasonal employees are eligible to participate after completion of one year of eligible service with at least 1000 hours of service and attaining age 21. A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. The Company has contracted with ING Life Insurance and Annuity Company ("ING") to act as custodian and with ING National Trust to act as the trustee (collectively referred to as "ING"). The Company has contracted with a third-party administrator, The Angell Pension Group, Inc., to process and maintain the records of participant data.

Contributions – Each year, participants may contribute up to 80% of eligible compensation as defined in the Plan agreement, not to exceed the maximum statutory amount. The Plan allows for ROTH 401(k) deferrals. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan allows for automatic enrollment for new employees at a 3% deferral rate of eligible compensation.

The Company is allowed to make discretionary matching and/or discretionary profit-sharing employer contributions under the Plan subject to certain eligibility requirements. For 2012, the Company matched 50% of an employee's contribution, up to a maximum matching contribution of 6% of compensation. The

WILDLIFE INTERNATIONAL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

DECEMBER 31, 2012 AND 2011 (Unaudited) (See Independent Auditors' Report)

total employer match for 2012 was approximately \$175,000 of which approximately \$8,000 was funded by forfeitures. The total Company discretionary profit-sharing contribution was approximately \$12,000 which was funded by forfeitures.

Participant Accounts – Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, an allocation of the discretionary profit-sharing employer contribution, Plan earnings and losses, and Plan expenses as applicable to the Plan. Allocations of the discretionary profit-sharing employer contribution are based on participant compensation. Allocations of Plan earnings and losses are based on investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain investment and fund fees are charged to the funds and are included in plan investment income and losses and charged to participant accounts. Participants should refer to the funds' prospectuses for further information on these fees.

Vesting – Participants are immediately vested in their contributions and rollover amounts plus actual earnings thereon. Effective January 1, 2011, vesting in the Company's contribution portion of a participant's account is based on years of credited service at a rate of 0% for the first three years and 100% after three years. Prior to January 1, 2011, vesting in the Company's contribution portion of their accounts is based on years of credited service at a rate of 20% after two years and 100% after three years. Participants become fully vested in the event of death, disability, normal retirement age, or Plan termination.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Two outstanding notes are permitted at any given time. The notes are secured by the balance in the participant's account and bear interest at rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Outstanding notes receivable from participants at December 31, 2012 and 2011 carry interest rates which range from 3.25% to 8.25% and 3.25% to 9.25%, respectively. Principal and interest is paid ratably through payroll deductions. The notes must be repaid within a five-year period, unless it is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The Plan Administrator establishes the specific terms and conditions of such notes.

WILDLIFE INTERNATIONAL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (continued)
DECEMBER 31, 2012 AND 2011 (Unaudited) (See Independent Auditors' Report)

Payment of Benefits – Distributions from the Plan may only be made after specific events have occurred. Participants are eligible for a distribution upon termination of employment, death, disability or retirement, and are paid in accordance with Plan provisions. Participants may be eligible to receive distributions from their pre-tax savings contributions in the case of financial hardship. Participants are eligible to receive in-service distributions up to their vested account balance upon attaining age 59^{1/2}. No hardship and in-service distributions are allowed on ROTH deferrals. Effective May 1, 2011, the Plan does not allow for terminated employees to take partial withdrawals. The Plan allows for automatic rollover of terminated participant balances between \$1,000 to \$5,000 to an IRA Rollover account.

Forfeited Accounts – Forfeited non-vested accounts may be used to reduce Company contributions or reduce Plan expenses. The employer matching forfeiture account balance was approximately \$900 and \$9,800 as of December 31, 2012 and 2011, respectively. The employer profit-sharing forfeiture account balance was approximately \$300 and \$1,000 as of December 31, 2012 and 2011, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by ING. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

WILDLIFE INTERNATIONAL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (continued)
DECEMBER 31, 2012 AND 2011 (Unaudited) (See Independent Auditors' Report)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. As of December 31, 2012 and 2011 there were no excess contributions payable.

Plan Expenses – Substantially all expenses incurred for administering the Plan are paid by the Company. Participant note set up fees and distribution fees are paid by the participant.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Plan has evaluated subsequent events through September 19, 2013, the date the financial statements were available to be issued.

NOTE 3 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 – CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), information certified by ING regarding the current value of assets held at December 31, 2012 and 2011, and transactions entered into during the year ended December 31, 2012 was used in the preparation of the accompanying financial statements and supplemental schedule. The following table includes the fair values of investments which

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

WILDLIFE INTERNATIONAL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (continued)
DECEMBER 31, 2012 AND 2011 (Unaudited) (See Independent Auditors' Report)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Separate Accounts: Valued at "accumulation unit value" ("AUV"). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts and is then determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the contract's separate account charges. Transactions occur daily in and out of the accounts.

Fixed Account: Valued at fair value based on current yields considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 – FIXED ACCOUNT

The ING Fixed Account is reported at contract value by ING. Fixed accounts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. The ING Fixed account is considered fully benefit-responsive. The adjustment between contract value and fair value as of December 31, 2012 is reported on the Plan's financial statements. Contract value approximated fair value as of December 31, 2011. The minimum crediting

rate for the fund is reset on a regular basis and is based on the Plan's contract with ING.

The average yields earned by the fund are as follows:

Average yields:	2012	2011
Based on actual earnings	1.54%	2.00%
Based on yield credited to participants	1.13%	1.31%

NOTE 7 – PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Plan investments are managed by ING and are considered party-in-interest transactions under ERISA regulations. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 – PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA.

NOTE 9 – TAX STATUS

The Plan has adopted a prototype plan, which has received an opinion letter dated March 31, 2008 from the IRS. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years for which the applicable statutes of limitations have expired.
