CALYPSO HOLDING CO., LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of Calypso Holding Co., LLC (the “Company”) 401(k) Plan (the “Plan”), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. *General.* The Plan is a defined contribution plan covering substantially all employees of the Company. Effective January 1, 2011 The Plan changed its eligibility requirement from one month of service to ninety days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. *Merger.* During 2012, Calypso Holding Co., LLC was acquired by Avnet, Inc. and was merged into its wholly-owned subsidiary, Canvas Systems, LLC. Effective December 31, 2012, the Plan was merged with the Avnet 401(k) Plan. All participants of the Plan became participants in the Avnet 401(k) Plan and all the assets of the Plan, totaling \$7,078,148, were transferred to the Avnet 401(k) Plan.
- C. *Contributions.* Each year, participants may contribute from 1% up to 95% of pretax annual compensation, as defined by the Plan, except that no employee may make annual tax-deferred contributions in excess of amounts as provided by the Internal Revenue Code. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Company may elect to make a discretionary match of a percentage of each participant's current pre-tax contribution up to a certain deferral percentage or dollar amount. Effective January 1, 2011, the Plan was amended to allow 401(k) Safe Harbor Matching Contributions. An employee who was not highly compensated in the prior year is eligible for the employer match. The match is equivalent to 100% of the first 3% of eligible compensation contributed to the Plan and 50% of the next 2% of eligible compensation contributed to the Plan.
- D. *Participant Accounts.* Each participant's account is credited with the participant's deferral contribution and allocations of (a) the Company's contribution (if any) and (b) plan earnings including administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- E. *Vesting.* Participants are immediately vested in their salary deferral contribution and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's contribution portion, if any, of their account plus actual earnings thereon is based on years of continuous service; a participant is 100% vested after three years of credited service with the vesting percentage accruing ratably each year of the period.
- F. *Notes Receivable from Participants.* Participants may borrow from their accounts a minimum of \$1,000 and up to fifty percent (50%) of their vested account balance, not to exceed \$50,000. The loans are secured by the balance in the participant's account and bear interest at fixed rates ranging from 4.25% to 9.25%, which are based on the prime rate published in the *Wall Street Journal* on the first business day of each month plus one percent (1%). Principal and interest is paid ratably through biweekly payroll deductions. Notes receivable from participants are evaluated by management for default and write-offs as deemed distributions.

CALYPSO HOLDING CO., LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

- G. *Payment of Benefits.* Distributions from the Plan are made in the form of a lump sum of a Participant's entire vested account balance or a single sum distribution of a portion of the Participant's vested account balance.
- H. *Forfeited Accounts.* Forfeited balances of terminated participants' non-vested accounts are designated to pay plan expenses and to reduce future Company contributions. No forfeitures were used to reduce employer contributions or to pay plan expenses in 2012 and there were none available for future use as of December 31, 2012.

2. Summary of Accounting Policies

- A. *Basis of Accounting.* The financial statements of the Plan are prepared under the accrual method of accounting.
- B. *Payment of Benefits.* Benefits payments are recorded when paid.
- C. *Investment Valuation and Income Recognition.* The Plan's investments are stated at fair value. The net appreciation (depreciation) in the fair value of investments includes both realized and unrealized gains and losses on investments. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at cost which approximates fair value.
- D. *Use of Accounting Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
- E. *Notes Receivable from Participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based on the terms of the plan documents.
- F. *Subsequent Events.* Plan management has evaluated the need for disclosures or adjustments resulting from subsequent events through August 14, 2013, the date the financial statements were available for issuance. No events requiring adjustment to or disclosure in the financial statements were noted.

3. Investments

The following investments represent five percent or more of the Plan's net assets available for benefits at December 31, 2011:

CALYPSO HOLDING CO., LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$641,395, all of which was attributable to mutual funds.

4. Investment Contract with Trustee

Upon inception on April 24, 2009, the Plan entered into an investment contract with Fidelity Management Trust Company ("Fidelity"). Funds are participant-directed into investment funds. The investment funds are managed either by external mutual fund companies or by Fidelity, and the accounts are included in these financial statements at fair market value as reported by Fidelity.

5. Fair Value Measurements

FASB ASC No. 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Basis of Fair Value Measurement:

- | | |
|---------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. |

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following discussion describes the valuation methodologies used for assets measured at fair value on a recurring basis. The techniques utilized in estimating the fair values of financial instruments are reliant on the assumptions used. Care should be exercised in deriving conclusions based on the fair value information of financial instruments presented below.

Fair value estimates are made as of a specific point in time, based on available market information and judgments about the financial instrument. Such estimates do not consider the tax impact of the realization of unrealized gains or losses. In addition, the disclosed fair values may not be realized in the immediate settlement of the financial instrument. No significant changes were made to the valuation process during 2012 or 2011.

Mutual Funds - The mutual funds are held as individual plan assets. The mutual funds have publicly available prices that are quoted daily in active markets.

Money Market Fund – The money market fund is held as an individual plan asset, has a principal value of \$1 per unit, and has an available price quoted daily in an active market.

The following table presents by level, within the fair value hierarchy, the Plan's investment assets at fair value, as of December 31, 2011. As required by FASB ASC 820, investment assets are classified

CALYPSO HOLDING CO., LLC 401(K) PLAN

6. Related-Party Transactions

Certain plan investments are shares of mutual funds managed by an affiliate of Fidelity Management Trust Company, the trustee.

Certain administrative expenses are absorbed by the Plan's sponsor and are not included in these financial statements.

7. Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and the notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, and the related investment activity and interest from notes receivable reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2012.

8. Tax Status

The Plan utilized a service provider to handle administrative matters including plan design. A Determination Letter from the Internal Revenue Service has been obtained by the service provider accepting the Plan as a prototype qualifying under the appropriate Internal Revenue Code Sections. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for
