HALLRICH INCORPORATED 401(K) SALARY REDUCTION PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

NOTE A - DESCRIPTION OF PLAN

The following description of the Hallrich Incorporated (Company) 401(K) Salary Reduction Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company and its wholly owned subsidiaries who have one year of service and are age 21 or older. The Plan is subject to the provisions of ERISA. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan and in accordance with federal maximums. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 10 percent of the first 15 percent of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in a portfolio of investments as directed by the Company. For the year ended December 31, 2012 the Company made a \$14,936 match contribution to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 2 percent above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At December 31, 2012 and 2011, forfeited nonvested accounts totaled \$1,052 and \$608, respectively. These accounts will be used to reduce future Plan administrative fees.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B - SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE B - SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Reclassifications

Certain reclassifications may have been made to prior year amounts to conform to the current year presentation.

Subsequent Events

The Plan has evaluated subsequent events through September 24, 2013, the date the financial statements were available to be issued.

NOTE C - INVESTMENTS

The Plan assets are held by J.P. Morgan Chase N.A. (the trustee of the plan) at December 31, 2012 and these assets are reported at fair value with unrealized gains and losses on these investments included in net investment gain from common/collective trusts and registered investment companies. Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2012 and 2011, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2012, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by J.P. Morgan Chase N.A. See Note D and Schedule I, Schedule of Assets Held for Investment Purposes as of December 31, 2012, for additional information.

NOTE D - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

HALLRICH INCORPORATED 401(K) SALARY REDUCTION PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

NOTE D - FAIR VALUE MEASUREMENTS - CONTINUED

Level 2 inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

Level 3 inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Net asset values reported for mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation and are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant Loans: Loans are notes receivable from the participants. The stated value of participant loans represents the outstanding principal balance of the loan, taking into account the applicable interest rate, amortization schedule and repayments made for each loan.

Collective Trust Fund: Net asset value reported for collective trust funds are generally obtained directly from the fund house or other investment provider and are valued at the net asset value of units of a bank collective trust as provided by the trustee. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.

NOTE F - PLAN TERMINATION

NOTE G - TAX STATUS

The IRS has determined and informed the Company by letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plans' tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - LEASES IN DEFAULT OR CLASSIFIED AS UNCOLLECTIBLE

The Plan has no leases in default or classified as uncollectible at December 31, 2012.

NOTE J - NONEXEMPT TRANSACTIONS

The Plan had no nonexempt transactions during the year ended December 31, 2012.

NOTE K - INVESTMENT ASSET PURCHASED DURING THE PLAN YEAR AND SOLD BEFORE THE END OF THE PLAN YEAR

The Plan had no investment assets purchased during the year ended December 31, 2012 and sold before December 31, 2012 that did not meet the exceptions under 29 CFR 2520.103-11 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

NOTE L - REPORTABLE TRANSACTIONS

The Plan had no reportable transactions during the year ended December 31, 2012 as defined by 29 CFR 2520.103-11 of the above-referenced regulation in Note E.

NOTE M - PARTICIPANT-DIRECTED ACCOUNT PLAN

The plan has a participant-directed account feature, but due to limitations in the trustee's reporting system, amounts relating to the individual programs in the participant-directed investment programs are not available for disclosure as required accounting principles generally accepted in the United States of America. The effect of this departure has not been determined.
