Notes to Financial Statements
December 31, 2012 and 2011

Note 1: Description of the Plan

The following description of Gateway Packaging, LLC Employees' 401(k) Retirement Plan ("Plan"), provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by Gateway Packaging Company, LLC ("Company") for the benefit of its employees who have at least 60 days of service and are age 21 or older. Employees covered by a collective bargaining agreement are not eligible to participate in the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Associated Trust Company, N.A. ("Associated Trust") is the trustee of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions up to 85 percent of eligible compensation. Employees are allowed to make Roth (after-tax) contributions to the Plan. Employee rollover and eligible catch-up contributions are also permitted.

For the period of January 1, 2011, through May 22, 2011, the Company made matching contributions of 50 percent of employees' salary deferral amounts on the first six percent of employees' compensation. Effective May 23, 2011, the Plan was amended to eliminate the required employer matching contributions and employer contributions became discretionary in nature and subject to approval by the Company's board of directors. No employer contributions were made after the Plan amendment as the Company's board of directors did not approve any discretionary matching or profit-sharing contributions. Effective April 1, 2012, the Plan was amended to reinstate matching contributions of 50 percent of employees' salary deferral amounts on the first six percent of employees' compensation. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and an allocation of Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after five years of continuous service. The nonvested balance is forfeited upon termination of service. Forfeitures are used to pay Plan expenses or to reduce Company matching contributions.

Payment of Benefits

Upon termination of service, the participants may elect to receive their vested benefit in a variety of forms, such as lump sum, annual installments, etc. The Plan allows for in-service distributions once a participant reaches age 59 ½ as well as hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the participant's account will automatically be distributed in accordance with the Plan provisions.

At December 31, 2012 and 2011, \$4,465 and \$0, respectively, of Plan assets were allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Forfeited Accounts

At December 31, 2012 and 2011, forfeited non-vested accounts totaled \$2,533 and \$8,462, respectively. There were \$7,435 and \$1,572 of forfeitures used to reduce Company matching contributions and pay Plan expenses for the years ended December 31, 2012 and 2011, respectively.

Participant Loans

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. The Plan's interests in the collective trust funds are valued based on information reported by Associated Trust using the audited financial statements of the collective trusts at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Associated Trust. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax exempt as of the financial statement date. The Plan is no longer subject to U.S. federal tax examinations by tax authorities for years before 2009.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report which is the date the financial statements were available to be issued.

The Company provides certain administrative services at no cost to the Plan.

Note 5: Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying Statements of Net Assets Available for Benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2012 and 2011:

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying Statements of Net Assets Available for Benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2012. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters. Such investments are classified in Level 2 of the valuation hierarchy.

Note 8: Plan Amendments

Effective September 1, 2011, the eligibility requirements were amended to allow employees to participate upon attaining age 21 and 60 days of service.

Effective January 1, 2012, the Plan was amended and restated ("Plan Amendment") to apply the automatic deferral provisions such that the Plan, as to each participant affected, will withhold as the automatic deferral amount, 1 percent from the participant's compensation as defined by the Plan Document each payroll period unless the participant makes a contrary election. Participants affected include all new participants whose entry date is on or following the automatic deferral effective date of January 1, 2012.

Note 9: Nonexempt Transaction

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. Employee contributions of \$75, for the year ended December 31, 2012, were not remitted to the Plan within the required time period.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
