NOTES TO FINANCIAL STAMENTS
December 31, 2012 and 2011

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Woodley's Fine Furniture, Inc. ("Company") Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan, which commenced April 1, 1993, is a defined contribution plan covering all full-time employees of the Company who have six months of service and have attained an age of twenty-one years or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions. Each year, participants may contribute pretax compensation, as defined in the Plan, subject to an annual limitation and subject to anti-discrimination testing. For calendar years 2012 and 2011, the limitations were $17,000 and $16,500, respectively. The Plan was amended on January 1, 2003, to allow catch-up contributions for those participants who are 50 by the end of the plan year. For calendar year 2012, the allowable catch-up contribution was $5,500. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various accounts designated by AXA Equitable Life Insurance Company under a group annuity contract or funding agreement issued to the trustee pursuant to the terms of the trust. Prior to January 1, 2003, the Company contributed 10 percent of the amount that a participant contributed to the Plan. These employer contributions were invested as the participant directed. Effective January 1, 2003, the Plan was amended to discontinue employer contributions. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. No additional contributions were made by the Company during the years ended December 31, 2012 and 2011.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and is charged with an allocation of administrative expenses paid by the Plan. Bases of allocations are defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Forfeited Accounts. Forfeited accounts totaled $0 for the years ended December 31, 2012 and 2011.

NOTE 1 - DESCRIPTION OF THE PLAN - continued

Participant Loans. Prior to January 1, 2000, a participant could borrow from their accounts, for any reason, a minimum of $1,000 to a maximum equal to the lesser of one-half of the vested account balance or $50,000 reduced by the highest outstanding loan balance during the prior one-year period. Loan terms are a maximum of five years except in the case of a loan for the purpose of obtaining a primary residence. The term of such loan was determined by the employer. Loans were secured by the balance in the participant's account and bore interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions. Effective January 1, 2000, the Plan was amended and no new loans to participants were allowed.

Payment of Benefits. Upon retirement, death, disability or termination of employment, a participant's vested balance is paid to the participant or to the participant's beneficiaries in a lump sum, installments, or in any combination of the two. If the vested amount is less than $1,000, it is payable in a lump sum unless the employee makes an election otherwise within 60 days. If the vested balance is less than $5,000 but greater than $1,000, the account is rolled over to an IRA, unless the employee instructs otherwise within 60 days. Hardship withdrawals are permitted.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared on the modified cash basis of accounting.

Estimates. The preparation of financial statements in conformity with the generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Payment of Benefits. Benefits are recorded when paid.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Effective January 1, 2008, AXA Equitable Life Insurance Company adopted *ASC 820-10* (formerly known as *SFAS No. 157*), "Fair Value Measurements". Fair Value is defined under *ASC 820-10* as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES – continued

ASC 820-10 also establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value, and identifies three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices for identical instruments in active markets.
Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar instruments, quoted prices in markets that are not active, and inputs to model-derived valuations that are not directly observable or can be corroborated by observable market data.
Level 3: Unobservable inputs in which there is little or no market data, which requires the reporting entity to develop its own assumptions.

All investments and receivable assets of each pooled separate accounts (Schedule 1) are classified as Level 1.

NOTE 3 – GUARANTEED INTEREST OPTION "GIO"

The Plan's Contract includes a Guaranteed Interest Option "GIO". Under the terms of the Contract any amount allocated to the GIO becomes part of the general account. AXA Equitable is the owner of the assets in the general account. The value in the GIO at any time will equal contributions and transfers, plus interest, minus withdrawals and transfers out of the option and administrative expenses. Daily interest is credited to the GIO and there are three levels of interest in effect at the same time in the GIO:

1. the minimum interest rate guaranteed over the life of the contract,
2. the annual minimum guaranteed interest rate for the calendar year, and
3. the current interest rate.

The contract account value which is equal to the contract cash surrender value as of December 31, 2012 and 2011 is $1,120,927 and $957,802, respectively and is a nonparticipant directed investment that represents 5% or more of net assets available for benefits. The GIO crediting rate as of December 31, 2012 and 2011 is 2.5% and the contract minimum interest rate is 2.5%.

NOTE 4 - RELATED PARTY TRANSACTIONS

The Plan receives accounting and management services from the plan sponsor without charge. Additionally, the Plan uses property and equipment owned by the plan sponsor without charge. All costs and fees of the Plan (excluding administrative fees paid to Equitable) are paid by the Plan sponsor.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100% vested in their accounts.

NOTE 6 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by *29 CFR 2520.103-8* of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 8 - INCOME TAX STATUS

The Plan has adopted a master plan. The Internal Revenue Service has informed AXA Equitable Life Insurance Company by a letter dated March 27, 1997, that the form of the Plan is acceptable, under *Internal Revenue Code Section 401*, for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in registered investment companies and has a variable annuity contract with underlying investments in registered investment companies. Investments in general are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – SUBSEQUENT REVIEW

Subsequent events have been evaluated through September 10, 2013, which was the date the financial statements were available to be issued.
