INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
of the Aquinas Companies Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Aquinas Companies Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U.S. generally accepted auditing standards ("GAAS"). Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011 that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule - Schedule H, line 4i, which is the responsibility of management, is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. GAAS and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

Aquinas Companies Profit Sharing Plan

Notes to Financial Statements

December 31, 2012

Note 1 - Description of the Plan

General

The Aquinas Companies Profit Sharing Plan (the "Plan") was adopted on April 1, 1980, by Aquinas Companies, LLC (the "Company" or "Employer"). It is a defined contribution plan covering salaried employees, regardless of age, who become members of the Plan in the month following their employment date, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Company serves as administrator of the Plan. The Plan's trustee is Fidelity Management Trust Company ("Fidelity" or "Trustee"). Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

Contributions

Participants may designate a percentage of their eligible compensation for investment in the Plan. The Plan has an automatic enrollment provision. Upon meeting the eligibility requirement, employees are automatically enrolled in the Plan at 6% of the employee's compensation. Employees may elect a different percentage or elect to not participate in the Plan by notifying the Company. Participants can elect to contribute, on a pre-tax basis, up to an annual maximum of the lesser of 60% of eligible compensation or $17,000 in calendar year 2012 and $16,500 in calendar year 2011, as dictated by the Internal Revenue Code ("IRC") regulations. Participants may elect to contribute a percentage of their compensation on an after-tax basis up to an annual maximum of 10% of eligible compensation. Participants, who are age 50 or older by the end of the calendar year and are making deferral contributions to the Plan, may also make catch-up contributions up to the limit dictated by the IRC, which was $5,500 in 2012 and 2011.

The Company makes matching contributions in amounts equal to 50% of the participant's first 6% of pre-tax contributions.

The Company has the option to make annual discretionary profit sharing contributions in an amount to be determined by the Company's Board of Directors at the Plan's year end. Profit sharing contributions are allocated in the ratio of the participant's eligible compensation to total compensation for all eligible participants. In 2012 and 2011, the Company did not make discretionary contributions.

Vesting

Participants are 100% vested in their pre-tax and after-tax contributions and earnings thereon. The Employer contributions and earnings thereon vest in accordance with the following:

Years of Service	Percent Vested
1	20%
2	40%
3	60%
4	80%
5	100%

Note 1 - Description of the Plan (Continued)

Participant accounts

Each participant's account is credited with an allocation of the participant's contribution, the Company's matching contribution, the Company's discretionary profit sharing contribution, Plan earnings/losses and expenses. Allocations are based on participant compensation and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes receivable from participants

Participants may borrow from their accounts a minimum amount of $1,000 up to a maximum of the lesser of $50,000 or one-half of the participant's vested account balance. Repayments are made on the notes via payroll deductions over a term generally not to exceed five years unless for the purchase of a principal residence which cannot exceed ten years.

Payment of benefits

Upon termination of service, a participant can elect to receive either a lump-sum amount equal to the value of his or her vested account balance or periodic installments for any certain term as defined by the Plan.

If the value of the participant's account balance is less than $1,000, the payment may be made in cash in a single lump sum without the participant's consent. If the participant's account balance is between $1,000 and $5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant.

Forfeitures

When certain terminations of participation occur, the non-vested portion of the participant's account balance, as defined by the Plan, represents a forfeiture. Forfeitures are retained in the Plan and can be used to reduce future Company contributions or pay certain administrative expenses of the Plan. During 2012 and 2011, $130,038 and $0 of forfeitures were used to reduce Company contributions, respectively. During 2012 and 2011, $3,775 and $175 of forfeitures were used to pay administrative expenses, respectively. As of December 31, 2012 and 2011, $25,865 and $96,465 of non-vested forfeited accounts were available to reduce future Company contributions and pay administrative expenses of the Plan, respectively.

Note 2 - Significant Accounting Policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Note 2 - Significant Accounting Policies (Continued)

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results may differ from these estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair value of investments held at year end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year.

The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Financial instruments and credit risk

The participants' funds may be invested in various types of investment securities which are not insured by the federal government. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances. Plan participants bear the risk of any Plan investment losses.

Administrative expenses

Administrative expenses of the Plan, if not paid by the Plan, are paid by the Company.

Distributions

Distributions to participants are recorded upon distribution.

Note 2 - Significant Accounting Policies (Continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon terms of the Plan document, upon liquidation of their account balance.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments in a money market fund and mutual funds are valued daily at the net asset value of shares or units held by the Plan based on the quoted market value of the underlying assets. This valuation may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation method is considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair Value Measurements (Continued)

During 2012 and 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $3,110,031 and $(1,562,361), respectively.

Note 5 - Information Certified by the Trustee (Unaudited)

For Plan years 2012 and 2011, the financial information included in the Plan's financial statements and Schedule H, line 4i, except for contributions receivable, contributions, benefits paid to participants and administrative expenses, has been derived from information certified as complete and accurate by the Trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 6 - Party-In-Interest Transactions

Certain Plan investments are shares in a money market fund and mutual funds managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions.

Note 7 - Tax Status

The Plan has adopted a prototype plan document, which obtained its latest opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the prototype plan, as designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan recognizes in the financial statements the impact of uncertain tax positions taken only if it is more likely than not of being sustained upon examination by the taxing authority based on the technical merits of the position. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination and after receipt of a determination letter from the Internal Revenue Service as to such termination, all participants will become 100% vested in their accounts and the Trustee will distribute to each participant the amount certified by the Plan's benefit committee as then credited to the account of the participant.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 as of December 31:
