Independent Auditor's Report

To the Plan Administrator of
DolEx Dollar Express, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Dolex Dollar Express, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by The Hartford Life Insurance Company (Hartford), the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
We were engaged to audit the financial statements as a whole. The supplemental schedules listed in the accompanying index, which are the responsibility of plan management, are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DolEx Dollar Express, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2012 and 2011

Note 1: Description of Plan

The following description of DolEx Dollar Express, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan, established June 1, 2010, covering substantially all employees of DolEx Dollar Express, Inc. (the Plan Sponsor or the Company). All assets of DolEx Dollar Express, Inc. employees who were participants in the Global Payments 401(k) Plan on June 1, 2010 were transferred to the Plan at inception.

In order to participate in the Plan, employees must be at least twenty-one years of age and have completed 31 days of service. An employee continues to be eligible to participate in the Plan unless the employee incurs a break in service of 12 consecutive months. Allowable breaks in service include absences due to birth, pregnancy, adoption of children, military service or other service during a national emergency during which the employee's re-employment under a Federal or state law is protected and the employee does return to work within the time required by law. Employees are permitted to enter the Plan immediately upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may deposit pretax contributions to the Plan of up to 75% of their annual compensation, subject to limitations under the IRC. Participants age fifty and older are also allowed to deposit catch-up contributions.

The Plan Sponsor may match, subject to limitations under the IRC, a portion of each participant's pretax contributions up to 6% of each participant's compensation. The amount of matching contribution, if any, is determined by the Plan Sponsor each year. During 2012, the Plan Sponsor did not provide any matching contributions.

In addition to any matching contribution, the Plan Sponsor may make qualified matching contributions and discretionary qualified nonelective contributions to all eligible participants. The Plan Sponsor may also make discretionary employer contributions. In general, a participant must be employed by the Plan Sponsor on the last day of the year or have retired, died or become disabled during the plan year to share in the allocation of such contributions. Such additional discretionary contributions are subject to limitations under the IRC. There were no such contributions during 2012.

At the discretion of the plan administrator, employees of the Plan Sponsor may deposit rollover contributions from another qualified plan. Rollover contributions may be made even though an employee is not eligible to participate in the Plan. Rollover contributions are placed in a separate account and are subject to the rules for investment established by the plan administrator.

Administration

Reliance Trust Company (Reliance or the Trustee) serves as trustee of the Plan. The Trustee holds title to the assets. The Plan Sponsor serves as the plan administrator. The plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. The plan administrator has designated The Hartford Life Insurance Company (Hartford or the Custodian) as custodian of the Plan. The Custodian receives all contributions made under the Plan, holds plan assets, pays benefits to participants and executes other transactions as directed by the plan administrator (Notes 4 and 7).

The plan administrator has engaged Hartford as the third-party administrator to assist in the administration of the Plan.

Expenses

Administrative expenses of the Plan are primarily paid by the Plan and the Plan Sponsor. These expenses include, but are not limited to, investment expenses and certain recordkeeping fees. However, transaction fees for notes receivable from participants are paid from the borrowing participant's account. Legal, accounting and certain other recordkeeping fees are paid by the Plan Sponsor. A proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Participant Accounts

Each participant account is credited with pretax and rollover contributions made by the participant, the Plan Sponsor's contributions and plan earnings. Earnings, expenses and gains and losses on investments are allocated based on participant account balances, as defined in the plan document.

Vesting

Participant vesting in Plan Sponsor contributions and income earned thereon is based on years of service during which an employee is credited with at least 1,000 hours of service with a Plan Sponsor. An employee must exceed 500 hours of service to avoid a break in vesting service. All participants become 100% vested after five years of service. The vesting percentages are as follows:

Years of service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants also become 100% vested upon termination of the Plan, reaching the normal retirement age of sixty-five, disability or death while an employee of the Plan Sponsor.

Any portion of a participant's account balance attributable to pretax or rollover contributions is 100% vested at the time of contribution and is not subject to forfeiture.

Investment Options

Participants are required to make participant-directed allocations of their accounts among various investment options, including certain options for which the Custodian or its affiliates serve as investment advisors selected by the plan administrator (Notes 4 and 7).

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Generally, participants are limited to two outstanding notes at a time, secured by the participant's account balance and payable in level periodic payroll deductions over a period not to exceed five years. A note used for financing the purchase of a participant's principal residence may be repaid over a reasonable period of time as determined at the time the note is made as defined by IRC section 121. The interest rate on a participant's note is determined by the plan administrator based on prevailing rates at the time of the note. Interest rates on notes receivable are 3.25% as of December 31, 2012 and 2011. Principal and interest are paid ratably through biweekly payroll deductions.

Withdrawals

In general, a participant may withdraw up to 100% of the vested account balance, excluding certain Plan Sponsor contributions, in the event of a participant's financial hardship, as defined in the plan document. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. If a participant makes a hardship withdrawal, the right to make pretax contributions will be suspended for six months.

In general, in-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant after reaching the early retirement age of fifty-nine and one-half.

Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or an annuity option, as defined in the plan document.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account, through a lump sum distribution or through a single sum distribution of a portion of the account balance. The Plan may, upon termination of service of a participant for any reason, automatically distribute the benefits owed if the account balance is $5,000 or less.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Nonvested account balances of terminated employees are forfeited upon the earlier of complete distribution of the vested portion of their account or after five breaks in service, subject to reinstatement before the end of five breaks in service, as defined in the plan document. Forfeitures of terminated employees' nonvested accounts will be used to offset administrative expenses then to reduce Plan Sponsor contributions, as defined in the plan document. There were no forfeitures in 2012.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Risks and Uncertainties

The Plan's invested assets ultimately consist of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Subsequent Events

The Plan Sponsor has evaluated for subsequent events between the date of the statement of net assets available for benefit of December 31, 2012 and the report date, which is the date these financial statements were available for issuance. Management has concluded there were no subsequent events requiring recognition in the financial statements or disclosure.

Note 3: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) establishes a framework of measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three Levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement Level within the fair value hierarchy is based on the lowest Level of the input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Hartford offers the Plan certain services exclusively through a group annuity contract. This contract consists of a guaranteed account that invests only in the guaranteed investment contract, as defined in the contract, and a separate account that invests in various mutual funds, as defined in the contract. All contributions to the guaranteed account are maintained in the Hartford's general account. Guaranteed interest rates and maturity dates are revised periodically by Hartford subject to contractual limitations in certain circumstances, such as termination of the Plan or reduction in the number of participants, as defined in the contract. Interest was credited at a minimum rate of 3.00% in 2012 and 2011. All contributions to the separate account are maintained in pooled separate accounts that invest in mutual funds. Hartford owns the shares of the mutual funds, and the contract is assigned rights of ownership based on units in the pooled separate accounts.

Investments in the pooled separate accounts are valued at fair value, which has been determined by Hartford based on the unit values of the underlying investments. Unit values are determined daily based on quoted market prices of the underlying investments, net of withdrawals and administrative expenses charged by Hartford.

Investments in the guaranteed investment contract are not considered fully benefit-responsive; accordingly, the guaranteed investment contract has been valued at fair value, which has been determined by Hartford based on the guaranteed interest rates, net of withdrawals and administrative expenses charged by Hartford.

Net appreciation/depreciation in the fair value of pooled separate accounts and guaranteed investment contract represents the change in fair value during the year, including realized and unrealized gains and losses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflection of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

Note 4: Information Certified by the Custodian (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such certified information to information included in the Plan's financial statements and supplemental information:

Statements of net assets available for benefits:	2012	2011
Investments:		
Pooled separate accounts	$ 1,703,581	$ 1,516,487
Guaranteed investment contract	563,671	598,514

Pimco Total Return R	135,631
Pru Jennison Mid Cap Growth R	120,919
Thornburg International Value R3	115,400

Note 5: Tax Status

The Plan Sponsor entered into a non-standardized adoption agreement of the *PDS Advantage Volume Submitter 401(k) Savings/PS Plan* (the prototype plan). The prototype plan received a favorable opinion letter from the IRS on March 31, 2008 which stated that the prototype plan and related trust were designed in accordance with the applicable sections of the IRC. The plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax-exempt as of December 31, 2012.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 6: Reconciliation to Form 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. A reconciliation of the amounts appearing on the Form 5500 to the accompanying financial statements follows:

Net Assets Available for Benefits	**2012**	**2011**
Net assets, as reported on Form 5500	$ 2,505,953	$ 2,274,165
Adjustment to accrue participant contributions receivable	215	11,970
Adjustment for excess contributions payable	(80,249)	(9,900)
Net assets, as reported in the accompanying financial statements	$ 2,425,919	$ 2,276,235

Changes in Net Assets Available for Benefits	
Increase in net assets, as reported on Form 5500	$ 231,788
Adjustment to accrue current year participant contributions receivable	215
Adjustment to reverse prior year participant contributions receivable	(11,970)
Adjustment for excess contributions payable	(80,249)
Adjustment to reverse prior year excess contributions payable	9,900
Decrease in net assets, as reported in the accompanying financial statements	$ 149,684

Note 7: Party-in-Interest Transactions

Hartford performed services for, sold products to and managed and maintained certain investments for the Plan for which fees are charged to the Plan. While the Plan pays most of the fees, a portion is paid by the Plan Sponsor. Party-in-interest transactions also include notes receivable from participants.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 9: Prohibited Transactions

The Plan Sponsor deducted, via payroll withholding, an aggregate of $2,833 during 2011 from participants' gross wages that were not remitted timely to the Plan in accordance with Department of Labor regulations. During 2012, the Company filed Form 5330 with the IRS for all late remittances and remitted the required excise tax on the transactions. In addition, during 2012, the Plan Sponsor made restoration contributions to the Plan for lost earnings.

Note 10: Excess Contribution Payable

During 2012 and 2011, the Plan was not in compliance with IRC Section 401(k). As a result, excess contributions totaling $80,249 and $9,900 were payable to certain participants at December 31, 2012 and 2011, respectively. Such amounts were deducted from participant contributions in the accompanying statement of changes in net assets available for benefits and are included in excess contributions payable in the statements of net assets available for benefits.

Independent Auditor's Report

To the Plan Administrator of
DolEx Dollar Express, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Dolex Dollar Express, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by The Hartford Life Insurance Company (Hartford), the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
We were engaged to audit the financial statements as a whole. The supplemental schedules listed in the accompanying index, which are the responsibility of plan management, are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DolEx Dollar Express, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2012 and 2011

Note 1: Description of Plan

The following description of DolEx Dollar Express, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan, established June 1, 2010, covering substantially all employees of DolEx Dollar Express, Inc. (the Plan Sponsor or the Company). All assets of DolEx Dollar Express, Inc. employees who were participants in the Global Payments 401(k) Plan on June 1, 2010 were transferred to the Plan at inception.

In order to participate in the Plan, employees must be at least twenty-one years of age and have completed 31 days of service. An employee continues to be eligible to participate in the Plan unless the employee incurs a break in service of 12 consecutive months. Allowable breaks in service include absences due to birth, pregnancy, adoption of children, military service or other service during a national emergency during which the employee's re-employment under a Federal or state law is protected and the employee does return to work within the time required by law. Employees are permitted to enter the Plan immediately upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may deposit pretax contributions to the Plan of up to 75% of their annual compensation, subject to limitations under the IRC. Participants age fifty and older are also allowed to deposit catch-up contributions.

The Plan Sponsor may match, subject to limitations under the IRC, a portion of each participant's pretax contributions up to 6% of each participant's compensation. The amount of matching contribution, if any, is determined by the Plan Sponsor each year. During 2012, the Plan Sponsor did not provide any matching contributions.

In addition to any matching contribution, the Plan Sponsor may make qualified matching contributions and discretionary qualified nonelective contributions to all eligible participants. The Plan Sponsor may also make discretionary employer contributions. In general, a participant must be employed by the Plan Sponsor on the last day of the year or have retired, died or become disabled during the plan year to share in the allocation of such contributions. Such additional discretionary contributions are subject to limitations under the IRC. There were no such contributions during 2012.

At the discretion of the plan administrator, employees of the Plan Sponsor may deposit rollover contributions from another qualified plan. Rollover contributions may be made even though an employee is not eligible to participate in the Plan. Rollover contributions are placed in a separate account and are subject to the rules for investment established by the plan administrator.

Administration

Reliance Trust Company (Reliance or the Trustee) serves as trustee of the Plan. The Trustee holds title to the assets. The Plan Sponsor serves as the plan administrator. The plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. The plan administrator has designated The Hartford Life Insurance Company (Hartford or the Custodian) as custodian of the Plan. The Custodian receives all contributions made under the Plan, holds plan assets, pays benefits to participants and executes other transactions as directed by the plan administrator (Notes 4 and 7).

The plan administrator has engaged Hartford as the third-party administrator to assist in the administration of the Plan.

Expenses

Administrative expenses of the Plan are primarily paid by the Plan and the Plan Sponsor. These expenses include, but are not limited to, investment expenses and certain recordkeeping fees. However, transaction fees for notes receivable from participants are paid from the borrowing participant's account. Legal, accounting and certain other recordkeeping fees are paid by the Plan Sponsor. A proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Participant Accounts

Each participant account is credited with pretax and rollover contributions made by the participant, the Plan Sponsor's contributions and plan earnings. Earnings, expenses and gains and losses on investments are allocated based on participant account balances, as defined in the plan document.

Vesting

Participant vesting in Plan Sponsor contributions and income earned thereon is based on years of service during which an employee is credited with at least 1,000 hours of service with a Plan Sponsor. An employee must exceed 500 hours of service to avoid a break in vesting service. All participants become 100% vested after five years of service. The vesting percentages are as follows:

Years of service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants also become 100% vested upon termination of the Plan, reaching the normal retirement age of sixty-five, disability or death while an employee of the Plan Sponsor.

Any portion of a participant's account balance attributable to pretax or rollover contributions is 100% vested at the time of contribution and is not subject to forfeiture.

Investment Options

Participants are required to make participant-directed allocations of their accounts among various investment options, including certain options for which the Custodian or its affiliates serve as investment advisors selected by the plan administrator (Notes 4 and 7).

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Generally, participants are limited to two outstanding notes at a time, secured by the participant's account balance and payable in level periodic payroll deductions over a period not to exceed five years. A note used for financing the purchase of a participant's principal residence may be repaid over a reasonable period of time as determined at the time the note is made as defined by IRC section 121. The interest rate on a participant's note is determined by the plan administrator based on prevailing rates at the time of the note. Interest rates on notes receivable are 3.25% as of December 31, 2012 and 2011. Principal and interest are paid ratably through biweekly payroll deductions.

Withdrawals

In general, a participant may withdraw up to 100% of the vested account balance, excluding certain Plan Sponsor contributions, in the event of a participant's financial hardship, as defined in the plan document. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. If a participant makes a hardship withdrawal, the right to make pretax contributions will be suspended for six months.

In general, in-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant after reaching the early retirement age of fifty-nine and one-half.

Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or an annuity option, as defined in the plan document.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account, through a lump sum distribution or through a single sum distribution of a portion of the account balance. The Plan may, upon termination of service of a participant for any reason, automatically distribute the benefits owed if the account balance is $5,000 or less.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Nonvested account balances of terminated employees are forfeited upon the earlier of complete distribution of the vested portion of their account or after five breaks in service, subject to reinstatement before the end of five breaks in service, as defined in the plan document. Forfeitures of terminated employees' nonvested accounts will be used to offset administrative expenses then to reduce Plan Sponsor contributions, as defined in the plan document. There were no forfeitures in 2012.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Risks and Uncertainties

The Plan's invested assets ultimately consist of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Subsequent Events

The Plan Sponsor has evaluated for subsequent events between the date of the statement of net assets available for benefit of December 31, 2012 and the report date, which is the date these financial statements were available for issuance. Management has concluded there were no subsequent events requiring recognition in the financial statements or disclosure.

Note 3: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) establishes a framework of measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three Levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement Level within the fair value hierarchy is based on the lowest Level of the input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Hartford offers the Plan certain services exclusively through a group annuity contract. This contract consists of a guaranteed account that invests only in the guaranteed investment contract, as defined in the contract, and a separate account that invests in various mutual funds, as defined in the contract. All contributions to the guaranteed account are maintained in the Hartford's general account. Guaranteed interest rates and maturity dates are revised periodically by Hartford subject to contractual limitations in certain circumstances, such as termination of the Plan or reduction in the number of participants, as defined in the contract. Interest was credited at a minimum rate of 3.00% in 2012 and 2011. All contributions to the separate account are maintained in pooled separate accounts that invest in mutual funds. Hartford owns the shares of the mutual funds, and the contract is assigned rights of ownership based on units in the pooled separate accounts.

Investments in the pooled separate accounts are valued at fair value, which has been determined by Hartford based on the unit values of the underlying investments. Unit values are determined daily based on quoted market prices of the underlying investments, net of withdrawals and administrative expenses charged by Hartford.

Investments in the guaranteed investment contract are not considered fully benefit-responsive; accordingly, the guaranteed investment contract has been valued at fair value, which has been determined by Hartford based on the guaranteed interest rates, net of withdrawals and administrative expenses charged by Hartford.

Net appreciation/depreciation in the fair value of pooled separate accounts and guaranteed investment contract represents the change in fair value during the year, including realized and unrealized gains and losses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflection of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

Note 4: Information Certified by the Custodian (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such certified information to information included in the Plan's financial statements and supplemental information:

Statements of net assets available for benefits:	2012	2011
Investments:		
Pooled separate accounts	$ 1,703,581	$ 1,516,487
Guaranteed investment contract	563,671	598,514

Pimco Total Return R	135,631
Pru Jennison Mid Cap Growth R	120,919
Thornburg International Value R3	115,400

Note 5: Tax Status

The Plan Sponsor entered into a non-standardized adoption agreement of the *PDS Advantage Volume Submitter 401(k) Savings/PS Plan* (the prototype plan). The prototype plan received a favorable opinion letter from the IRS on March 31, 2008 which stated that the prototype plan and related trust were designed in accordance with the applicable sections of the IRC. The plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax-exempt as of December 31, 2012.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 6: Reconciliation to Form 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. A reconciliation of the amounts appearing on the Form 5500 to the accompanying financial statements follows:

Net Assets Available for Benefits	**2012**	**2011**
Net assets, as reported on Form 5500	$ 2,505,953	$ 2,274,165
Adjustment to accrue participant contributions receivable	215	11,970
Adjustment for excess contributions payable	(80,249)	(9,900)
Net assets, as reported in the accompanying financial statements	$ 2,425,919	$ 2,276,235

Changes in Net Assets Available for Benefits	
Increase in net assets, as reported on Form 5500	$ 231,788
Adjustment to accrue current year participant contributions receivable	215
Adjustment to reverse prior year participant contributions receivable	(11,970)
Adjustment for excess contributions payable	(80,249)
Adjustment to reverse prior year excess contributions payable	9,900
Decrease in net assets, as reported in the accompanying financial statements	$ 149,684

Note 7: Party-in-Interest Transactions

Hartford performed services for, sold products to and managed and maintained certain investments for the Plan for which fees are charged to the Plan. While the Plan pays most of the fees, a portion is paid by the Plan Sponsor. Party-in-interest transactions also include notes receivable from participants.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 9: Prohibited Transactions

The Plan Sponsor deducted, via payroll withholding, an aggregate of $2,833 during 2011 from participants' gross wages that were not remitted timely to the Plan in accordance with Department of Labor regulations. During 2012, the Company filed Form 5330 with the IRS for all late remittances and remitted the required excise tax on the transactions. In addition, during 2012, the Plan Sponsor made restoration contributions to the Plan for lost earnings.

Note 10: Excess Contribution Payable

During 2012 and 2011, the Plan was not in compliance with IRC Section 401(k). As a result, excess contributions totaling $80,249 and $9,900 were payable to certain participants at December 31, 2012 and 2011, respectively. Such amounts were deducted from participant contributions in the accompanying statement of changes in net assets available for benefits and are included in excess contributions payable in the statements of net assets available for benefits.
