Report on the Financial Statements

We were engaged to audit the accompanying financial statements of M & R Printing Equipment, Inc. and Subsidiaries Profit Sharing and 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Bank of America, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matter

The supplemental schedule of assets (held at end of year) as of or for the year ended December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following brief description of the M & R Printing Equipment, Inc. and Subsidiaries Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of M & R Printing Equipment, Inc. and Subsidiaries (the Company) over the age of 20-1/2 years, who have six months of continuous service. Bank of America, N.A., serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Employees may elect to contribute a percentage (not to exceed 80%) of their compensation to the Plan on a tax-deferred basis. The Company may make discretionary matching contributions as determined by the board on a year-to-year basis. For the year ended December 31, 2012, there were no discretionary matching contributions. Profit-sharing contributions are made at the discretion of the Company and are distributed to those participants actively employed by the Company on the last day of the Plan year based on their compensation, as defined. For the year ended December 31, 2012, there were no discretionary profit-sharing contributions.

Participant accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and receives an allocation of the Company's discretionary contribution and Plan earnings, and is charged with an allocation of administrative expenses and Plan investment losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and the Company's matching contributions plus actual earnings thereon. Employees vest in the profit-sharing contributions 20% each year starting after two years of service, becoming fully vested after six years of service.

Investment options: Upon enrollment in the Plan, a participant may direct employee and Company contributions in a variety of investment choices. Participants may change their investment options at any time.

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from 1-5 years or up to a longer reasonable period of time for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 8.50%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: Upon retirement, death, disability, or termination of service, participants (or the participants' beneficiaries) may elect to receive either a lump-sum payment or payment in substantially equal installments over a period not to extend beyond the participant's or beneficiary's life expectancy.

Forfeitures: At December 31, 2012 and 2011, forfeited nonvested accounts totaled $2,161 and $1,953, respectively. Forfeitures are used to reduce Company contributions and offset administrative expenses of the Plan. For the year ended December 31, 2012, no forfeitures were used to reduce Company contributions and no forfeitures were used to offset administrative expenses.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. As of December 31, 2012, fair value approximated contract value.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are paid by the Plan as provided in the Plan document.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Recent accounting pronouncements: In May 2011, the Financial Accounting Standards Board (FASB) issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs, (ASU 2011-04).* ASU 2011-04 amended ASC 820, *Fair Value Measurements*. This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. See Note 4 for impact of adoption.

Note 2. Significant Accounting Policies (Continued)

In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The adoption of ASU 2012-04 is not expected to have a material impact on subsequent periods.

Subsequent events: The Company has evaluated subsequent events for potential recognition and/or disclosure through August 13, 2013, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Bank of America, N.A. (Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2012	2011
Shares of common/collective trust, at contract value	$ 6,033,444	$ 5,844,381
Shares of registered investment companies	$ 8,621,011	$ 7,751,132
Notes receivable from participants	$ 513,249	$ 610,448
Net appreciation in fair value of investments	$ 682,208	
Dividends and interest	$ 376,033	
Interest income on notes receivable from participants	$ 46,958	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Shares of common/collective trust: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2012 and 2011:

Note 4. Fair Value Measurements (Continued)

The following tables set forth the fair value of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2012 and 2011:

Investment	Fair Value December 31, 2012	2011	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Federated Capital Preservation (a)	$ 6,139,491	$ 5,971,089	$ -	Daily	12 months

(a) The objective of this investment is to obtain high current income and stability of principal. This is being done through investing in market funds, traditional guaranteed investment contracts, separate account guaranteed investment contracts, and synthetic guaranteed investment contracts. Investments in this category can be redeemed immediately for the purpose of funding a bona fide benefit payment, making a participant loan, honoring an employee-directed transfer to another investment that is a noncompeting investment, or paying Trustee fees. Any other purposes will be funded generally upon 12 months' notice. The fair value of investments in this category has been estimated using the net asset value per share of the investments.

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers in or out of Levels 1, 2, or 3.

Note 5. Investments

The following table presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2012 and 2011.

	2012	2011
Federated Capital Preservation, at fair value	$ 6,139,491	$ 5,971,089
Federated Capital Preservation, at contract value	6,033,444	5,844,381
Jennison 20/20 Focus	1,085,667	*
Delaware Invstmnt Div Inc CL A	940,168	*
Merrill Lynch Trust Company, Blackrock Equity Dividend A	1,424,742	825,778
Goldman Sachs Small Mid-Cap	945,367	*

* Represents less than 5 percent of the Plan's net assets at year-end.

During the year ended December 31, 2012, the Plan's investments in shares of registered investment companies (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by $682,208.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Bank of America, N.A. Bank of America, N.A., is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Bank of America, N.A. were $4,939 for the year ended December 31, 2012.

Certain employees of the Company provide administrative services to the Plan. These employees do not receive any compensation from the Plan for their services. Certain other administrative fees are paid by the Company.

Note 8. Tax Status

Effective January 1, 2009, the Plan adopted a non-standardized form of a prototype plan sponsored by Merrill Lynch, Pierce, Fenner & Smith Incorporated. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since its adoption. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2012 and 2011:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of M & R Printing Equipment, Inc. and Subsidiaries Profit Sharing and 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Bank of America, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matter

The supplemental schedule of assets (held at end of year) as of or for the year ended December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following brief description of the M & R Printing Equipment, Inc. and Subsidiaries Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of M & R Printing Equipment, Inc. and Subsidiaries (the Company) over the age of 20-1/2 years, who have six months of continuous service. Bank of America, N.A., serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Employees may elect to contribute a percentage (not to exceed 80%) of their compensation to the Plan on a tax-deferred basis. The Company may make discretionary matching contributions as determined by the board on a year-to-year basis. For the year ended December 31, 2012, there were no discretionary matching contributions. Profit-sharing contributions are made at the discretion of the Company and are distributed to those participants actively employed by the Company on the last day of the Plan year based on their compensation, as defined. For the year ended December 31, 2012, there were no discretionary profit-sharing contributions.

Participant accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and receives an allocation of the Company's discretionary contribution and Plan earnings, and is charged with an allocation of administrative expenses and Plan investment losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and the Company's matching contributions plus actual earnings thereon. Employees vest in the profit-sharing contributions 20% each year starting after two years of service, becoming fully vested after six years of service.

Investment options: Upon enrollment in the Plan, a participant may direct employee and Company contributions in a variety of investment choices. Participants may change their investment options at any time.

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from 1-5 years or up to a longer reasonable period of time for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 8.50%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: Upon retirement, death, disability, or termination of service, participants (or the participants' beneficiaries) may elect to receive either a lump-sum payment or payment in substantially equal installments over a period not to extend beyond the participant's or beneficiary's life expectancy.

Forfeitures: At December 31, 2012 and 2011, forfeited nonvested accounts totaled $2,161 and $1,953, respectively. Forfeitures are used to reduce Company contributions and offset administrative expenses of the Plan. For the year ended December 31, 2012, no forfeitures were used to reduce Company contributions and no forfeitures were used to offset administrative expenses.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. As of December 31, 2012, fair value approximated contract value.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are paid by the Plan as provided in the Plan document.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Recent accounting pronouncements: In May 2011, the Financial Accounting Standards Board (FASB) issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs, (ASU 2011-04).* ASU 2011-04 amended ASC 820, *Fair Value Measurements*. This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. See Note 4 for impact of adoption.

Note 2. Significant Accounting Policies (Continued)

In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The adoption of ASU 2012-04 is not expected to have a material impact on subsequent periods.

Subsequent events: The Company has evaluated subsequent events for potential recognition and/or disclosure through August 13, 2013, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Bank of America, N.A. (Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2012	2011
Shares of common/collective trust, at contract value	$ 6,033,444	$ 5,844,381
Shares of registered investment companies	$ 8,621,011	$ 7,751,132
Notes receivable from participants	$ 513,249	$ 610,448
Net appreciation in fair value of investments	$ 682,208	
Dividends and interest	$ 376,033	
Interest income on notes receivable from participants	$ 46,958	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Shares of common/collective trust: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2012 and 2011:

Note 4. Fair Value Measurements (Continued)

The following tables set forth the fair value of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2012 and 2011:

Investment	Fair Value December 31, 2012	2011	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Federated Capital Preservation (a)	$ 6,139,491	$ 5,971,089	$ -	Daily	12 months

(a) The objective of this investment is to obtain high current income and stability of principal. This is being done through investing in market funds, traditional guaranteed investment contracts, separate account guaranteed investment contracts, and synthetic guaranteed investment contracts. Investments in this category can be redeemed immediately for the purpose of funding a bona fide benefit payment, making a participant loan, honoring an employee-directed transfer to another investment that is a noncompeting investment, or paying Trustee fees. Any other purposes will be funded generally upon 12 months' notice. The fair value of investments in this category has been estimated using the net asset value per share of the investments.

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers in or out of Levels 1, 2, or 3.

Note 5. Investments

The following table presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2012 and 2011.

	2012	2011
Federated Capital Preservation, at fair value	$ 6,139,491	$ 5,971,089
Federated Capital Preservation, at contract value	6,033,444	5,844,381
Jennison 20/20 Focus	1,085,667	*
Delaware Invstmnt Div Inc CL A	940,168	*
Merrill Lynch Trust Company, Blackrock Equity Dividend A	1,424,742	825,778
Goldman Sachs Small Mid-Cap	945,367	*

* Represents less than 5 percent of the Plan's net assets at year-end.

During the year ended December 31, 2012, the Plan's investments in shares of registered investment companies (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by $682,208.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Bank of America, N.A. Bank of America, N.A., is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Bank of America, N.A. were $4,939 for the year ended December 31, 2012.

Certain employees of the Company provide administrative services to the Plan. These employees do not receive any compensation from the Plan for their services. Certain other administrative fees are paid by the Company.

Note 8. Tax Status

Effective January 1, 2009, the Plan adopted a non-standardized form of a prototype plan sponsored by Merrill Lynch, Pierce, Fenner & Smith Incorporated. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since its adoption. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2012 and 2011:
