Independent Auditor's Report

To the Trustees of
Air Serv Corporate Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Air Serv Corporate Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by The Hartford Life Insurance Company (Hartford or the Trustee) of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Air Serv Corporate Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 1: Description of Plan

The following description of the Air Serv Corporate Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on June 1, 2004. The Plan is a defined contribution profit sharing plan covering substantially all employees of Air Serv Corporation and Air Serv Security, Inc. (collectively, the Company or the Plan Sponsor) who have completed six months of service. Participants may enter the Plan on the first day of the month following the date the eligibility requirement is met. Employees need not obtain a minimum age to become eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute, through payroll deductions, between 1% and 100% of eligible earnings, as defined in the plan document, not to exceed the statutory limit set by the Internal Revenue Code (IRC). The limit for 2012 was \$17,000. If the participant is at least age 50 before the end of the year then the participant may elect to defer additional amounts (catch-up contributions). The maximum catch-up contribution in 2012 was \$5,500. Participants are able to allocate the contributions among investment funds.

The Company may elect to make matching contributions to the Plan equal to a percentage of elective deferrals which will be determined by the Plan Sponsor each year. The Plan also accepts rollovers from other tax-qualified and tax-advantaged plans. For the year ended December 31, 2012, the Company did not approve a discretionary matching contribution.

In addition to any discretionary matching contributions, the Company may make discretionary qualified non-elective contributions to non-highly compensated employees and discretionary non-elective contributions to all eligible participants. Such additional discretionary contributions are subject to limitations under the IRC and are allocated to participants based on a pro rata allocation formula. There were no additional discretionary contributions in 2012.

Administration

The Hartford Life Insurance Company (Hartford) serves as trustee and custodian of the Plan pursuant to the plan agreement. The Trustee receives all contributions made under the Plan, holds plan assets and pays benefits to participants as directed by the plan administrator.

The Company serves as the plan administrator. The plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. The plan administrator engaged Hartford as a third-party administrator to assist in the administration of the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions (if any), and an allocation of plan earnings (losses). Allocations are based on account balances, as defined. Any profit sharing contribution is allocated to participants' accounts based on participants' annual compensation.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon. Participants are vested in employer contributions based on years of service. Vesting in the company contribution plus actual earnings thereon is 20% per year after the first year of service. A participant is 100% vested for matching contributions after five years of credited service. Participants become 100% vested upon normal retirement age of sixty-five, death or disability.

Notes Receivable from Participants and Withdrawals

Notes receivable from participants are not permitted by the Plan.

In general, a participant may withdraw up to 100% of the vested balance of elective deferrals (excluding certain earnings on pretax contributions) in the event of a participant's immediate financial hardship, as defined in the plan agreement. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. If a participant makes a hardship withdrawal, the right to make pretax contributions will be suspended for six months.

Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or payment in substantially equal installments. Participants may withdraw all or any portion of their rollover contributions at any time.

Participants withdrawing from the Plan due to termination of employment with the Plan Sponsor or attaining age fifty-nine and one half, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution. In general, if the participant's account balance, as defined in the plan agreement, is greater than \$5,000, the account may not be distributed without the participant's consent. However, regardless of the participant's election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is \$5,000 or less, as defined in the plan agreement.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties unless transferred to another qualified plan or individual retirement account.

Forfeitures

Forfeitures may be used by the Plan for several purposes such as the payment of plan expenses. Forfeitures of terminated employees' non-vested accounts are used to reduce Plan Sponsor contributions. There were no forfeitures for the year ended December 31, 2012.

Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Company. These expenses include, but are not limited to, legal, accounting and recordkeeping fees and investment expenses. For administrative expenses not paid by the Company, a proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements for the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Insurance securities are exposed to various market risks. Due to the level of risk associated with insurance securities, it is at least reasonably possible that changes in the values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Subsequent Events

The Company has evaluated subsequent events through the report date, which is the date these financial statements were issued. All subsequent events requiring recognition as of December 31, 2012, have been incorporated into the financial statements herein.

Note 3: Investments Certified by Plan Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Hartford, except for comparing such information to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year):

	2012	2011
Statements of net assets available for benefits:		
Investments:		
Mutual funds	\$ 607,433	\$ 524,906
Guaranteed investment contract	97,854	-
Collective investment trust	-	96,756
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of mutual funds	70,747	
Net appreciation on guaranteed investment contract	206	

A schedule of the fair value of the individual investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2012 is as follows:

Pimco Total Return	\$ 86,868
Legg Mason Clearbridge SC Growth	84,106
American Century SC Value	70,134
Lord Abbett Mid Cap Value	63,464
American Growth Fund	56,942
American Funds American Mutual	51,941
Hartford High Yield HLS	47,146
Franklin Templeton Foreign	37,913
Franklin Templeton GR Growth	35,895

A schedule of the fair value of the individual investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2011 is as follows:

SEI Stable Asset	\$ 96,756
Pimco Total Return	72,762
Legg Mason Clearbridge SC Growth	69,963
Lord Abbett Mid Cap Value	63,541
American Century SC Value	62,918
American Funds American Mutual	43,283
American Growth Fund	39,629
Hartford High Yield HLS	38,290
Franklin Templeton Foreign	37,207

The Trustee certified all investments and investment transactions as of December 31, 2012 and 2011. The certification included investment income, realized and unrealized gains and losses, and certain supplemental schedule information.

Note 4: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs from active markets, other than quoted prices for identical instruments, are used to model fair value. Significant inputs are directly observable from active markets for substantially the full term of the asset or liability being valued. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measured. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2012 and 2011:

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Collective investment trust: The investment includes an index fund. The Plan's interest in this trust is valued based on the net asset values reported by the trustee of the funds. Fair values for the underlying assets of the index fund were based on quoted prices in either active markets or observable inputs or quotations from inactive markets. The Plan's interest in the trust is categorized as Level 2 in the fair value hierarchy table.

Guaranteed investment contract: The guaranteed investment contract is valued at fair value, which is equal to the sum of the market value of all the contract investments as determined by the sponsoring financial institution. In accordance with Accounting Standards Codification (ASC) 960, this fair value is then adjusted to contract value, which is the sum of all benefits owed to trust participants.

The fully benefit-responsive contract provides that participants execute plan transactions at contract value. Interest rates are reset quarterly based on market rates of other similar investments and the current yield of the underlying investments and the spread between the market value and the contract value. The contract agreement states the rate cannot be less than zero. The average yield earned by the contract at December 31, 2012 was 2.00%, as the contract was guaranteed not to go below 2.00%. Certain events such as plan termination or a plan merger initiated by the Plan Sponsor may limit the ability of the Plan to transact at contract value. The Plan Sponsor does not believe any events that may limit the ability of the Plan to transact at contract value are probable.

The methods described above may produce fair value calculations that may not be indicative for net realized value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2012 and 2011:

Assets at fair value as of December 31, 2012:

Description	Level 1	Level 2	Level 3	Total

Total assets at fair value	<u>\$ 524,906</u>	<u>\$ 96,756</u>	<u>\$ -</u>	<u>\$ 621,662</u>

Note 5: Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, participating employees will become 100% vested in their accounts and no further contributions will be made to the Plan. The Company will direct the distribution of participating employees' accounts in a manner permitted by the Plan as soon as practical.

Note 6: Income Tax Status

The Plan Sponsor adopted a prototype volume submitted profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the IRS on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 7: Reconciliation to Form 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. A reconciliation of the amounts appearing on Form 5500 to the accompanying financial statements follows:

	2012	2011
Net Assets Available for Benefits		
Net assets, as reported on Form 5500	\$ 700,567	\$ 621,662
Adjustment to accrue current year contributions receivable	-	3,131
Adjustment to accrue current year excess contributions payable	<u>(6,945)</u>	<u>-</u>
Net assets, as reported in the accompanying financial statements	<u>\$ 693,622</u>	<u>\$ 624,793</u>

Changes in Net Assets Available for Benefits

Increase in net assets, as reported on Form 5500	\$ 78,905
Adjustment to accrue current year excess contributions payable	(6,945)
Adjustment to reverse prior year contributions receivable	<u>(3,131)</u>
Increase in net assets, as reported in the accompanying financial statements	<u>\$ 68,829</u>

Note 8: Excess Contributions

During 2012, the Plan was not in compliance with IRC Section 401(k)(3). As a result, excess contributions totaling \$6,945 were payable to certain participants at December 31, 2012. Such amounts were deducted from contributions in the accompanying statement of changes in net assets available for benefits and are included in excess contributions payable in the statements of net assets available for benefits.

Note 9: Party-in-Interest Transactions

Certain plan funds are invested in shares of mutual funds managed by Hartford, the Trustee of the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Hartford performed services for, sold products to and managed and maintained certain investments for the Plan for which fees are charged to the Plan.

Independent Auditor's Report

To the Trustees of
Air Serv Corporate Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Air Serv Corporate Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by The Hartford Life Insurance Company (Hartford or the Trustee) of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Air Serv Corporate Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 1: Description of Plan

The following description of the Air Serv Corporate Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on June 1, 2004. The Plan is a defined contribution profit sharing plan covering substantially all employees of Air Serv Corporation and Air Serv Security, Inc. (collectively, the Company or the Plan Sponsor) who have completed six months of service. Participants may enter the Plan on the first day of the month following the date the eligibility requirement is met. Employees need not obtain a minimum age to become eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute, through payroll deductions, between 1% and 100% of eligible earnings, as defined in the plan document, not to exceed the statutory limit set by the Internal Revenue Code (IRC). The limit for 2012 was \$17,000. If the participant is at least age 50 before the end of the year then the participant may elect to defer additional amounts (catch-up contributions). The maximum catch-up contribution in 2012 was \$5,500. Participants are able to allocate the contributions among investment funds.

The Company may elect to make matching contributions to the Plan equal to a percentage of elective deferrals which will be determined by the Plan Sponsor each year. The Plan also accepts rollovers from other tax-qualified and tax-advantaged plans. For the year ended December 31, 2012, the Company did not approve a discretionary matching contribution.

In addition to any discretionary matching contributions, the Company may make discretionary qualified non-elective contributions to non-highly compensated employees and discretionary non-elective contributions to all eligible participants. Such additional discretionary contributions are subject to limitations under the IRC and are allocated to participants based on a pro rata allocation formula. There were no additional discretionary contributions in 2012.

Administration

The Hartford Life Insurance Company (Hartford) serves as trustee and custodian of the Plan pursuant to the plan agreement. The Trustee receives all contributions made under the Plan, holds plan assets and pays benefits to participants as directed by the plan administrator.

The Company serves as the plan administrator. The plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. The plan administrator engaged Hartford as a third-party administrator to assist in the administration of the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions (if any), and an allocation of plan earnings (losses). Allocations are based on account balances, as defined. Any profit sharing contribution is allocated to participants' accounts based on participants' annual compensation.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon. Participants are vested in employer contributions based on years of service. Vesting in the company contribution plus actual earnings thereon is 20% per year after the first year of service. A participant is 100% vested for matching contributions after five years of credited service. Participants become 100% vested upon normal retirement age of sixty-five, death or disability.

Notes Receivable from Participants and Withdrawals

Notes receivable from participants are not permitted by the Plan.

In general, a participant may withdraw up to 100% of the vested balance of elective deferrals (excluding certain earnings on pretax contributions) in the event of a participant's immediate financial hardship, as defined in the plan agreement. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. If a participant makes a hardship withdrawal, the right to make pretax contributions will be suspended for six months.

Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or payment in substantially equal installments. Participants may withdraw all or any portion of their rollover contributions at any time.

Participants withdrawing from the Plan due to termination of employment with the Plan Sponsor or attaining age fifty-nine and one half, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution. In general, if the participant's account balance, as defined in the plan agreement, is greater than \$5,000, the account may not be distributed without the participant's consent. However, regardless of the participant's election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is \$5,000 or less, as defined in the plan agreement.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties unless transferred to another qualified plan or individual retirement account.

Forfeitures

Forfeitures may be used by the Plan for several purposes such as the payment of plan expenses. Forfeitures of terminated employees' non-vested accounts are used to reduce Plan Sponsor contributions. There were no forfeitures for the year ended December 31, 2012.

Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Company. These expenses include, but are not limited to, legal, accounting and recordkeeping fees and investment expenses. For administrative expenses not paid by the Company, a proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements for the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Insurance securities are exposed to various market risks. Due to the level of risk associated with insurance securities, it is at least reasonably possible that changes in the values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Subsequent Events

The Company has evaluated subsequent events through the report date, which is the date these financial statements were issued. All subsequent events requiring recognition as of December 31, 2012, have been incorporated into the financial statements herein.

Note 3: Investments Certified by Plan Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Hartford, except for comparing such information to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year):

	2012	2011
Statements of net assets available for benefits:		
Investments:		
Mutual funds	\$ 607,433	\$ 524,906
Guaranteed investment contract	97,854	-
Collective investment trust	-	96,756
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of mutual funds	70,747	
Net appreciation on guaranteed investment contract	206	

A schedule of the fair value of the individual investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2012 is as follows:

Pimco Total Return	\$ 86,868
Legg Mason Clearbridge SC Growth	84,106
American Century SC Value	70,134
Lord Abbett Mid Cap Value	63,464
American Growth Fund	56,942
American Funds American Mutual	51,941
Hartford High Yield HLS	47,146
Franklin Templeton Foreign	37,913
Franklin Templeton GR Growth	35,895

A schedule of the fair value of the individual investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2011 is as follows:

SEI Stable Asset	\$ 96,756
Pimco Total Return	72,762
Legg Mason Clearbridge SC Growth	69,963
Lord Abbett Mid Cap Value	63,541
American Century SC Value	62,918
American Funds American Mutual	43,283
American Growth Fund	39,629
Hartford High Yield HLS	38,290
Franklin Templeton Foreign	37,207

The Trustee certified all investments and investment transactions as of December 31, 2012 and 2011. The certification included investment income, realized and unrealized gains and losses, and certain supplemental schedule information.

Note 4: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs from active markets, other than quoted prices for identical instruments, are used to model fair value. Significant inputs are directly observable from active markets for substantially the full term of the asset or liability being valued. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measured. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2012 and 2011:

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Collective investment trust: The investment includes an index fund. The Plan's interest in this trust is valued based on the net asset values reported by the trustee of the funds. Fair values for the underlying assets of the index fund were based on quoted prices in either active markets or observable inputs or quotations from inactive markets. The Plan's interest in the trust is categorized as Level 2 in the fair value hierarchy table.

Guaranteed investment contract: The guaranteed investment contract is valued at fair value, which is equal to the sum of the market value of all the contract investments as determined by the sponsoring financial institution. In accordance with Accounting Standards Codification (ASC) 960, this fair value is then adjusted to contract value, which is the sum of all benefits owed to trust participants.

The fully benefit-responsive contract provides that participants execute plan transactions at contract value. Interest rates are reset quarterly based on market rates of other similar investments and the current yield of the underlying investments and the spread between the market value and the contract value. The contract agreement states the rate cannot be less than zero. The average yield earned by the contract at December 31, 2012 was 2.00%, as the contract was guaranteed not to go below 2.00%. Certain events such as plan termination or a plan merger initiated by the Plan Sponsor may limit the ability of the Plan to transact at contract value. The Plan Sponsor does not believe any events that may limit the ability of the Plan to transact at contract value are probable.

The methods described above may produce fair value calculations that may not be indicative for net realized value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2012 and 2011:

Assets at fair value as of December 31, 2012:

Description	Level 1	Level 2	Level 3	Total

Total assets at fair value	<u>\$ 524,906</u>	<u>\$ 96,756</u>	<u>\$ -</u>	<u>\$ 621,662</u>

Note 5: Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, participating employees will become 100% vested in their accounts and no further contributions will be made to the Plan. The Company will direct the distribution of participating employees' accounts in a manner permitted by the Plan as soon as practical.

Note 6: Income Tax Status

The Plan Sponsor adopted a prototype volume submitted profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the IRS on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 7: Reconciliation to Form 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. A reconciliation of the amounts appearing on Form 5500 to the accompanying financial statements follows:

	2012	2011
Net Assets Available for Benefits		
Net assets, as reported on Form 5500	\$ 700,567	\$ 621,662
Adjustment to accrue current year contributions receivable	-	3,131
Adjustment to accrue current year excess contributions payable	<u>(6,945)</u>	<u>-</u>
Net assets, as reported in the accompanying financial statements	<u>\$ 693,622</u>	<u>\$ 624,793</u>

Changes in Net Assets Available for Benefits

Increase in net assets, as reported on Form 5500	\$ 78,905
Adjustment to accrue current year excess contributions payable	(6,945)
Adjustment to reverse prior year contributions receivable	<u>(3,131)</u>
Increase in net assets, as reported in the accompanying financial statements	<u>\$ 68,829</u>

Note 8: Excess Contributions

During 2012, the Plan was not in compliance with IRC Section 401(k)(3). As a result, excess contributions totaling \$6,945 were payable to certain participants at December 31, 2012. Such amounts were deducted from contributions in the accompanying statement of changes in net assets available for benefits and are included in excess contributions payable in the statements of net assets available for benefits.

Note 9: Party-in-Interest Transactions

Certain plan funds are invested in shares of mutual funds managed by Hartford, the Trustee of the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Hartford performed services for, sold products to and managed and maintained certain investments for the Plan for which fees are charged to the Plan.

Effective January 1, 2013 - Role of MassMutual

Massachusetts Mutual Life Insurance Company (together, with its affiliates, "MassMutual") acquired The Hartford's retirement plans business effective January 1, 2013. In connection with the acquisition, The Hartford appointed MassMutual to provide all of administrative services necessary to support your plan's contract. In this role, MassMutual receives all charges, fees and compensation – both direct and indirect – as payable to The Hartford for the services provided to your plan under the packaged retirement services programs. Additionally, MassMutual and its affiliates are responsible for marketing and selling the retirement plan services programs and for paying sales commissions and other compensation to Financial Intermediaries for sales and marketing activities related to the retirement plan services programs.

For Form 5500 Schedule C reporting purposes, all Direct Compensation items (e.g., fees distributed from participant accounts) plus certain Indirect Compensation items (e.g., sales commissions) are reported on a Plan Year basis, and all remaining Indirect Compensation items (e.g., revenue sharing) are reported on a Calendar Year basis. As a result, if your 2012 Plan Year is an off-calendar year Plan Year (e.g., July 1, 2012 - June 30, 2013) certain of your Plan's Schedule C information may list multiple entities as payors or payees of Direct and Indirect Compensation.

Massachusetts Mutual Life Insurance Company: EIN 04-1590850

MassMutual Retirement Services, LLC (formerly Hartford Retirement Services, LLC): EIN 26-1589907

Hartford Life Insurance Company: EIN 06-0974148

Hartford Securities Distribution Company, Inc.: EIN 06-1408044

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the Hartford product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2012 - 12/31/2012 and indirect compensation is presented on a calendar year basis ending 12/31/2012.

This report includes compensation actually paid to or by the Hartford within the indicated plan year as part of your Hartford product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your Hartford customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your Hartford Service Team should you require additional information regarding the compensation paid to or by Hartford with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹ Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Hartford Life Insurance Company EIN: 06-0974148

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **\$1,124.55**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2012 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Hartford Life Insurance Company are the net result of aggregating direct compensation after the effects of adjustments processed in 2012, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **\$1.92**

Bank accounts and investments associated with short-term investment pool, 200 Hopmeadow Road, Simsbury, CT 06089

This is an estimate based on the annual average rate of float (0.1285% for 2012) earned on the bank accounts and investments associated with the short-term investment pool for the 2012 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted to The Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Hartford Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The list includes any investment option held by the plan on at least one month end during the 2012 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that, for 2012, affiliates of Hartford Life Insurance Company act as advisor to the Hartford funds. Such affiliates are identified in the fund's prospectus and receive management fees in the following amounts:
