INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
SPEC Services, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the SPEC Services, Inc. 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2012 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2012 financial statements. Accordingly, we do not express an opinion on the 2012 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule H, line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2011 Financial Statements

The financial statements of the Plan as of December 31, 2011, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 2, 2012, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain the sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2012

The form and content of the information included in the 2012 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SPEC SERVICES, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

1. DESCRIPTION OF PLAN

The following description of the SPEC Services, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of SPEC Services, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees are eligible to participate in the Plan on the first of the following month upon hire.

Contributions

Participants may elect to contribute up to 90% of eligible pre-tax compensation, not to exceed the limits of the Internal Revenue Code (the IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

During 2012, the Company made a "safe harbor" match of 100% of the participant's deferral, up to the first 3% of compensation. The Company may also make discretionary profit sharing contributions as determined annually by the Board of Directors. For the year ended December 31, 2012, the Company made profit sharing contributions equal to 12% of a participant's eligible compensation. For the year ended December 31, 2012, the Company made safe harbor contributions of $566,541 and profit sharing contributions of $2,244,765.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and generally bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest is paid ratably through payroll deductions.

Administration

The Plan is administered by the Company.

1. DESCRIPTION OF PLAN – (Continued)

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and allocated to participants or to pay Plan expenses. For the year ended December 31, 2012, $40,000 was allocated to eligible participants from forfeited nonvested accounts. As of December 31, 2012 and 2011, after allocations to eligible participants, the amount of available forfeitures totaled $26,494 and $20,920, respectively.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments or an annuity. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances exceeding $1,000, but not exceeding $5,000, may be rolled into an Individual Retirement Account. All vested account balances not exceeding $1,000 may be immediately distributed in a lump-sum payment. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Participant Accounts

Each participant's account is credited with the participant's contributions and plan earnings and allocations of the Company's contributions and charged with an allocation of administrative expenses. Allocations are based on participant's eligible compensation, participant contributions, investment elections and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their contributions and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions plus actual earnings thereon, is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	30%
2	60%
3	75%
4	90%
5	100%

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

As described in guidance issued by the Financial Accounting Standards Board (the FASB) for reporting of fully benefit-responsive investment contracts held by certain investment companies, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the guidance, the statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditors' report, which is the date the accompanying financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. FAIR VALUE MEASUREMENTS – (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Interest-bearing cash: The carrying value is believed to be representative of its fair value based on its short term nature and is classified within Level 1 of the valuation hierarchy.

Common/collective trust (CCT): Valued at fair value based on the contractual terms of the underlying guaranteed investment contracts and provides a daily rate for income accretion. The asset is classified within level 3 of the valuation hierarchy because the asset value is not based on a quoted price in an active market and is valued based on unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS – (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

Description	Total	Level 1	Level 2	Level 3
December 31, 2012

3. FAIR VALUE MEASUREMENTS – (Continued)

Description	Total	Level 1	Level 2	Level 3
December 31, 2011				
Interest-bearing cash	$ 3,481,232	$ 3,481,232	$ -	$ -
Registered investment companies:				
Large cap funds	4,777,143	4,777,143	-	-
Mid cap funds	1,144,226	1,144,226	-	-
Small cap funds	1,648,922	1,648,922	-	-
International funds	3,088,333	3,088,333	-	-

Total investments at fair value	$ 27,811,205	$ 26,524,935	$ 1,286,270	$ -

The common/collective trust held by the Plan as of December 31, 2012 invests in guaranteed investment contracts which are valued in part, based on unobservable inputs. As guaranteed investment contracts held by the common/collective trust has resulted in an adjustment between fair and contract value as of December 31, 2012, reclassification of the Plans investment in the common/collective trust was made from level 2 to level 3. Certain restrictions may exist surrounding participant-directed transfers, which can be found in the Plan's enrollment literature. As of December 31, 2012, there were no unfunded commitments associated with any of this investment.

The following table presents a summary of changes in the fair value of the Plan's common/collective trust for the year ended December 31, 2012:

Balance, beginning of year	$ 1,286,270
Interest Income	20,378
Unrealized gains	2,225
Contributions	185,065
Withdrawals	(270,031)
Transfers, net	68,593
Balance, end of year	$ 1,292,500

3. FAIR VALUE MEASUREMENTS – (Continued)

The following table represents the Plan's level 3 investment, the valuation techniques used to measure the fair value of the investment, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	*Fair Value*	*Principal Valuation Method*	*Unobservable Inputs*	*Range of Significant Unobservable Inputs*	*Weighted Average*
Common/collective trusts	$ 1,292,500	Discounted Cash Flow	Various Assumptions	(A)	(A)

(A) Fair value is determined primarily using an income approach. The parameters used for discounting in the calculation were estimated using the perspective of the principal market which consists of similar contracts. Additional assumptions were made regarding participant behavior and product management actions.

4. INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets as of December 31, 2012 and 2011:

	2012
Fidelity Retirement Money Market	$ 2,493,597
Fidelity Advisor Equity Income	1,919,786
Fidelity Advisor Strategic Income	3,191,298
Fidelity Advisor Diversified International	1,839,542
T. Rowe Price Growth Stock Fund Advisor Class	2,462,372

	2011
Fidelity Advisor Strategic Income	$ 2,458,014
Fidelity Advisor Emerging Asia Fund	1,618,214
T. Rowe Price Growth Stock Fund Advisor Class	1,792,388
Fidelity Advisors Prime Fund – Daily Money	3,481,232

During 2012, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by $2,708,553 as follows:

Registered investment companies	$ 2,706,328
Common/collective trust	2,225
	$ 2,708,553

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of December 31, 2012 and 2011, the Plan held assets of $1,249,212 and $1,245,207, respectively, in a common/collective trust, investing primarily in a benefit-responsive investment contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Fidelity Management Trust Company (Fidelity), represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	2012	2011
Based on actual earnings	1.61%	1.74%
Based on interest rate credited to participants	1.11%	1.26%

6. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of the following information which is included in the financial statements and supplemental schedule as of December 31, 2012 and 2011, and for the year ended December 31, 2012.

	2012	2011
Registered investment companies	$ 28,814,026	$ 23,043,703
Interest-bearing cash	3,033,835	3,481,232
Common/collective trust, at contract value	1,249,212	1,286,270
Notes receivable from participants	802,400	803,278
Net appreciation in fair value of investments	2,708,553	n/a
Interest and dividends	775,681	n/a
Interest income on notes receivable from participants	33,204	n/a

7. TAX STATUS

The Company adopted a Volume Submitter Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on January 30, 2006, which stated that the Plan, as then designed, was in accordance with applicable sections of IRC. The Plan has been amended and restated. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by Fidelity Management Research Company which is related to Fidelity, the trustee of the Plan. The Plan paid $2,687 in contract administration fees to Fidelity. The Company also paid certain other administrative expenses of the Plan, including third party administrator and audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2012 and 2011:

	2012	2011
Net assets available for benefits per the financial statements	$ 36,698,100	$ 31,068,050

To the Administrator of the
SPEC Services, Inc. 401(k) Plan

In planning and performing our audit of the financial statements of the SPEC Services, Inc. 401(k) Plan (the Plan) as of December 31, 2012, and for the year then ended, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures and not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our Responsibilities

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a material weakness.

Definitions Related to Internal Control Deficiencies

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Identified Deficiencies in Internal Control

We believe the following deficiency constitutes a material weakness:

Lack of Adequate Segregation of Duties

During our audit procedures, we noted that a single employee performs many of the administrative functions associated with the Plan and including related payroll functions. As a result, the Company does not have adequate segregation of duties over plan contributions, including employee deferrals, and therefore, the Plan is more susceptible to errors, both intentional and unintentional, that could remain undetected for some time. We recommend that the Company consider the cost and related benefits of increasing supervisory controls and/or segregating incompatible duties surrounding these areas such that one employee does not have both recording responsibility and custody over a single transaction class.

Other Recommendations

Loan for Primary Residence

During our audit procedures, we noted that the Company is not currently retaining documentation supporting loans requested by participants for the purchase of a primary residence. The lack of documentation could be construed by a regulatory agency as a lack of oversight over the processing of loans. We recommend that upon authorization of such loans, the Company obtain sufficient documentation supporting the purchase of a primary residence, as allowed by the Internal Revenue Code, of the participant's request.

Missing Participants

During 2012, Fidelity reinstated the account balances of former participants who had not cashed their previously issued benefit payment check. Once Fidelity had reinstated the former participants' account balance, they immediately transferred the amount to the Plan's forfeiture account. These amounts may be considered "unclaimed property" in the state of California. Our understanding of the unclaimed property rules are that the amounts must be remitted to the state of California once a three year period of time has passed with no contact with the former participant. There are other steps that have to be followed in order to comply with the unclaimed property rules. We recommend that the Plan Sponsor seek the guidance of a qualified ERISA attorney in order to ensure compliance and reduce or eliminate the risk of potentially significant fines.

This communication is intended solely for the information and use of management and is not intended to be and should not be used by anyone other than these specified parties.

Regards,
