Independent Auditors' Report

To the Plan Administrator of
the 401(k) Plan for Employees of
Ward Leonard CT, LLC
(Formerly known as Ward Leonard Electric Company, Inc.)

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the 401(k) Plan for Employees of Ward Leonard CT, LLC (formerly known as Ward Leonard Electric Company, Inc.) (the "Plan"), which comprise the statements of net assets available for plan benefits (modified cash basis) as of December 31, 2012 and 2011, and the related statements of changes in net assets available for plan benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Minnesota Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Note 1 – DESCRIPTION OF PLAN

General

The 401(k) Plan for Employees of Ward Leonard CT, LLC (formerly known as Ward Leonard Electric Company, Inc.), (the "Plan") is a defined contribution plan established January 1, 1985 (amended January 1, 2002) covering all eligible employees of Ward Leonard CT, LLC (the "Employer" or the "Company") (formerly known as Ward Leonard Electric Company, Inc.) and is intended to be a plan described in Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of ERISA, as amended. The following summary of major plan provisions in effect for the Plan provides only general information. Participants should refer to the plan agreement for more complete information. The name change occurred on December 24, 2012.

Nature of Business of Sponsor

The primary business of the Employer is the design, manufacture and sale of electrical control components and systems as well as A/C and D/C electric motors, generators and motor generator sets for the military and other domestic industrial commercial markets either directly or as a subcontractor.

Eligibility

Each employee shall be eligible to become a participant at the completion of 90 days of service, attainment of age 21 and being employed by the Employer.

Participant Investment Options

Upon enrollment in the Plan, participants may direct salary deferral contributions and employer matching and profit sharing contributions to selected investments as made available and determined by the plan administrator. Participants may change their investment options any time via direct telephone or internet access to the Plan's custodian.

Employee Contributions

Participants may elect to defer up to 100 percent of pretax annual compensation, as defined in the Plan, up to a maximum of $17,000 and $16,500 for the years ended December 31, 2012 and 2011, respectively. Employees age 50 or older may elect to defer additional amounts, called "catch-up contributions" to the Plan. The additional amount may be deferred regardless of any other limitations on the amounts that may be deferred to the Plan. The maximum "catch-up contribution" that can be made in the years ending December 31, 2012 and 2011 is $5,500. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans.

Note 1 – DESCRIPTION OF PLAN (Continued)

Employer Contributions

The Employer may make matching contributions and discretionary profit sharing contributions as determined each plan year. The employer contributions shall equal 25 percent of the first 6 percent of employee contributions, not to exceed one and one-half percent (1.5 percent) of employee annual compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's matching and profit sharing contributions, (b) plan earnings, and (c) forfeitures of non-vested accounts, and is charged with an allocation of administrative expenses (if paid by the Plan). Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contributions is based on years of continuous service. A participant is one-hundred percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Only one loan may be outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary shall be entitled to receive a lump-sum distribution of the entire vested balance. For termination of service for other reasons, a participant may receive a lump-sum distribution or elect a direct rollover to another qualified plan.

Forfeited Accounts

Forfeited nonvested accounts totaled $0 for both years ended December 31, 2012 and 2011. Forfeitures by participants who are terminated prior to becoming fully vested are used to reduce future employer contributions or pay administrative expenses of the Plan.

Note 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, income is recorded when received, expenses are recorded when paid. Investment contracts held by a defined-contribution plan are required to be reported at fair value.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as measured by quoted market prices. The value of the funds held in the general account of Minnesota Life Insurance Company ("Minnesota Life") is based on the fair value of the underlying general assets of Minnesota Life as reported in their audited financial statements. The value of interests in the pooled separate accounts is based on the Plan's share of the pooled separate accounts determined on a unit value basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Note 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Fees and expenses related to the administration of the Plan or associated with the investment of Plan assets may be paid by the Plan or by the Company, at the Company's discretion.

Reclassifications

Certain amounts from the prior year financial statements have been reclassed to conform to the current year presentation.

Note 3 – RISK AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 4 – TAX DETERMINATION STATUS

The Internal Revenue Service ("IRS") has determined and informed the Employer by a letter dated March 31, 2008 that the prototype plan and related trust are designed in accordance with applicable sections of the IRC, as amended. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 5 – RELATED PARTY TRANSACTIONS

Certain investments are with Minnesota Life. Minnesota Life is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest.

Note 6 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

At December 31, 2012 and 2011, the Plan's investments were held by the custodian. The Plan administrator has obtained a certification from the custodian that the information provided to the plan administrator by the custodian as of and for the years ended December 31, 2012 and 2011 is complete and accurate in accordance with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Investments representing greater than 5% of the Plan's net assets available for benefits at December 31, 2012 and 2011 are as follows:

Minnesota Life Insurance Company	2012	2011
Money Market	$ 884,277	$ 896,493
Lifestrategy II	514,270	425,792
Mid-Cap Growth Equity III	353,816	337,132
Aggregate Bond II	286,728	286,609
Short-Term Bond	255,091	262,282
International Value III	274,310	242,483
Large Value Equity IIA	251,750	234,815
High Yield Bond I	257,407	202,498
Life Strategy I	231,953	-
General Account	428,668	355,568

During 2012 and 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/depreciated in value by $336,477 and ($50,357), respectively, relating to the pooled separate accounts.

Note 7 – FAIR VALUE MEASUREMENTS

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 7 – FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

- *Pooled separate accounts*: Valued at the NAV of units held by the Plan at year end.
- *General Account:* Valued using the amount provided by the third party administrator of the plan. The amount is based on the value of the underlying general assets owned by Minnesota Life, minus its liabilities, and then allocated to the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All of the Plan's investment assets at December 31, 2012 and 2011 were classified as Level 2, except the general account, which are classified as Level 3.

Note 7 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2012			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 3,681,893	$ -	$ 3,681,893
General Account	-	-	428,668	428,668
	$ -	$ 3,681,893	$ 428,668	$ 4,110,561

	2011			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 3,431,560	$ -	$ 3,431,560
General Account	-	-	355,568	355,568
	$ -	$ 3,431,560	$ 355,568	$ 3,787,128

Note 8 – PLAN TERMINATION

Although they have not expressed any intention to do so, the Employer has the right under the Plan to terminate, amend or modify the Plan, subject to the provisions of ERISA.

Note 9 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 18, 2013, the date the financial statements were available to be issued, and determined that no disclosure is required.
