Employee Benefits Administrative Committee
Madison Cable Corporation 401(k) Retirement Savings Plan
Harrisburg, Pennsylvania

We have conducted a Department of Labor limited-scope audit of the financial statements of Madison Cable Corporation 401(k) Retirement Savings Plan (the Plan) for the period January 1, 2013 through February 14, 2013 and for the year ended December 31, 2012, and have issued our report thereon July 30, 2013. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information prepared and certified to by Vanguard Fiduciary Trust Company, the trustee, in accordance with Department of Labor Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We have previously communicated to you information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we communicate to you the following information related to our audit.

Significant audit findings

Qualitative aspects of accounting practices

Accounting policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Madison Cable Corporation 401(k) Retirement Savings Plan are described in Note 1 to the financial statements.

No new accounting policies were adopted and the application of existing policies was not changed during 2012.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no accounting estimates affecting the financial statements which were particularly sensitive or required substantial judgments by management.

Financial statement disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The following is a particularly sensitive financial statement disclosure.

On August 31, 2012, the Employee Benefits Administrative Committee, the board charged with governance of the Plan, approved the merger of the Plan into the Tyco Electronics Corporation Retirement Savings and Investment Plan. All investments totaling \$5,440,018 were transferred from the Plan into the Tyco Electronics Corporation Retirement Savings and Investment Plan on February 14, 2013.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties encountered in performing the audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Uncorrected misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management did not identify and we did not notify them of any uncorrected financial statement misstatements.

Corrected misstatements

None of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. No such disagreements arose during our audit.

Management representations

We have requested certain representations from management that are included in the attached management representation letter dated July 1, 2013.

Management consultations with other independent accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Significant issues discussed with management prior to engagement

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to engagement as the plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our engagement.

Other information in documents containing audited financial statements

With respect to the supplemental schedule required by the Department of Labor accompanying the financial statements, we performed certain audit procedures, as we considered necessary, to express an opinion on whether the form and content of the information included in the supplemental schedule, other than that derived from the information certified by the trustee, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Also, as required by professional standards, we read the supplemental schedule required by the Department of Labor in order to identify material inconsistencies between the audited financial statements and the supplemental schedule. We did not identify any material inconsistencies between the supplemental schedule and the audited financial statements.

Other information is being included in documents containing the audited financial statements and the auditors' report thereon. Our responsibility for such other information does not extend beyond the financial information identified in our auditors' report. We have no responsibility for determining whether such other information is properly stated and do not have an obligation to perform any procedures to corroborate other information contained in such documents. As required by professional standards, we read the Form 5500 (the other information) in order to identify material inconsistencies between the audited financial statements and the other information. We did not identify any material inconsistencies between the other information and the audited financial statements.

As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by Vanguard Fiduciary Trust Company, the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule as a whole.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

Although the Company has not applied for a determination letter for the Plan, the plan is currently designed and being operated in compliance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is required.

We were engaged to audit the accompanying financial statements of Madison Cable Corporation 401(k) Retirement Savings Plan (the Plan), which comprise the statements of net assets in liquidation available for benefits as of February 14, 2013 (date of liquidation) and December 31, 2012, and the related statements of changes in net assets in liquidation available for benefits for the period January 1, 2013 through February 14, 2013 and for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and notes receivable from participants and executes related transactions. The plan administrator has obtained a certification from the trustee for the period January 1, 2013 through February 14, 2013 and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

As described in Note 1 to the financial statements, On August 31, 2012, the Employee Benefits Administrative Committee, the board charged with governance of the Plan, approved the merger of the Plan into the Tyco Electronics Corporation Retirement Savings and Investment Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to determine the amounts at which investments in insurance contracts are stated, from the ongoing plan basis to the liquidation basis for periods ending after August 31, 2012. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2012, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
February 14, 2013 (Date of Liquidation) and December 31, 2012

NOTE 1 – PLAN DESCRIPTION

The following description of the Madison Cable Corporation 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and the Internal Revenue Code of 1986, as amended ("IRC"). Selected Plan provisions are described below.

General

The Plan was a defined contribution plan covering the former Madison Cable Corporation (the Company) employees who had attained 21 years of age and completed more than 1,000 hours of service in a twelve-month period.

On January 10, 1996, the Company was acquired by AMP Inc. On April 2, 1999, AMP Inc. was acquired by a subsidiary of Tyco International Ltd (Tyco). On January 13, 2006, Tyco, the ultimate parent of the Company announced that its Board of Directors approved a plan to separate into three separate unrelated publicly traded companies (the Separation), consisting of Covidien Ltd. (Covidien), Tyco Electronics Corporation (Tyco Electronics), and Tyco. The transaction occurred on June 29, 2007. After the Separation, this Plan aligned with Tyco Electronics.

On August 31, 2012, the Employee Benefits Administrative Committee, the board charged with governance of the Plan, approved the merger of the Plan into the Tyco Electronics Corporation Retirement Savings and Investment Plan. All investments totaling \$5,440,018 were transferred from the Plan into the Tyco Electronics Corporation Retirement Savings and Investment Plan on February 14, 2013.

Participant Accounts

Each participant's account was credited with an allocation of Plan earnings and administrative expenses, if any. The benefit to which a participant is entitled was the benefit that could be provided from the participant's vested account.

Contributions

Effective January 1, 2000, all contributions to the Plan were frozen.

Forfeitures

The portions of non-vested benefits of terminated employees were allocated to a forfeiture account. These accounts were used to pay reasonable expenses of administering the Plan. For the period January 1, 2013 through February 14, 2013 and for the year ended December 31, 2012, forfeitures used to pay expenses totaled \$5,466 and \$0, respectively. At February 14, 2013 and December 31, 2012, forfeited non-vested accounts totaled \$0 and \$5,378, respectively. The forfeiture balance totaling \$7,658 was transferred to the Tyco Electronics Corporation Retirement Savings and Investment Plan.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Benefit Payments

Participants or their beneficiaries were eligible for distribution upon the participant's termination, death, disability, or retirement. The Plan also allowed for in-service withdrawals for financial hardships and for participants who had reached the age of 59 ½. Distributions were made in the form of lump sum amounts, annuity or installment payments. If a terminating participant's vested account balance did not exceed \$1,000, the Plan distributed the benefit in a lump sum as soon as administratively practicable. Vested account balances exceeding \$1,000 were paid at the participant's discretion, or were left in the Plan until such time the participant wished to withdraw it, with the account continuing to share in the Plan's earnings (losses). At all times, participants could withdraw in total or a portion of their rollover contributions.

Vesting

Participants were immediately 100% vested in their individual contributions to the Plan and earnings thereon. Company contributions and earnings thereon were vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants who terminate employment due to permanent disability, death, or attainment of age 65 were considered fully vested in their entire account balance.

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms could not exceed five years, unless used for the purchase of a primary residence, with loan repayment being no less frequently than quarterly. The loans were secured by the balance in the participant's account and bore interest at a reasonable rate. Interest rates ranged from 3.25% to 9.50% for the period January 1, 2013 through February 14, 2013 and for the year ended December 31, 2012. Loans were repaid through payroll deductions based upon an established amortization schedule.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Plan Administration

Plan oversight was governed by the Employee Benefits Administrative Committee (Administrative Committee) and the TE Connectivity Investment Committee (Investment Committee). The Administrative Committee acted in the capacities of plan administrator and plan fiduciary. The Investment Committee acted in the capacity of plan fiduciary with respect to Plan investments. At least three persons of each committee were appointed by the Board of Directors of TE Connectivity. Vanguard Fiduciary Trust Company (VFTC) maintained the participant accounts as trustee and record keeper of the Plan.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the liquidation basis of accounting and present the net assets (in liquidation) available for benefits and the changes in those net assets. Under the liquidation basis, investments and liabilities are recorded at fair value.

Use of Estimates in Preparing Financial Statements

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The accounting codification guidance requires investment contracts held by a defined contribution plan to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. During 2012, the investment contract held by the Plan was approved for termination and commenced liquidation of assets. The termination of the investment contract required a change in method from contract value to fair value accounting. The financial statements present the investment contract at fair value as of December 31, 2012.

NOTES TO FINANCIAL STATEMENTS
February 14, 2013 (Date of Liquidation) and December 31, 2012

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Expenses for participant loan and hardship withdrawal transactions were paid by the Plan by reducing the balances of those participants initiating the transaction. Beginning in 2010, the Plan used forfeitures to pay the recordkeeping fees incurred. Other expenses (generally including communications, legal and audit fees) incurred in the administration of the Plan were generally paid by the Company if not paid by forfeitures.

Payment of Benefits

Benefits were recorded when paid.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the plan document.

NOTE 3 – INVESTMENTS

The plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Total	<u>\$ 5,252</u>	<u>\$ 169,983</u>	<u>\$ 106,848</u>	<u>\$ 358,037</u>

NOTE 4 – FAIR VALUE MEASUREMENTS

The accounting codification guidance *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

MADISON CABLE CORPORATION 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
February 14, 2013 (Date of Liquidation) and December 31, 2012

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 14, 2013 and December 31, 2012.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end as quoted in active markets. Such securities are included in Level 1.

Money market fund: Valued and traded at a stable \$1.00 NAV which is the value at which the fund is traded and approximates fair value based on the fair value of the underlying investments. Such securities are included in Level 1.

Common collective trust fund: Valued at the NAV of units of the fund held by the Plan based on the fair value of the underlying investments of the fund. This investment is included in Level 2.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
Mutual funds, by type:				
Intermediate - term bonds	\$ 329,663	\$ -	\$ -	\$ 329,663
Large growth	1,239,585	-	-	1,239,585
Large blend	684,355	-	-	684,355
Large value	317,859	-	-	317,859
Moderate allocation	430,893	-	-	430,893
Total mutual funds	3,002,355	-	-	3,002,355
Money market fund	286,694	-	-	286,694
Common collective trust fund	-	1,839,978	-	1,839,978
Total investments at fair value	\$ 3,289,049	\$ 1,839,978	\$ -	\$ 5,129,027

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2012:

December 31, 2012				
Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust fund				
Vanguard Retirement Savings Trust Fund	\$ 1,839,978	None	Daily	None

The collective fund's objective is to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. To achieve this, the fund invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments. However, there is no assurance that this objective can be achieved.

NOTE 5 – INVESTMENT CONTRACT

The investment in the Vanguard Retirement Savings Trust Fund (VRST) includes fully benefit-responsive investments stated at fair value. Contract value is equal to principal balance plus accrued interest. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates for the VRST were 3.09% and 2.68%, respectively, for the period of January 1, 2013 through February 14, 2013, and 3.36% and 3.01%, respectively, for the year ended December 31, 2012. The crediting interest rate is based on a formula agreed upon with the issuer. During 2012, the investment contract held by the Plan was approved for termination and commenced liquidation of assets. The termination of the investment contract required a change in method from contract value to fair value accounting. The financial statements present the investment contract at fair value as of December 31, 2012.

MADISON CABLE CORPORATION 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
February 14, 2013 (Date of Liquidation) and December 31, 2012

NOTE 6 – TAX STATUS

The Plan used a prototype plan document. The Internal Revenue Service issued a standard prototype profit sharing opinion letter to VFTC, the Third-Party Administrator (the TPA) of the Plan, dated March 31, 2008, stating that its prototype plan document was designed in accordance with applicable Internal Revenue Codes (IRC) requirements as of that date. Although the Company has not applied for a determination letter for the Plan, the Plan is currently designed and being operated in compliance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is required.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 7 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds, a money market fund and common collective trusts managed by VFTC as of February 14, 2013 and December 31, 2012. VFTC was the trustee as defined by the Plan for the period January 1, 2013 through February 14, 2013 and the year ended December 31, 2012; therefore, these transactions qualify as party-in-interest transactions. The Plan paid \$5,465 and \$913 in administrative fees to VFTC for the plan period January 1, 2013 through February 14, 2013 and year ended December 31, 2012, respectively.

NOTE 8 – SUBSEQUENT EVENTS

Management evaluated subsequent events through July 30, 2013, the date the financial statements were available to be issued. Events or transactions occurring after February 14, 2013, but prior to July 30, 2013, that provided additional evidence about conditions that existed at February 14, 2013, have been recognized in the financial statements for the respective period year end. Events or transactions that provided evidence about conditions that did not exist at February 14, 2013, but arose before the financial statements were available to be issued, have not been recognized in the financial statements for the period January 1, 2013 through February 14, 2013.
