Independent Auditors' Report

To the SME Inc. of Seattle Davis-Bacon Pension Plan and Trust and Participants

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the SME Inc. of Seattle Davis-Bacon Pension Plan and Trust which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011 and the related statement of changes in net assets available for benefits for the year ended December 31, 2012 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Great-West Life & Annuity Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011 and for the year ended 2012 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Independent Auditors' Report

To the SME Inc. of Seattle Davis-Bacon Pension Plan and Trust and Participants

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the SME Inc. of Seattle Davis-Bacon Pension Plan and Trust which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011 and the related statement of changes in net assets available for benefits for the year ended December 31, 2012 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Great-West Life & Annuity Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011 and for the year ended 2012 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

A. DESCRIPTION OF PLAN

The following description of the SME Inc. of Seattle (company) Davis-Bacon Pension Plan and Trust (the "plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions:

- 1. *General.* The plan is a defined contribution plan covering all non-union construction trade employees of the company, who are performing services under a public contract subject to provisions or regulations under the Davis-Bacon Act or any state or municipal "prevailing wage" law or ordinance who has completed one hour of service. The plan is subject to the provisions of ERISA.
- 2. Contributions. Employer contributions are at an hourly rate prescribed for fringe benefits pursuant to each Federal, State, County, or Publicly funded contract entered into by the company. Participant contributions are not allowed. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers various pooled separate accounts as investment options for participants.
- 3. Participant Accounts. Each participant's account is credited with the company's contribution and an allocation of plan earnings and charged with an allocation of administrative expenses not otherwise paid for by the company. The benefit to which a participant is entitled is the accumulated balance of each participant's vested account.
- 4. *Vesting*. Participants are immediately vested with respect to company contributions, eligible rollovers and earnings thereon.
- 5. Notes Receivable from Participants. Participants loans are not allowed.
- 6. Payment of Benefits. Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account. Other withdrawals from participants' account balances may be made under certain circumstances as defined in the plan document.

Notes to Financial Statements

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the plan. A reasonable method does not exist for determining fair value at an amount that differs from contract value. Therefore contract value is the best estimate of fair value.

Use of Estimates.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes thereon, disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Administrative Expenses

Substantially all administrative expenses of maintaining the plan are paid by the company.

Subsequent Events

The plan has evaluated subsequent events through September 8, 2013, the date the financial statements were available to be issued.

Notes to Financial Statements

C. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Great-West Life & Annuity Insurance Company except for comparing such information certified by the custodian with information included in the plan's financial statements and supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year):

- a. Total investments as shown in the accompanying statements of net assets available for benefits of \$960,393 as of December 31, 2012 and \$919,271 as of December 31, 2011.
- b. Net investment earnings as shown in the accompanying statement of changes in net assets available for benefits of \$86,907 for the year ended December 31, 2012.
- c. All investment-related information in the accompanying supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2012.

The fair value of individual investments that represent 5 percent or more of the Plan's net assets as of December 31 are as follows:

	2012	2011	
		_	
Guaranteed Portfolio Fund	\$ 271,979 \$	293,215	
Maxim T. Rowe Price Mid Cap Growth Portfolio Fund	87,838	88,372	
Russell LifePoints 2040 Strategy Fund	185,978	163,852	
Maxim Loomis Sayles Bond Portfolio Fund	59,959	51,350	

Notes to Financial Statements

D. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Guaranteed Portfolio Fund represents a benefit-responsive investment contract entered into with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by Great-West. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately .50% for 2012 and 1.08% for 2011. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. For example, premature termination of the contracts by the plan, plan termination, bankruptcy, mergers, and failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Notes to Financial Statements

E. FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurement, provides the framework for measuring fair value. That framework provides a a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include:
	 quoted prices for similar assets or liabilities in active markets;
	 quoted prices for identical or similar assets or liabilities in inactive markets;
	• inputs other than quoted prices that are observable for the asset or liability;
	 inputs that are derived principally from or corroborated by observable market data by correlation or other means.
	If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled separate accounts: Valued at estimated fair values, which have been determined based on unit values of the funds. Unit values are determined by Great-West, the insurance company sponsoring the funds, based upon the net asset values of the underlying securities held by the funds. Changes in unit values reflect the gains, losses, dividends, and interest received by the fund.

Guaranteed investment funds: Valued at contract value which approximates fair value, see note B.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

E. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2012 and 2011:

Fair Value Measurements at December 31, 2012

Notes to Financial Statements

F. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011 to Schedule H of Form 5500.

	2012	2011
Net assets available for benefits per the financial statements	\$ 966,927	\$ 928,419
Employer contributions receivable	6,534	9,148
Net assets available for benefits per Schedule H to the Form 5500	\$ 960,393	\$ 919,271

The following is a reconciliation of employer contributions received per the financial statements for the year ended December 31, 2012 to Schedule H of Form 5500.

Employer contributions received per the financial statements	\$ 45,205
Add: Employer contributions receivable at beginning of year	9,148
Less: Employer contributions receivable at end of year	 (6,534)
Employer contributions received per Schedule H of Form 5500	\$ 47,819

Amounts for employer contributions are recorded on the Schedule H of Form 5500 in the year they are received by the trustee.

Notes to Financial Statements

G. RELATED-PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Great-West. Great-West is the custodian as defined by the plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the plan for custodial services amounted to \$0 for the year ended December 31, 2012. Additionally the plan paid fees for investment management services which are included in net appreciation in fair value of investments.

H. PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA.

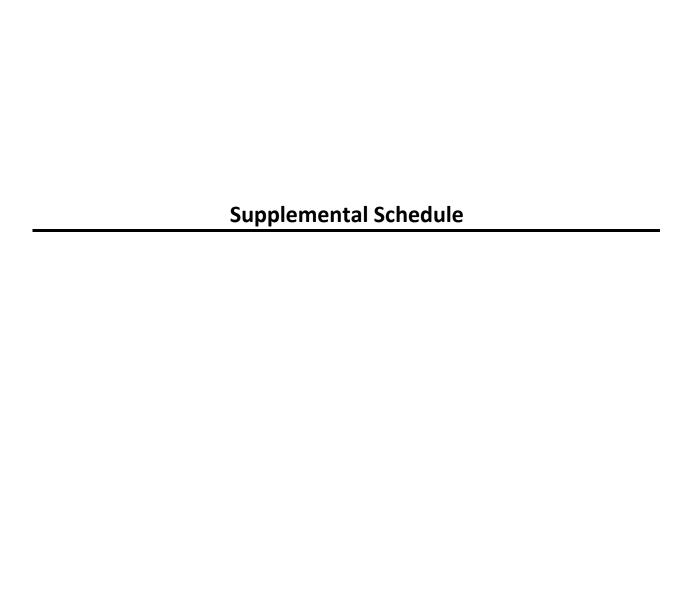

I. TAX STATUS

The Internal Revenue Service has determined and informed the company by a letter dated March 31, 2008, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

J. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
