Samuel Adams Pennsylvania Brewery Company 401(k) Plan

Notes to Financial Statements

December 31, 2012

1. Description of the Plan

The following description of the Samuel Adams Pennsylvania Brewery Company (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

Effective June 2, 2008, Samuel Adams Pennsylvania Brewery Company adopted the Plan, a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code (the Code), for all eligible employees who are at least 21 years of age, and who have at least thirty days of service, as defined in the Plan.

During 2012, Fidelity Management Trust Company and Fidelity Workplace Services (Fidelity) served as the trustee and recordkeeper of the Plan, respectively. On December 31, 2012, the Plan transferred participant accounts and investments from Fidelity to Putnam, as the new plan record-keeper and custodian. The effective date of this transfer was January 1, 2013.

Effective January 1, 2013, the net assets of the Plan were merged into the Boston Beer Company 401(k) Plan.

Contributions

Participants may make contributions from 1% to 60% of their compensation, subject to certain limitations of the Code, as defined in the Plan. Employees over age 50 may contribute an additional $5,500 in catch-up contributions for 2012.

The Plan provides for automatic enrollment, whereby an eligible employee is enrolled in the Plan thirty days after he or she satisfies the Plan's eligibility requirements. This feature automatically enrolls each participant into the Plan at a default rate of 3% of his or her eligible compensation on a pre-tax basis. Contributions are allocated to the Qualified Default Investment Alternative if the participant has not made an affirmative investment election. Following the first year, the rate of contribution of an eligible employee's compensation under the automatic enrollment feature increases annually in 1% increments, up to a maximum of 6%. Participants receive advance notice of their right to elect out of both of these automatic Plan features, and are permitted to stop or change either feature at any time.

1. Description of the Plan (continued)

The Company contributes 100% of the first 1% of eligible compensation contributed by employees, plus 50% of employee contributions in excess of 1%, up to the first 6% of eligible compensation. The company match is discretionary. The Company may also make a discretionary profit-sharing contribution annually, which is approved by the Board of Directors. The Company made no profit-sharing contribution in 2012.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, and plan earnings, and is charged with an allocation of applicable expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account, subject to vesting restrictions.

Vesting

Participants are immediately vested in their voluntary contributions and any rollover contributions, plus actual earnings thereon. Participants become vested in Company contributions according to the following schedule:

Years of Service for Vesting	Vested Percentage
0 to 2	0%
2 or more	100

If an employee terminates before becoming vested, aggregate Company contributions and investment income thereon are forfeited. Forfeitures are used to reduce subsequent Company contributions and/or administrative expenses required under the Plan. Forfeitures utilized to offset the Company's matching contribution for the year ended December 31, 2012 were $18,189. For the year ended December 31, 2012, forfeitures used to offset administrative expenses amounted to $13. Forfeitures available at December 31, 2012 and 2011 were $2,582 and $7,109, respectively.

1. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. Loan terms range from one to five years, or up to ten years for the purchase of a primary residence, not to exceed ten years. The loans are secured by the vested balance in the participant's account, and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through regular payroll deductions.

Benefits

Employees are permitted to withdraw funds from their accounts upon attaining the age of 59 1/2, retirement, termination, financial hardship, disability, or death. The participant or beneficiary may receive a lump-sum cash payment or installment payments.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of a Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU 2011-04 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurements,* to converge the fair value measurement guidance in US Generally Accepted Accounting Principles (GAAP) and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures are not required for nonpublic entities, as defined in ASC 820. The amendments are to be applied prospectively, and are effective for annual periods beginning after December 15, 2011. Adoption of ASU 2011-04 did not have an effect on the Plan's net assets available for benefits, or its changes in net assets available for benefits.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Investments in mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

Substantially all administrative expenses are paid by the Company. Expenses relating to notes receivable from participants and investment fees are deducted directly from participant accounts, or charged to the particular fund to which the expenses relate.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Subsequent Events

Management evaluated subsequent events for the Plan through September 30, 2013, the date the financial statements were available to be issued.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held, notes receivable from participants at December 31, 2012 and 2011, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2012, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

3. Investments (continued)

The fair value of individual investments that represents 5% or more of the Plan's net assets available for benefits are as follows:

	December 31	
	2012	**2011**
Fidelity Freedom 2025 Fund	**$** *	$ 785,898
Fidelity Freedom 2015 Fund	*	721,317
Fidelity Freedom 2030 Fund	*	573,782
Fidelity Freedom 2035 Fund	*	450,195
Fidelity Freedom 2020 Fund	*	412,672

*Investment is less than 5% as of the date presented.

4. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

4. Fair Value Measurements (continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value by the Plan. There have been no changes in the valuation methodologies used as of December 31, 2012 and 2011.

Mutual funds	–	Valued at the quoted market price of shares held by the plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments carried at fair value as of December 31, 2012 and 2011:

5. Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

6. Related-Party Transactions

The Plan holds shares of mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS), dated June 2, 2011, stating that the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.
