Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Preferred Imaging Payroll Co., LLC 401(k) Retirement Plan, (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by Reliance Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulation

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Preferred Imaging Payroll Co., LLC 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Preferred Imaging Payroll Company, LLC (the "Company") under the provision of Section 401(a) of the United States Internal Revenue Code (the "IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan was adopted effective January 1, 2007 to enable eligible employees to defer compensation and share in employer contributions and to save and invest funds for retirement.

Substantially all employees of the Company who have completed six months of service, as defined, and have reached the age of 18 are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Plan is administered by the Company. The duties of the Plan Administrator are to oversee the operations of the Plan, provide for prudent investment of Plan assets and maintain accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities. Reliance Trust Company ("Reliance") is responsible for the custody of the Plan's assets, which are invested in a combination of mutual funds and a common / collective trust. Hartford Life Insurance Company - Retirement Plans Group and The Hartford Financial Services Group, Inc. are responsible for the management of the Plan's assets and record keeping services.

Contributions

Each year, participants may contribute up to 100 percent of compensation as defined in the Plan, subject to the dollar limitation under §402(g) of the IRC. At the Participant's election, these may be either "traditional" before-tax or "Roth" after-tax 401(k) contributions, depending on whether they are deducted before or after federal income taxes are withheld. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participants' elective deferrals. The Company will not match elective deferrals in excess of 4% of the participant's eligible compensation contributed to the Plan. Each year, the Company determines the amount of the discretionary matching contribution. Participants must make elective deferrals or catch-up contributions to share in employer matching contributions. Contributions are subject to certain limitations.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and other contributions, as well as the participant's share of investment income, appreciation (depreciation) and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective and rollover contributions and the earnings thereon received. Vesting in the Company's contribution portion of their accounts and the earnings thereon is based upon years of vesting service, as defined in the Plan. A participant is 100 percent vested after four years of credited service. Full and immediate vesting will also occur upon normal retirement age (age 65), death, total disability, or termination of the Plan. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

1. DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the custodian, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate of 8% which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan, may elect to receive a lump-sum distribution or may elect a direct transfer to another qualified retirement plan subject to certain conditions, equal to the participant's vested account balance. However, a participant with an account balance of $5,000 or less may select from the latter two options only. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants may not make contributions for at least six months after the receipt of a hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. These funds may be used to reduce the Company's matching contributions or used pay reasonable Plan expenses. At December 31, 2012 and 2011, forfeited accounts totaled $3,842 and $1,715, respectively. For the years ended December 31, 2012 and 2011, $1,715 and $4,405 of forfeitures were used to reduce the Company's matching contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is as follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds and common/collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common/collective trusts are valued at the unit value as reported by the investment managers at year end. Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the statement of changes in net assets available for benefits.

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at fair value. In addition, any material difference between the fair value of these investments and their contract value is to be presented as a separate adjustment line in the statement of net assets available for benefits, because contract value remains the relevant measurement attribute for that portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common / collective trust.

This investment represents contributions made to the account, plus earnings on the underlying investment, less participant withdrawals and administrative expenses. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the net asset value per unit. Management has determined that the estimated fair value of the Plan's investments in fully benefit-responsive contracts as of December 31, 2012 and 2011 approximates contract value, and any difference between fair value and contract value is immaterial.

At December 31, 2012 and 2011, the Plan was invested in the SEI Trust Company Fixed Fund (the "Fixed Fund"). The Fixed Fund is a common collective trust. The Fixed Fund invests in a variety of investment contracts such as guaranteed investment contracts ("GICs") issued by insurance companies and other financial institutions and other investment products (synthetic GICs and collective investment trusts) with similar characteristics. Further information concerning the Fixed Fund may be obtained from their audited financial statements. The Fixed Fund attempts to maintain a $1.00 net asset value per unit, however, there is no assurance that the value of the units in the Fixed Fund will not fluctuate.

Unanticipated events such as an issuer's inability to meet its obligations or significant withdrawal requests by participants in the Fixed Fund, could affect the recoverability of assets including the underlying investment securities. The Fixed Fund imposes certain restrictions on the Plan, and the Fixed Fund itself may be subject to circumstances that impact its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Fixed Fund to transact at less than contract value is not probable. The average yield was 1.09% and 1.66% for the years ending December 31, 2012 and 2011, respectively. The crediting interest rate was 1.72% and 1.17% for the years ending December 31, 2012 and 2011, respectively. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is either set at the beginning of the contract and held constant, or reset periodically to reflect the performance of the underlying securities. Key factors that influence the crediting rates include (a) the level of market interest rates, (b) the amount and timing of participant contributions, transfers, and withdrawals into/out of the contract, (c) the investment returns generated by investments backing the contract, (d) the duration of the underlying investments backing the contract and (e) differences between the market value and contract value of the assets backing the contract.

Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties (continued)

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and affected the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. INVESTMENTS

The fair values of investments that represent 5% or more of the Plan's net assets are as follows:

	2012	2011
Common collective trust:		
Fixed Fund (a)	$ 248,329	$ 241,885
Mutual funds:		
American Century LIVESTRONG 2045 Portfolio	344,458	232,813
Calvert Income Fund	233,816	152,801
JPMorgan U.S. Real Estate Fund	377,444	249,872
MFS Growth Allocation Fund	302,694	231,649
MFS International Diversification Fund	370,175	254,962
MFS Aggressive Growth Allocation Fund	186,954	125,672
MFS Moderate Allocation Fund	-	112,277

(a) - Party-in-interest

The net appreciation (depreciation) in fair value of plan investments was $168,555 and $(52,322) for the years ended December 31, 2012 and 2011, respectively, and is attributable to the investments in mutual funds.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2012 and 2011, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2012 and 2011.

Common / collective trusts: The contract value of these investments is determined using the NAV of units held by the Plan, as reported by the managers of the common / collective trust and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Using the audited financial statements of the common / collective trust, the fair value of these investments is determined by reference to the respective common / collective trust's underlying assets, with the investment manager specifying the source(s) to use for underlying investment asset prices.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Large blend	$ 391,192	$ -	$ -	$ 391,192

5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	December 31, 2012	December 31, 2011
Investments at fair value:		
Common collective trust	$ 248,329	$ 241,885
Mutual funds	2,340,290	1,615,661
Notes receivable from participants	75,154	57,184
	$ 2,663,773	$ 1,914,730

	Years ended December 31, 2012	Years ended December 31, 2011
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	$ 168,555	$ (52,322)
Interest and dividends	96,118	34,790
Total investment income (loss)	$ 264,673	$ (17,532)

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedules.

6. PROHIBITED TRANSACTIONS

During the year ended December 31, 2012, the Company inadvertently failed to deposit $1,365 of participant deferrals within the required time frame as stated by the United States Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions.

7. REPORTABLE TRANSACTIONS

During the years ended December 31, 2012 and 2011, there were no loans in default or uncollectible, investment assets acquired and disposed of within the Plan year or non-exempt transactions with parties-in-interest which would require supplemental presentation under United States Department of Labor regulations.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of a common / collective trust marketed by Hartford Financial Services or one of its subsidiaries. Hartford Life Insurance Company - Retirement Plans Group and The Hartford Financial Services Group, Inc. are responsible for the management of the Plan's assets and record keeping services and, therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these accounts and the underlying investments comprising these accounts are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC. In the event of Plan termination, Participants will become 100% vested in their accounts.

10. TAX STATUS

Effective January 1, 2007, the Company adopted a Defined Contribution Prototype Plan and Trust. The Internal Revenue Service has issued an opinion letter dated March 31, 2008 stating that the plan is acceptable under Section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

11. NEW ACCOUNTING PRONOUNCEMENTS

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs* ("ASU 2011-04"). ASU 2011-04 amended Accounting Standards Codification ("ASC") 820 *Fair Value Measurements and Disclosures* ("ASC 820") to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards ("IFRSs"). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan's management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements. The adoption of this guidance did not have a significant impact on the Plan.

11. SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 23, 2013, the date the financial statements were available to be issued.
