Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Detroit Athletic Club Employees' Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2012 and 2011 and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company (Mass Mutual), State Street Bank and Trust Company (State Street), Principal Life Insurance Company (Principal Life), Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust), and Principal Life Insurance Company, on behalf of Union Bond and Trust (an affiliate of Principal Life Insurance Company) (collectively the "Custodians"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Mass Mutual, State Street, Principal Life, Principal Trust, and Union Bond and Trust hold the Plan's investment assets and execute related transactions. The plan administrator has obtained certifications from Mass Mutual, State Street, Principal Life, Principal Trust, and Principal Life Insurance Company, on behalf of Union Bond and Trust as of December 31, 2012 and 2011, and for the year ended December 31, 2012 that the information provided to the plan administrator by Mass Mutual, State Street, Principal Life, and Principal Trust is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Mass Mutual, State Street, Principal Life, Principal Trust, and Principal Life Insurance Company, on behalf of Union Bond and Trust, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Detroit Athletic Club Employees' Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 1 - Plan Description

The following description of The Detroit Athletic Club Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all full-time employees of The Detroit Athletic Club (the "Club") who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary 401(k) contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRS). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer discretionary contributions for active plan participants that work over 1,000 hours and are employed on the last day of the plan year. The employer discretionary contribution is based upon the type of participant. The Club made a contribution of 3 percent of compensation for eligible non-union employees for 2012. The Club contributed \$.40 for each hour worked for eligible union employees for 2012.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Club's discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants become fully vested in employer discretionary contributions after three years of service, and are not vested until this point.

Hardship Withdrawals - Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document. The Club must approve any such hardship withdrawals.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Massachusetts Mutual Life Insurance Company (Mass Mutual), State Street Bank and Trust Company (State Street), Principal Life Insurance Company (Principal Life), Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust) and Union Bond and Trust or their affiliates. Mass Mutual, State Street, Principal Life, Principal Trust, and Union Bond and Trust are the ("Custodians") of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines. Certain administrative expenses of the Plan are paid by the Club, which qualify as party-in-interest transactions as well.

The Detroit Athletic Club Employees' Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 1 - Plan Description (Continued)

Termination - While it has not expressed any intent to do so, the Club has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Participant Accounts - Each participant's account is credited with the participant's contributions, allocations of the Club's discretionary contributions, and plan earnings and charged with an allocation of administrative expenses. Allocations are based on a participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments - Upon termination of employment, the participant or, in the case of death, the surviving spouse can elect to receive the participant's vested account balance in a single lump sum or in various installment annuities. Account balances less than \$5,000 are paid in a single lump sum upon termination.

Forfeitures - If a participant is not fully vested on their termination date, the non-vested amount of the account is forfeited. Forfeitures are used to reduce future Club contributions or to pay administrative expenses of the Plan.

The Detroit Athletic Club Employees' Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value, except for a common collective trust fund that invests in fully-benefit responsive investment contracts (commonly referred to as a stable value fund) and an unallocated investment contract, which are valued at contract value. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the common collective trust fund and unallocated contracts is based on the fair value of the underlying net assets at the measurement date by the issuer of the fund. The Plan's interest in the common collective trust and unallocated contracts is based on its proportionate ownership interest in the fair value of the funds. The common collective trust fund and unallocated insurance contracts primarily hold guaranteed investment contracts, fixed-income securities, and derivatives. The fair value of the guaranteed investment contracts is based on current yields of similar instruments with comparable durations taking into account the contract terms including interest reset intervals and credit rating of the issuer. The fair value of the fixed-income securities is valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve as well as other relevant economic measures. The fair value of a wrapper contract provided by the contract issuer(s) is based on the replacement cost methodology which is the present value of the difference between the replacement wrapper fee and the contracted wrapper fee. The remaining common collective trust funds and pooled separate account investments are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets. All other investments are valued based on quoted market prices. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Club.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

The Detroit Athletic Club Employees' Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 13, 2013, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

In 2012, the Plan changed custodians, from Mass Mutual and State Street to Principal Life, Principal Trust, and Union Bond and Trust (collectively, the "Custodians"). The Custodians of the Plan held the Plan's investments and executed all investment transactions during the years under audit. The investment balances and related investment results included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Custodians.

Significant investments at the end of the year are as follows:

	2012	2011
Mutual funds - At fair value:		
Franklin Advisers Rising Dividends Fund	\$ 241,477	\$ -
PIMCO - Total Return Fund	264,745	-

The Detroit Athletic Club Employees' Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2012 and 2011 and the valuation techniques used by the Plan to determine those fair values.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. Significant Level 3 inputs used to value the unallocated insurance contract include specific terms and contractual provisions outlined in the contracts including the effective interest rate.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Total	<u>\$ 2,692,745</u>	<u>\$ 595,844</u>	<u>\$ 3,288,589</u>

- (1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities, which may include common stocks, options, and futures.
- (2) This class represents investments in actively managed pooled separate accounts or common collective trust funds with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (3) This class represents investments in actively managed pooled separate accounts or common collective trust funds that invest in a variety of fixed-income investments which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (4) This class represents investments in an actively managed common collective trust fund that invests primarily in guaranteed investment contracts, fixed-income securities, and derivatives which may include corporate bonds, both U.S. and non-U.S. municipal securities, and wrapper contracts.

There were no unfunded commitments or redemption restrictions on the pooled separate account and common collective trust fund investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period.

Changes in Level 3 assets measured at fair value on a recurring basis for the year ended December 31, 2012 are as follows:

	Unallocated Insurance Contract
Balance at January 1, 2012	\$ 595,844
Purchases	63,032
Sales	(613,816)
Total losses	<u>(45,060)</u>
Balance at December 31, 2012	<u>\$ -</u>

The Detroit Athletic Club Employees' Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 4 - Fair Value Measurements (Continued)

Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3 assets. As a result, the unrealized gains and losses for these assets presented in the tables above may include changes in fair value that were attributable to both observable and unobservable inputs.

Note 5 - Investment Contracts

The Plan held a benefit-responsive investment contract with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0 percent. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g. divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 5 - Investment Contracts (Continued)

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. If an event of default occurs and is not cured, the non-defaulting party may terminate the contract. The following may cause the Plan to be in default: a breach of material obligation under the contract; a material misrepresentation; or a material amendment to the plan agreement. The issuer may be in default if it breaches a material obligation under the investment contract; makes a material misrepresentation; has a decline in its long-term credit rating below a threshold set forth in the contract; or is acquired or reorganized and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers. If, in the event of default of an issuer, the Plan were unable to obtain a replacement investment contract, withdrawing plans may experience losses if that value of the Plan's assets no longer covered by the contract is below contract value. The Plan may seek to add additional issuers over time to diversify the Plan's exposure to such risk, but there is no assurance the Plan may be able to do so. The combination of the default of an issuer and an inability to obtain a replacement agreement could render the Plan unable to achieve its objective of maintaining a stable contract value. The terms of an investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro rata, based on the percentage of investments covered by each issuer. Contract termination occurs whenever the contract value or market value of the covered investments reaches zero or upon certain events of default. If the contract terminates due to issuer default (other than a default occurring because of a decline in its rating), the issuer will generally be required to pay to the Plan the excess, if any, of contract value over market value on the date of termination. If the contract terminates due to a decline in the ratings of the issuer, the issuer may be required to pay to the Plan the cost of acquiring a replacement contract (i.e., replacement cost) within the meaning of the contract. If the contract terminates when the market value equals zero, the issuer will pay the excess of contract value over market value to the Plan to the extent necessary for the Plan to satisfy outstanding contract value withdrawal requests. Contract termination also may occur by either party upon election and notice.

As described in Note 2, because the unallocated insurance contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the unallocated insurance contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Average percentage yields for the unallocated insurance contract are as follows:

	2011
Based on actual earnings	2.89
Based on interest rate credited to participants	2.89

Note 6 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2009.
