Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by TD Ameritrade Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules listed in the accompanying table of contents, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Correction of Error

As discussed in Note 11 to the financial statements, certain errors resulting in an overstatement statement of expenses and an understatement of receivables as of December 31, 2011, were discovered by management of Woodlands 401(k) Profit Sharing Plan during the current year. Accordingly amounts reported for receivables have been restated in the 2011 financial statements now presented, and an adjustment has been made to net assets available for benefits, to correct the error. Our opinion is not modified with respect to that matter.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Woodlands 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The retirement committee of Woodlands Medical Specialists, PA approved the creation of the Woodlands 401(k) Profit Sharing Plan during the fiscal year ended December 31, 2009. The Plan was created to provide employees with a retirement incentive package.

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employee Salary Deferral Contributions – Each year, participants may contribute from 1% up to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

401(k) Safe Harbor Contributions – Each year, the Company contributes to the participant 3% of the employee's gross earnings.

Employer Match Contributions – Each year, the Company may make a discretionary contribution equal to 50% of the employee's amount of salary deferrals up to 6%, which would be a maximum of 3% of the participant's pretax annual compensation.

Profit Sharing Contributions – Each year, the Company may make an additional discretionary contribution to the participant based upon the current profits before income taxes. This amount is referred to as the profit sharing portion and represents an additional amount at the option of the Company's board of directors. Contributions are subject to certain IRS compensation limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and any Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Participant salary deferrals may be treated as either “pre-tax” or “Roth” (after tax) contributions. This election can be made upon entrance into the Plan. Elections can be changed quarterly throughout the plan year.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes receivable

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at 3.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. The loan balance at December 31, 2012 and 2011 was $60,451 and $64,813, respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, or the option of a rollover to another qualified plan.

Forfeited Accounts

At December 31, 2012 and 2011, forfeited amounts in non-vested accounts totaled $9,480, and $16,874, respectively. Forfeitures are used in the year in which they occur. These funds are used to reduce current and future employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation / depreciation include the Plan's realized and unrealized gains and losses on investments bought and sold during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

TD Ameritrade Trust Company trustee administration expenses were paid by the Plan participants on a pro-rata basis as participant transactions are processed by the Trustee. Third Party Administrator and audit expenses are fully absorbed by the Plan Sponsor.

Subsequent Events

Subsequent events were evaluated through September 30, 2013, which is the date on which the financial statements were available to be issued.

Net appreciation of investments	$ 1,149,868

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 input to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs other than quoted prices that are observable for the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

NOTE 5 – RELATED PARTY TRANSACTIONS

The Plan does not have any related parties or parties in interest transactions for the period ended December 31, 2012.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2008, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The Plan Administrator and its qualified tax counsel do not anticipate that changes in the Plan after the date of the amendments covered by the Internal Revenue Service determination letter will affect the qualified and tax-exempt status of the Plan and the Trust, respectively. The Plan's federal returns for 2009, 2010, and 2011 are subject to examination by the Internal Revenue Service, generally for three years after they are filed.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – REALIZED AND UNREALIZED GAINS AND LOSSES

Realized and unrealized gains and losses are calculated using a historical basis for financial statements purposes. This is different than the instructions for the IRS Form 5500 which require that assets be revalued to current (market) value at the beginning of the plan year. The gain or loss on a sale of an investment held at the beginning of the plan year must be calculated using the current value of that investment at the beginning of the plan year.

NOTE 10 – PROHIBITED TRANSACTIONS

During the year, one participant's deferral contributions were not calculated properly resulting in their actual deferral being less than the elected amount. Each improper remittance constitutes a prohibited transaction, regardless of the size of the transaction. The amounts listed on Schedule line H, Line 4a include the lost earnings 50% of that participant's elected amount and 100% of the match and the related lost earnings that are pending correction through the Voluntary Fiduciary Correction Program in the amount of $3,078 in 2012.

NOTE 11 – PRIOR PERIOD ADJUSTMENT

Subsequent to the year ended December 31, 2011, it was determined that certain expenses were not properly recorded in the prior year financial statements. The effect of the error was an overstatement statement of expenses and an understatement of receivables in the prior year of $15,021. As a result, an increase in the beginning net assets available for benefits and an increase in receivables have been made.
