401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Courthouse News Service 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan's sponsor is Courthouse News Service, Inc. (the "Company" or the "Employer").

General

The Plan was initially adopted January 1, 1998 and has been restated effective January 1, 2009 to comply with changes in pension laws and regulations. The Plan is a defined contribution plan covering all eligible employees of the Company. In order to be eligible to participate in the Plan, the participant must be at least 21 years of age and not be part of a group of employees that is excluded from the Plan. The employees excluded from the Plan include "Grandfather" employees, "Substitute" employees, "non-resident alien" employees and "contract" employees as defined by the Plan. In order to be eligible for the Employer profit sharing and match, the participant must be at least 21 years of age and complete 12 months of service as defined by the Plan. An eligible employee may enter the Plan on January 1, April 1, July 1 or October 1 of each year after meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants direct the investment of their contributions (including employer contributions) into various investment options offered by the Plan.

Participant Contributions

Participants may elect to make salary deferral contributions to the Plan starting at 1% of annual compensation up to the annual limit ($17,000 in 2012) established by the Internal Revenue Service ("IRS"). Participants greater than fifty years old can also make catch-up contributions in addition to the above, up to the maximum amount allowed by the IRS ($5,500 in 2012).

Rollover Contributions

The Plan allows for participants in a former employer's qualified plan to contribute direct rollovers to this Plan.

Matching Contributions

The Plan allows for the Company to make matching contributions. The Company matched an amount equal to 50% of the first 5% of the participant's compensation that is contributed to the Plan on a per pay period basis during the year ended December 31, 2012.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Profit Sharing Contributions

The Company may also make an additional discretionary profit sharing contribution which shall be allocated to each eligible participant based on the employee's classification. In order to receive an allocation of the profit sharing contribution, the participant must have worked at least 1,000 hours during the Plan Year and be employed on the last day of the Plan Year. There were no employer discretionary profit sharing contributions made to the Plan for the year ended December 31, 2012.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company contributions and Plan earnings (net of administrative fees). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their contributions and the earnings and appreciation or depreciation thereon. Employer profit sharing and matching contributions vest as follows:

Years of Service	% Vesting
1 year	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of the value of their vested account balance on the loan date. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate in effect on the loan date plus 2% per annum, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts
Forfeitures of non-vested participant accounts can be used to reduce Plan expenses or to reduce employer contributions. There was $3,376 used from the forfeiture account balances to reduce plan expenses during the year ended December 31, 2012. At December 31, 2012 and 2011, there was $1,566 and $820, respectively, in the forfeitures account.

Payment of Benefits
Upon termination of service, death, disability or retirement, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance or annual installments over any period not exceeding the lesser of 10 years or the life expectancy of the participant. For terminated participants' account balances that are less than $5,000, the Plan administrator may distribute the entire amount in a lump sum without the participant's consent if they do not receive distribution instructions from the participant. For terminated participant account balances between $1,000 and $5,000 the Plan Administrator may automatically rollover the balance into an individual retirement account if they do not receive distribution instructions from the participant. For terminated participants' account balances that are less than $1,000, the Plan administrator may distribute the entire amount in a lump sum without the participant's consent. Hardship distributions are not permitted from the participant's employee deferral account.

NOTE 2 –SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition
The Plan's investments have been stated at fair value as determined by the Custodian. Quoted market prices are used to value investments at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end based on quoted market prices. Purchases and sales of securities are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold during the year as well as those held at year end. See Note 8 for discussion of fair value measurements.

NOTE 2 –SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting Standards Codification
The Financial Accounting Standards Board's (FASB) Accounting Standards Codification ™ (Codification) is the official source of authoritative, nongovernmental accounting principles generally accepted in the United States of America. The Codification is organized by overall topic which is at times referenced in the accompanying notes to the financial statements.

Accounting Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
All expenses incident to the administration, termination or protection of the Plan, including, but not limited to, legal, accounting and custodian fees, shall be paid by the Company or, if not paid by the Company, shall be paid by the administrator from the Plan assets. Most of the administrative expenses of the Plan were paid by the Plan during the year ended December 31, 2012. In addition, the Company provides administrative services to the Plan at no cost to the Plan.

Subsequent Events
The Plan has evaluated subsequent events through September 27, 2013, which is the date these financial statements were available to be issued. All subsequent events requiring recognition or disclosure have been incorporated into these financial statements.

NOTE 3 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTE 4 - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Reliance Trust Company. Reliance Trust Company is the Custodian as defined by the plan and therefore, these transactions qualify as party-in-interest transactions. Investment fees paid by the Plan to the Custodian are included as a component of net realized and unrealized depreciation in investments as they are paid through revenue sharing, rather than a direct payment and are not separately stated in the accompanying statement of changes in net assets available for benefits. The Plan incurred fees to the third party administrator which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 5 – TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving this determination letter, however, the plan administrator and the plan's tax counsel believe that the Plan is still designed and currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no significant uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

NOTE 7 – INFORMATION CERTIFIED BY THE CUSTODIAN

All investment information disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year) at December 31, 2012 and 2011 and net appreciation in fair value of investments, interest, dividend and investment expenses for the year ended December 31, 2012, were obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Custodian, Reliance Trust Company in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The following investments represent 5 percent or more of the Plans net assets at December 31, 2012 and/or 2011:

	2012	2011
DFA US Core Equity 1	$ 714,766	$ 573,249
PIMCO Total Return Inst	$ 423,104	$ 314,733
DFA International Core Equity	$ 243,706	$ 170,170

NOTE 8 – FAIR VALUE MEASUREMENTS

The "*Fair Value Measurements*" topic of the Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the *Fair Value* Measurements topic of the Codification are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies or classifications in level used during the year ended December 31, 2012 and 2011.

NOTE 8 – FAIR VALUE MEASUREMENTS (CONTINUED)

Registered Investment Companies (Mutual funds): Valued at the net asset value ("NAV") of shares held by the Plan at year end based on quoted market prices in active markets.

REIT Funds: Valued at the closing price reported on the active market on which the securities are traded.

Cash Equivalents: Valued at dollar value of accounts held by the Plan at year end as provided by the Custodian.

The methods described above may produce a fair value calculation that may not be indicative of net realizable or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:
