MEADOWOOD ASSOCIATES 401(k) RETIREMENT PLAN

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Meadowood Associates 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan established to provide eligible Meadowood Associates employees tax deferral of up to 100% of their annual compensation through contributions to the Plan. The employer receives a tax deduction for the amount contributed, and the participant is not currently taxed on that amount. An account for each participant records the contributions, any forfeitures allocated to the account, and investment income, gains, and losses. The Plan was established on January 1, 1994. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Contributions to the Plan are comprised of amounts withheld from employee compensation, and are based on participant deductions not to exceed 100% of annual compensation or a maximum of $17,000 per year, plus rollovers from employees' other qualified retirement plans. Additionally, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Each participant's share of the net assets of the Plan is segregated in an individual account. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 16 mutual funds as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with directly related account expenses. The benefit to which the participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates which are commensurate with local prevailing rates determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Vesting

Participants are immediately vested in their contributions and employer matching contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits

On termination of service, a participant receives an amount equal to the participant's vested interest in his or her account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual method of accounting.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Investments Valuation
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Administrative expenses paid by the Plan are generally charged to the participants' accounts.

Tax Status
The Plan is qualified under Sections 401(a) and (k) of the Internal Revenue Code, and is exempt from Federal income taxes under Section 501(a) of the Code. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service, and the Plan sponsor believes that the Plan continues to qualify and to operate as designed.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Date of Management's Review
Subsequent events were evaluated through September 27, 2013, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuations techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Gains and losses (realized and unrealized) included in additions to net assets available for benefits for the year ended December 31, 2012 are reported separately in the additions to net assets balance on page 3.

The following table sets forth the Plan's investments at fair value as of December 31, 2012 and 2011:

	2012	2011
Mutual funds (Based on Level 1 Inputs)	$ 1,445,866	$ 1,080,504

NOTE 4 - INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and schedule is complete and accurate:

(a) Total investments as shown in the accompanying statements of net assets available for benefits of $1,445,866 as of December 31, 2012 and $1,080,504 at December 31, 2011.

(b) Investment income and gain(loss) as shown in the accompanying statement of changes in net assets available for benefits of $15,856 and $177,917, respectively, for the year ended December 31, 2012.

NOTE 4 - INVESTMENTS (Continued)

The following presents information on each fund investment that represented 5% or more of the Plan's net assets at December 31, 2012 and 2011:

	2012	2011
Vanguard Prime Money Market	$ 288,925	$ 219,716
Dodge & Cox Stock Fund	187,419	144,127

Ariel Fund	104,303	67,187
	$ 1,272,824	$ 913,913

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

There are no differences between net assets available for benefits per the financial statements and the Schedule H in Form 5500.
