To the Plan Administration of
Quantum Color Graphics, LLC
401(k) Profit Sharing Plan
Morton Grove, Illinois

We have conducted a DOL limited-scope audit of the financial statements of Quantum Color Graphics, LLC 401(k) Profit Sharing Plan for the year ended December 31, 2012, and have issued our report thereon dated July 31, 2013. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 8, 2013. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Quantum Color Graphics, LLC 401(k) Profit Sharing Plan are described in Note 2 to the financial statements. In 2012, the Plan adopted the disclosure requirement related to Accounting Standards Update No. 2011-04, *Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs.* The application of existing accounting policies was not changed in 2012. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. There are no accounting estimates that are particularly sensitive because of their significance to the financial statements or because of the possibility that future events affecting them may differ significantly from those expected.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 31, 2013.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

This information is intended solely for the use of the Plan Committee and management of the Quantum Color Graphics, LLC 401(k) Profit Sharing Plan and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administration of
Quantum Color Graphics, L.L.C.
401(k) Profit Sharing Plan
Morton Grove, Illinois

We were engaged to audit the accompanying financial statements of QUANTUM COLOR GRAPHICS, L.L.C. 401(K) PROFIT SHARING PLAN, which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012; Schedule H, Line 4a - Schedules of Delinquent Participant Contributions for the years ended December 31, 2012 and 2011; and Schedule H, Line 4d - Schedule of Nonexempt Transactions for the years ended December 31, 2012 and 2011, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2012 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter – 2011 Financial Statements

The financial statements of the Plan as of December 31, 2011, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income and Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Charles Schwab Bank, the trustee of the Plan. Their report dated October 12, 2012, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income and Security Act of 1974.

401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Quantum Color Graphics, L.L.C. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of Quantum Color Graphics, L.L.C. (the "Company" or "Sponsor"). Employees are eligible to participate in voluntary contributions upon attaining the age of 21. Participants are eligible for Company discretionary match and discretionary profit sharing contributions upon completion of one year of service. Entry to the Plan occurs on the first day of each quarter of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended by subsequent legislation.

Contributions - The Plan provides for employee salary deferral contributions, including catch-up contributions, not to exceed the maximum amount allowed under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company did not make discretionary matching or profit sharing contributions to the Plan for the years ending December 31, 2012 and 2011.

Participants' Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings, including appreciation or depreciation in the fair value of investments, and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions portion of account balances, plus actual earnings thereon, is based on years of service. A participant is 100% vested after six years of service (six year graded vesting -20% per year beginning after year one), upon reaching retirement age of 65, or due to death or disability.

Forfeitures - Forfeitures of non-vested Company contributions and earnings thereon can be used first to reduce administrative expenses, then, to reduce future matching contributions. Remaining forfeitures of profit sharing contributions are reallocated to participants as additional profit sharing contributions. Forfeitures of $1,932 and $0 were used to pay administrative expenses of the Plan during 2012 and 2011, respectively. $26,409 of forfeitures were reallocated to participants during 2011 and none were reallocated in 2012. Remaining unallocated forfeitures totaled $29,730 and $16,065 at December 31, 2012 and 2011, respectively.

Investments - Participants self-direct the investment of contributions into various registered investment companies. Participants may change their selection of investments at any time.

Notes Receivable from Participants - Participants may borrow from their accounts up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The portion of the account balance arising from employer contributions is not eligible to be considered for notes receivable. The notes receivables are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 10.00%. Principal and interest is paid ratably through regular payroll deductions.

1. Description of Plan (Cont.)

Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive the value of their account balance either in a lump-sum distribution or in installments over a period of time not exceeding the life expectancy of the participant or the joint life expectancies of the participant and the participant's designated beneficiary. Hardship withdrawals are also permitted by the Plan. Distributions will be made in a lump-sum payment if such an election is not made or if the vested account balance does not exceed $5,000.

2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Investments in registered investment companies are stated at quoted market prices.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Income from investments is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Payment of Benefits - Benefits are recorded when paid.

Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Administrative Expenses - Expenses of the Plan, other than certain investment activity costs, are paid by the Company. Although the Company has elected to pay these expenses, it is not obligated to do so. If the Company ceases to pay all or part of these expenses in the future, they will be paid by the Plan's trustee out of the assets of the Plan.

2. Summary of Significant Accounting Policies (Cont.)

Fair Value Measurements - In May 2011, the Financial Accounting Standards Board issued guidance in Accounting Standards Update No. 2011-04, *Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU No. 2011-04). ASU No. 2011-04 was issued to improve comparability of fair value application, measurements and disclosures between U.S. GAAP reporting and IFRS reporting. ASU No. 2011-04 clarifies fair value definitions and enhances fair value measurement guidance with respect to highest and best use measurements, equity instrument measurements, and measurement of financial instruments that are managed within a portfolio. Additionally, ASU No. 2011-04 expands disclosures for unobservable inputs used in Level 3 fair value measurements. ASU No. 2011-04 is effective for annual periods beginning after December 15, 2011. The Plan adopted this guidance in 2012.

Reclassifications - Certain reclassifications have been made to the 2011 financial statements to agree with the 2012 presentation with no effect on changes in net assets available for benefits.

3. Investments

The following table presents the fair values of investments that represent 5% or more of the Plan's net assets:

	December 31,	
	2012	2011
Registered investment companies:		
Schwab investor money market fund	$ 860,633	$ 853,781
Schwab S&P 500 index fund	1,018,402	943,521

Pimco total return fund	820,712	759,594
American Funds growth fund of america	*	399,501

*Investment is less than 5% of Plan's net assets.

During 2012 and 2011, the Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in value as follows:

	2012	2011
Registered investment companies	$ 610,986	$ (136,168)

4. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2012 and 2011.

Registered investment companies are determined by obtaining quoted prices from nationally recognized securities exchanges (Level 1 inputs).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (Cont.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

		Fair Value Measurements at Reporting Date Using

5. Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the trustee of the Plan, has certified to the completeness and accuracy of all investments, at fair value, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, the investment income (loss) components and interest income from participants' notes receivable reflected in the statements of changes in net assets available for benefits for the years then ended, and investments, at fair value, and notes receivable from participants as reflected on the supplemental schedule of assets (held at end of year) as of December 31, 2012.

6. Related Party Transactions

Certain Plan investments are managed by Charles Schwab Bank, the trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan during 2012 and 2011 rendered by parties-in-interest were based on customary and reasonable rates for such services.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA as amended by subsequent legislation. In the event of Plan termination, participants will become 100% vested in all of their account balances.

8. Tax Status

The Plan has adopted the prototype documents created by The Newport Group of North Carolina. The prototype plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

9. Reconciliation of Audited Financial Statements to Form 5500

	2012	2011
Net assets available for benefits - financial statements	$ 6,756,182	$ 6,511,468
Participant contributions receivable	(1,628)	(11,621)
Other contributions receivable	(2,847)	(184,133)
Net assets available for benefits - Form 5500	$ 6,751,707	$ 6,315,714

	Year Ended December 31, 2012
Participant contributions - financial statements	$ 313,500
Amounts receivable at December 31, 2011	11,621
Amounts receivable at December 31, 2012	(1,628)
Participant contributions - Form 5500	$ 323,493
Dividends and interest - financial statements	$ 175,584
Amounts receivable at December 31, 2011	184,133
Amounts receivable at December 31, 2012	(2,847)
Dividends and interest - Form 5500	$ 356,870

10. Prohibited Transactions

During 2009, 2010, 2011 and 2012, the Plan's Sponsor failed to deposit certain participant contributions within the required timeframe as stated by the United States Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions as disclosed in the accompanying supplemental information to the financial statements. In 2011, 2012 and 2013, the Plan's Sponsor corrected these late deposits outside of the DOL Voluntary Fiduciary Correction Program in a manner the Plan's Sponsor believes to be appropriate.

In 2013, the DOL has determined that an additional $2,847 of lost earnings has resulted from late deposits described above. This amount is recorded as a receivable by the Plan as of December 31, 2012, and this amount was remitted to the Plan in 2013 by the Plan's Sponsor and allocated to participants.

The Plan's third party administrator ("TPA") has an agreement with the Plan's Trustee whereby the TPA, a related party of the Plan's Sponsor, received excess servicing payments between 2003 and 2012. In 2012, it was determined that due to a common ownership between the Plan's Sponsor and the TPA, this revenue should be remitted to the Plan and allocated to the participants in the years received by the TPA. Consequently, a receivable for the $184,133, including lost earnings of $38,617, was recorded at December 31, 2011, and this amount was remitted to the Plan in 2012 by the TPA and allocated to participants.

11. Subsequent Events

Management has evaluated subsequent events through July 31, 2013, the date these financial statements were available for issuance.
