REPORT OF INDEPENDENT AUDITORS

To the Trustees
The GGS 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The GGS 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

***Disclaimer of Opinion***

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2012, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting for Reporting and Disclosure under ERISA.

THE GGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan

The following description of The GGS 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General - The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Glenmount Global Solutions, Inc. (the "Company"), and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as plan administrator.

Eligibility - Employees of the Company are eligible to participate in the Plan upon reaching the age 21 and after completing 3 months of service.

Contributions - Each year, participants may contribute between 0-60% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants must complete at least 1,000 hours of service during the plan year to be eligible to receive any profit sharing contributions. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. The Company will provide a match contribution at its discretion that will be allocated in proportion to each employee's salary deferral made during the year. The Company matches 50% of employee contributions, up to 3% of eligible compensation deferred to the Plan. There were no profit sharing contributions for the year ended December 31, 2012. Contributions are subject to regulatory limitations.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

THE GGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan (continued)

Notes receivable from participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed ten years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. As of December 31, 2012, the rates of interest on outstanding loans ranged from 3.24-4.25% with various maturities through April 2021.

Payment of benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments, as defined by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures - Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay plan administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2012 and 2011, forfeited non-vested accounts totaled \$8,057 and \$47,054, respectively. For the year ended December 31, 2012, Company matching contributions were reduced by \$43,802 in forfeited non-vested accounts and \$12,960 was used for payment of plan administrative expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

THE GGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies (continued)

Recent accounting pronouncement - ASU No. 2011-04 - In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2011-04, *Fair Value Measurement (Topic 820) - Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU No. 2011-04 requires disclosure of valuation techniques for Level 2 and Level 3 measurements and for Level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between Level 1 and Level 2 of the fair value hierarchy. The Plan adopted the new disclosure requirements effective January 1, 2012. Plan management does not expect the adoption of ASU No. 2011-04 to have a material effect on the statement of net assets available for benefits and statement of changes in net assets available for benefits.

Investment valuation - Investments are stated at fair value as certified by the Plan's trustee, Fidelity Management Trust Company.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Income recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants - Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Payment of benefits - Benefits are recorded when paid.

Expenses - All expenses of maintaining the Plan are paid by the Company. Certain transaction fees are paid by the Plan.

THE GGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies (continued)

Excess contributions payable - Excess contributions payable represent amounts refunded to participants after year end to comply with regulatory contribution limitations.

Subsequent events - Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 25, 2013, which is the date the financial statements were available to be issued.

Note 3 - Investments

Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

	2012	2011
FID Freedom 2030	\$ 1,654,989	\$ 1,459,124
FID Freedom 2020	\$ 809,020	\$ 652,683
FID Freedom 2025	\$ 723,127	\$ 720,018
Fidelity Retirement Money Market	\$ 689,869	\$ 666,710
FID Freedom 2015	\$ 682,738	\$ 627,264
FID Freedom 2035	\$ 610,839	\$ 536,395
Fidelity Managed Income Portfolio	\$ 591,738	\$ 452,500

During 2012, the Plan's investments in registered investment companies (including gains and losses on investments purchased, sold, as well as held during the year) appreciated in fair value by \$1,035,436.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

Basis of Fair Value Measurement

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2** Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered investment companies (Mutual Funds and Money Market Fund): Valued at quoted market price which represents the Net Assets Value (NAV) of shares held by the Plan at year end.

THE GGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurements (continued)

Collective trust: Units held in collective trust are valued using NAV of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a collective investment is calculated based on a compilation of primarily observable market information. The number of units of the trust that are outstanding on the calculation date is derived from observable purchase and redemption activity in the trust. Accordingly, the unit value for collective investment is classified within level 2 of the valuation hierarchy. The Plan invests in the following significant collective trust fund:

Fidelity Management Income Portfolio: A collective trust that is designed to provide preservation of capital returns that are consistent regardless of stock and bond market volatility. The fund seeks to earn a high level of income consistent with those objectives. The Fund hold guaranteed investment contracts which typically have a fixed maturity. Each contract contains a provision that the issuer will, if require, repay principal at the stated contract value for the purpose of paying benefit payments (fully benefit-responsive). There are no redemption restrictions or unfunded commitments on this investment.

The valuation method used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (continued)

The following table discloses by level, the fair value hierarchy, of the Plan's assets at fair value as of December 31, 2012 and 2011:

Investment Assets at Fair Value as of December 31, 2012

Total assets at fair value	<u>\$ 9,929,638</u>	<u>\$ 463,940</u>	<u>\$ -</u>	<u>\$ 10,393,578</u>

Note 5 - Tax Status

The Plan document is a prototype standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations prior to 2009.

THE GGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 - Information Certified By the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011.
- Net appreciation in fair value of investments, dividends, and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2012.
- Investments reflected on the supplemental schedule of assets (held at end of year).

Note 8 - Party-In-Interest Transactions

Plan investments include shares of registered investment company funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee of the Plan and an affiliate of Fidelity Investments and, therefore, transactions with these entities qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were \$14,080 for the year ended December 31, 2012.

Note 9 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

REPORT OF INDEPENDENT AUDITORS

To the Trustees
The GGS 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The GGS 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

***Disclaimer of Opinion***

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2012, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting for Reporting and Disclosure under ERISA.

THE GGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan

The following description of The GGS 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General - The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Glenmount Global Solutions, Inc. (the "Company"), and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as plan administrator.

Eligibility - Employees of the Company are eligible to participate in the Plan upon reaching the age 21 and after completing 3 months of service.

Contributions - Each year, participants may contribute between 0-60% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants must complete at least 1,000 hours of service during the plan year to be eligible to receive any profit sharing contributions. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. The Company will provide a match contribution at its discretion that will be allocated in proportion to each employee's salary deferral made during the year. The Company matches 50% of employee contributions, up to 3% of eligible compensation deferred to the Plan. There were no profit sharing contributions for the year ended December 31, 2012. Contributions are subject to regulatory limitations.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

THE GGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan (continued)

Notes receivable from participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed ten years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. As of December 31, 2012, the rates of interest on outstanding loans ranged from 3.24-4.25% with various maturities through April 2021.

Payment of benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments, as defined by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures - Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay plan administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2012 and 2011, forfeited non-vested accounts totaled \$8,057 and \$47,054, respectively. For the year ended December 31, 2012, Company matching contributions were reduced by \$43,802 in forfeited non-vested accounts and \$12,960 was used for payment of plan administrative expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

THE GGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies (continued)

Recent accounting pronouncement - ASU No. 2011-04 - In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2011-04, *Fair Value Measurement (Topic 820) - Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU No. 2011-04 requires disclosure of valuation techniques for Level 2 and Level 3 measurements and for Level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between Level 1 and Level 2 of the fair value hierarchy. The Plan adopted the new disclosure requirements effective January 1, 2012. Plan management does not expect the adoption of ASU No. 2011-04 to have a material effect on the statement of net assets available for benefits and statement of changes in net assets available for benefits.

Investment valuation - Investments are stated at fair value as certified by the Plan's trustee, Fidelity Management Trust Company.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Income recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants - Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Payment of benefits - Benefits are recorded when paid.

Expenses - All expenses of maintaining the Plan are paid by the Company. Certain transaction fees are paid by the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies (continued)

Excess contributions payable - Excess contributions payable represent amounts refunded to participants after year end to comply with regulatory contribution limitations.

Subsequent events - Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 25, 2013, which is the date the financial statements were available to be issued.

Note 3 - Investments

Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

	2012	2011
FID Freedom 2030	\$ 1,654,989	\$ 1,459,124
FID Freedom 2020	\$ 809,020	\$ 652,683
FID Freedom 2025	\$ 723,127	\$ 720,018
Fidelity Retirement Money Market	\$ 689,869	\$ 666,710
FID Freedom 2015	\$ 682,738	\$ 627,264
FID Freedom 2035	\$ 610,839	\$ 536,395
Fidelity Managed Income Portfolio	\$ 591,738	\$ 452,500

During 2012, the Plan's investments in registered investment companies (including gains and losses on investments purchased, sold, as well as held during the year) appreciated in fair value by \$1,035,436.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

Basis of Fair Value Measurement

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2** Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered investment companies (Mutual Funds and Money Market Fund): Valued at quoted market price which represents the Net Assets Value (NAV) of shares held by the Plan at year end.

THE GGS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurements (continued)

Collective trust: Units held in collective trust are valued using NAV of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a collective investment is calculated based on a compilation of primarily observable market information. The number of units of the trust that are outstanding on the calculation date is derived from observable purchase and redemption activity in the trust. Accordingly, the unit value for collective investment is classified within level 2 of the valuation hierarchy. The Plan invests in the following significant collective trust fund:

Fidelity Management Income Portfolio: A collective trust that is designed to provide preservation of capital returns that are consistent regardless of stock and bond market volatility. The fund seeks to earn a high level of income consistent with those objectives. The Fund hold guaranteed investment contracts which typically have a fixed maturity. Each contract contains a provision that the issuer will, if require, repay principal at the stated contract value for the purpose of paying benefit payments (fully benefit-responsive). There are no redemption restrictions or unfunded commitments on this investment.

The valuation method used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Tax Status

The Plan document is a prototype standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations prior to 2009.

NOTES TO FINANCIAL STATEMENTS

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 - Information Certified By the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011.
- Net appreciation in fair value of investments, dividends, and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2012.
- Investments reflected on the supplemental schedule of assets (held at end of year).

Note 8 - Party-In-Interest Transactions

Plan investments include shares of registered investment company funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee of the Plan and an affiliate of Fidelity Investments and, therefore, transactions with these entities qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were \$14,080 for the year ended December 31, 2012.

Note 9 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
