Report on the Financial Statements

We were engaged to audit the accompanying financial statements of First Federal Savings Bank Salary Savings 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Emjay Corporation, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matter

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of or for the year ended December 31, 2012, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1. Plan Description

The following description of the First Federal Savings Bank Salary Savings 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of First Federal Savings Bank (Employer) who have reached age 21 and have completed one year of service with 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Funding policy:

The Plan allows each participant to enter into a salary reduction agreement for each plan year. Participants may contribute up to the maximum percentages allowable, not to exceed limits defined in certain sections of the Internal Revenue Code. The Plan allows the Employer to make a discretionary matching contribution based on a percentage of the participant's salary reduction contribution. For the year ended December 31, 2012, the Employer matched 25% of each participant's salary reduction contribution up to 4% for a maximum amount equal to 1% of the participant's eligible compensation. The Plan also has a required Employer fixed safe harbor nonelective contribution equal to 4% of each participant's eligible compensation. Eligible participants may also contribute amounts representing distributions from other qualified plans in the form of a rollover contribution.

Participant accounts:

Each participant's account is credited with the participant's contributions, the Employer's discretionary matching contributions, an allocation of the Employer's fixed safe harbor nonelective contribution, Plan earnings and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account. The Plan allows each participant to choose their own investment mix for salary deferrals and Employer contributions based on various risk levels. If a participant does not designate any investment options, all contributions to their account will be deposited 50% into the Oakmark Equity & Income Fund and 50% into the T. Rowe Price Capital Appreciation Fund.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer contributions and earnings thereon are based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeitures:

Forfeitures of terminated participants' non-vested employer portion of their accounts may be reallocated to all eligible participants, used to reduce employer matching contributions or used to pay plan expenses. Unallocated forfeitures included in net assets available for benefits were $5,467 and $5,723 as of December 31, 2012 and 2011, respectively. Forfeitures of $7,465 were used to reduce employer matching contributions during the year ended December 31, 2012.

Note 1. Plan Description (Continued)

Notes receivable from participants:

The Plan allows eligible participants to borrow funds from the Plan. Under the terms of this provision, borrowings are subject to certain limitations, including a minimum borrowing of $1,000, a maximum borrowing of the lesser of $50,000 or 50% or the participant's vested account balance, and a maximum term of five years or a reasonable period of time for loans used to acquire a principal residence.

Note 2. Summary of Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the exdividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest.

Payment of benefits:

Benefits are recorded when paid.

Note 2. Summary of Accounting Policies (Continued)

Recent pronouncement:

In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of topics in the Account Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for periods beginning after December 15, 2013, except for amendments in this update where there was no transition guidance which was immediately effective upon issuance. The adoption of immediately effective guidance was not significant to these financial statements, and the impact of adopting ASU 2012-04 on subsequent periods has not yet been determined.

Subsequent events:

The Plan Administrator has evaluated subsequent events through September 13, 2013, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee, Emjay Corporation, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2012	2011
Investments:		
Mutual Funds	$ 7,686,953	$ 6,635,850

	$ 893,003
Interest on notes receivable from participants	$ 14,114

Note 4. Investments and Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2012 and 2011.

Mutual Funds: Valued based on quoted market prices in the active markets on which they are traded.

Common Collective Trust Fund: The unit value of these investments is determined by the sponsoring Trust by dividing the fund's net asset value (NAV) by its units outstanding. The NAV is based on the underlying assets which are priced daily in active markets and are unadjusted quoted prices. There are no unfunded commitments related to those trusts as of December 31, 2012 and 2011 and amounts can be redeemed daily without restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Investments and Fair Value Measurements (Continued)

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2012 and 2011 and presents separately those investments that represent 5% or more of the Plan's net assets:

(a) This category includes a common collective trust that invests 100% in the Wells Fargo Stable Return Fund G, a common collective trust that invests in guaranteed investment contracts and security-backed contracts. Security-backed contracts consist mainly of fixed income securities.

Note 5. Risks and Uncertainties

The investments of the Plan are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term could materially affect investment balances and the amounts reported in the financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan is a defined contribution prototype plan and trust sponsored by Emjay Corporation. The prototype plan has received a letter from the Internal Revenue Service as to its qualified status. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is designed and currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision of liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S federal, state or local tax authorities for years before 2009.

Note 8. Reconciliation of Financial Statements to Form 5500

Following are reconciliations of net assets available for benefits and changes in net assets available for benefits per the financial statements to the Form 5500:

Withdrawal charges on participant loans		(3,299)
Administrative expenses per Form 5500	$	39,273

Note 9. Prohibited Transactions

During the year ended December 31, 2011, the Plan sponsor inadvertently failed to deposit $4,392 of participant deferrals and loan payments within the required time frame as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The Plan sponsor reimbursed the Plan for lost earnings and filed Form 5330 and paid applicable excise taxes in 2012. The excise tax payment was made from the Plan sponsor's assets and not from the assets of the Plan.
