NOTE 1 - DESCRIPTION OF PLAN

The following description of the Atlantic Moving and Storage, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

Atlantic Moving and Storage, Inc. (the "Company") established the Plan effective January 1, 1992. Certain provisions of the Plan were amended effective January 1, 2012. The Plan is a defined contribution employee funded plan covering all full-time, non-union employees of The Company and all subsidiaries and affiliates who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Each year, participants may contribute up to 100% of eligible compensation. Contributions are subject to certain statutory limitations. Although the Plan is employee funded, the Company may make a discretionary contribution to the Plan not to exceed 100% of the first 15% of eligible employee contribution. No Company contributions were made in 2012.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Plan's earnings and losses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their contributions and any earnings thereon.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts, subject to provisions of the Plan document. Notes receivable transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes Receivable fund.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

(e) Notes Receivable from Participants (Continued)

The notes receivable from participants are secured by and are limited to 50% of the vested balance in the participant's account and bear interest at prevailing rates. Interest rates range from 4.25% to 6.25% for notes receivable outstanding at December 31, 2012. Notes receivable interest income is allocated to the investment funds according to the participant's current investment elections. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years, or longer if for the purchase of a residence.

(f) Payment of Benefits

On termination of service a participant's vested balance will be paid in a lump sum as soon as administratively feasible following the date on which a distribution is requested. Accounts with participant vested balances less than $5,000 will be automatically distributed after termination.

(g) Plan Expenses

Administrative and accounting fees are paid primarily by the Company. A proportionate share of expenses paid by the Plan is charged to each participant's account.

(h) Forfeitures

Forfeitures of terminated participants' non-vested accounts may first be used to reduce contributions made by the Company; second, any remaining forfeitures shall be used to offset the Plan's administrative costs; and third, any remaining forfeitures shall be allocated to participants. At December 31, 2012 and 2011, forfeited non-vested accounts were not significant.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(b) Use of Accounting Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of investments are recorded on the trade date. Interest Income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. New appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default the participant balance is reduced and a benefit payment is recorded.

(e) Payment of Benefits

Benefits payments to participants are recorded upon distribution.

(f) Subsequent Events

Management has reviewed subsequent events through the date of this report, which is the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., the trustee, has provided certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2012 and 2011 and for the year ended December 31, 2012 provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2012 and 2011 and the year ended December 31, 2012 is covered by such certifications and has not been audited by independent auditors.

Individual investments that represent 5% or more of the Plan's net assets are as follows at December 31:

	2012	2011
Money Market Fund:		
Merrill Lynch Ready Assets Trust Prime Money Fund	$ 754,469	$ 792,635
Mutual Funds:		
Blackrock Natural Resources Trust A	584,525	596,071
Blackrock S&P 500 Index Fund CL I	(*)	381,558
Invesco Van Kampen Equity & Income A	431,101	367,067
Sentinel Common Stock Fund	995,725	849,299

Individual investments noted with a (*) above did not represent 5% or more, as defined, of the Plan's net assets in 2012.

The net appreciation in the fair value of investments (including gains and losses on investments bought and sold, as well as held during the period) and interest and dividends for the year ended December 31, 2012 are as follows:

	Net Appreciation	Interest and Dividends
Money market funds	$ -	$ 22
Mutual funds	454,794	143,722
	$ 454,794	$ 143,744

NOTE 4 - FAIR VALUE MEASUREMENTS

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual Funds

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value ("NAV") as of December 31, 2012 and 2011. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

Money Market Funds

Money market funds are valued using the amortized cost or penny rounding method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates the fair value.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Basis of Fair Value Measurement (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31, 2012 and 2011.

NOTE 5 - TAX STATUS OF THE PLAN

The Plan is based on the Prototype Non-Standardized 401(k) Profit Sharing Plan and Trust Document of Merrill Lynch, which received an opinion letter from the IRS dated March 31, 2008 stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code ("IRC"). Accordingly, the trust's net investment income is exempt from income taxes. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

NOTE 5 - TAX STATUS OF THE PLAN (Continued)

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liability if the corporation has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. Upon termination, all participants will become or remain 100% vested in their accounts.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. Investment securities are exposed to various risks, such as interest rate, prepayment, and market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

NOTE 8 – RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Merrill Lynch Trust Co., a subsidiary of Bank of America, N.A. Bank of America, N.A. is the trustee of the Plan and therefore these transactions qualify as party-in-interest. Merrill Lynch Trust Co. also owns a 49% stake in Blackrock, an issuer of mutual funds held by the Plan. Blackrock is deemed a party-in-interest. Notes receivable from participants are also defined by ERISA as party-in-interest transactions.
