Note 1 Description of Plan

The following brief description of the Therapy Specialists 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a salary deferral plan which includes substantially all employees of Therapy Specialists. (the "Company"). It may also include matching contributions by the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Tax

On January 11, 2002, the Internal Revenue Service reviewed the Plan and determined it was acceptable under the Internal Revenue Code.

Principal Plan Provisions

Effective Date and Plan Year

The original effective date of the Plan was May 1, 1988 and was amended effective January 1, 1997. The Plan year is January 1 through December 31.

Eligibility

Employees are eligible to become a member of the Plan as follows: (1) on the entry date following the attainment of the minimum age of 21 years and (2) the completion of three months of service.

Those employees that are *not* eligible to become a member of the Plan are (1) employees whose employment is governed by the terms of a collective bargaining agreement and (2) employees who are non-resident aliens who do not receive any earned income from the Company which constitutes income from sources within the United States.

Normal Retirement Age

All participants are eligible to retire with their full retirement benefit on attainment of age 65 and the completion of 0 years of participation.

Normal Retirement Benefit

Upon normal retirement, each participant will be entitled to the full value of their account.

Elective Deferral

Elective deferrals for any Plan Year are made as a percentage of the participant's compensation as determined by the Administrator which will not cause the Plan to violate certain non-discrimination tests required by the IRS. The deferral amount cannot exceed the annual permissible dollar limit in effect for that Plan year, which is \$17,000 for 2012 and \$16,500 for 2011.

Catch-up Contributions

Participants who have attained the age 50 before the end of the plan year are eligible to make catch-up contributions. The additional amounts may be deferred regardless of any other limitations on the amount that you may defer to the plan. The maximum "catch-up contribution" for 2012 and 2011 is \$5,500.

Company Contribution

Each year the board of directors may elect to make a matching contribution to the Plan. The Company may make a discretionary matching contribution equal to a uniform percentage of the employee's salary deferral. The matching contribution for 2012 and 2011 was 2 percent of compensation with a maximum of 50% of employee's salary deferral.

Forfeitures

Forfeitures may be used by the Plan for several purposes such as the payment of Plan expenses. Any forfeitures attributable to matching contributions not used by the Plan will be used to reduce contributions to the Plan and any forfeitures attributable to the discretionary profit sharing contributions will be added to the discretionary profit sharing contribution and allocated to participants eligible to share in such contribution in the same manner as any such discretionary profit sharing contribution is allocated.

Maximum Plan Compensation

The maximum compensation taken into account for plan purposes was \$250,000 for 2012 and \$245,000 for 2011.

Vesting

A participant is 100% vested in the participant's own elective deferral account.

Vesting – Matching Contribution Account

The participant will vest in accordance with the following vesting schedule, for those Employer Matching Contributions, upon termination for any reason other than death, disability or retirement. The portion of the Matching Contribution Account which is not vested when the participant terminates employment will be forfeited.

<u>Credited Years</u>	<u>Vested Percent</u>
1	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

All years of service will be counted except for years with less than 1,000 hours.

Plan Termination

The Company has the ability to terminate the Plan at any time. For this purpose, termination includes a complete discontinuance of contributions under the plan or a partial termination. If the Plan is terminated, all amounts credited to the participant's account becomes 100% vested, regardless of the Plan's current vesting schedule and the participant becomes entitled to a distribution of the entire vested amount.

Note 2 Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the plan:

Date of Management's Review

Subsequent events were evaluated through August 12, 2013, which is the date the financial statements were available to be issued.

Basis of Accounting

The accounting records of the Plan are maintained on an accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Valuation of Investments and Income Recognition

All investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Note 3 Fair Value Measurements

Fair Value Measurements in accordance with current accounting standards establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value.

Mutual Funds / Pooled Separate Accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end. Shares are valued at quoted market prices in an exchange and active market.

There were no Level 2 or Level 3 investments.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	
	2012	2011
December 31,		
Mutual funds	\$ 3,777,655	\$ 3,771,070
Interest in pooled separate accounts	31,867	30,847
	<u>\$ 3,809,522</u>	<u>\$ 3,801,917</u>

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 Investments

The statement of net assets available for benefits presents investments at their fair market value as determined by quoted market prices.

Specific investments greater than five percent of the Plan's net assets are shown below in detail:

	2012	2011
American Funds – Washington Mutual Investors Fund	\$	\$ 249,089
American Funds – The Growth Fund of America	690,443	559,477
American Funds – The Income Fund of America		220,183
American Funds – The Bond Fund of America	497,755	519,308
American Funds – Fundamental Investors	634,115	529,714
American Funds – American Balanced Fund	520,729	454,505
American Funds – Capital Income Builder	305,825	557,477
American Funds – Europacific Growth Fund	383,002	273,281
American Funds – Money Market	1,045,106	208,108
	<u>\$ 4,076,975</u>	<u>\$ 3,571,142</u>

Note 5 Participant Loans

Under certain conditions, the participant will be permitted to borrow from the Plan. All loans will be made in accordance with the Participant Loan Policy established by the Administrator. The interest rates on these loans were 5.25% during 2012. Loans outstanding were \$42,226 and \$53,464 as of December 31, 2012 and 2011, respectively.

Note 6 Risks and Uncertainties

Plan participants invest in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 Tax Status

The Internal Revenue Service has determined and informed the Organization that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
