CPE HR MULTIPLE EMPLOYER 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the CPE HR Multiple Employer 401(k) Plan provides only general information. For a more complete description of the Plan's provisions, refer to the agreement governing the Plan (the Plan Agreement) and the individual employer adoption and acceptance agreements (the Adoption Agreements).

General

The Plan is a multiple employer defined contribution plan administered by CPE HR, Inc. for the benefit of the employees of the participating employers (the Participating Employers) that are covered by the agreements between the Participating Employers and CPE HR, Inc., as defined by the Plan Agreement. Each employer participating in the Plan signs an individual Adoption Agreement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the Internal Revenue Code (IRC).

The Plan was amended at various dates through December 31, 2012 to comply with applicable laws and regulations.

Contributions

Employees who are 21 years old are eligible to participate upon completion of 3 months of service. Participants may elect to defer their compensation as employee savings contribution, subject to respective Adoption Agreements and the IRC limitations. Plan participants over age 50 may defer catch-up contributions, subject to the IRC limitations. Participants may also contribute rollovers representing distributions from other qualified plans into the Plan.

Participating Employers may make contributions to the Plan on behalf of eligible participants in accordance with the individual Adoption Agreements. Net Participating Employers' contributions to the Plan for the year ended December 31, 2012 amounted to \$937,712.

Participants direct the investment of their contributions and their share of their employer's contribution into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and a stable value fund as investment options for participants.

Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Employer contributions allocated to participants' accounts vest based upon years of continuous service as defined by the Plan Agreement and the respective Adoption Agreements.

CPE HR MULTIPLE EMPLOYER 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Plan Administration

The Plan's assets are held by Transamerica, the custodian of the Plan, which invests cash received, interest, and dividend income and makes distributions to participants. Transamerica also administers the payment of interest and principal on the notes receivable from participants, which are reimbursed to Transamerica through payroll deductions, as determined by the Plan Agreement and respective Adoption Agreements.

Participant Accounts

Separate accounts are maintained for each participant and are adjusted to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of the Plan's income and any related administrative expenses.

Notes Receivable from Participants

Participants are permitted to borrow from their fund accounts as defined by the Adoption Agreements, subject to certain limitations. All notes receivable are adequately secured by the participant's account balance, bear interest as defined by the Adoption Agreements, and generally repaid on an installment basis through payroll deductions over a period not to exceed five years, except when borrowed funds are used to acquire a principal residence.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, the participant or participant's beneficiary will receive a lump-sum payment if the vested account balance is \$5,000 or less. If the vested account balance exceeds \$5,000, the participants may elect to receive equal installment payments. The Plan's normal retirement age is defined by the Plan Agreement and the Adoption Agreements.

Forfeitures

Forfeitures of the unvested balance of terminated participants' accounts are used to pay Plan expenses and/or reduce contributions by the Participating Employers. During the year ended December 31, 2012, forfeitures in the amount of \$15,440 and \$8,950 were used to reduce Participating Employers' plan expenses and contributions, respectively. As of the years ended December 31, 2012 and 2011, unallocated forfeitures amounted to \$97,148 and \$90,193, respectively.

Administrative Expenses

All reasonable expenses related to Plan administration are paid from the Plan assets, except to the extent the expenses are paid by CPE HR, Inc.

CPE HR MULTIPLE EMPLOYER 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Significant estimates are made in determining fair value of investments. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

Valuation of Investments

In accordance with GAAP, all assets of the Plan are stated at fair value or amounts approximating fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP also requires the statements of net assets available for benefits present the adjustment from fair value to contract value for the fully benefit-responsive investment contracts, and the statement of changes in net assets available for benefits to be prepared on a contract value basis for the fully benefit-responsive investment contracts. Fully benefit-responsive contracts are the contracts that guarantee that (1) the crediting rate provided under the contract will not fall below zero and (2) participant-initiated withdrawals from the fund (i.e., withdrawals as the result of death, disability, retirement, termination of employment, hardship withdrawal, loan and transfers to a non-competing fund) will be covered at contract value.

CPE HR MULTIPLE EMPLOYER 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Contract

The Plan has entered into a traditional group annuity contract with Transamerica through the Stable Value Fund (the Fund). Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balances at contract value. Thus, the investment contract is considered fully benefit-responsive, as defined by GAAP. Accordingly, the fully benefit-responsive group annuity contract is included in the financial statements at contract value, which approximates fair value. Contract value represents contributions made under the contract, plus earnings, less plan withdrawals and administrative expenses.

Transamerica maintains the contributions and invests them in Transamerica's general account. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and with no set maturity. The effective credited interest rate is set monthly and effective on the first day of the month. Contract charges may reduce this return. There are no reserves against contract value for credit risk of Transamerica or otherwise.

During the years ended December 31, 2012 and 2011, crediting interest rates for the Stable Value Fund were as follows:

	<u>2012</u>	<u>2011</u>

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include the following: (1) the Plan is changed so as to significantly affect Transamerica's obligations to the contract, (2) the contract can no longer be treated as a pension plan contract, (3) the Plan is terminated, (4) failure to comply with the contract requirements, (5) failure to provide information, (6) the sum of the contract account values at any time equals \$20,000 or less, or (7) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Recognition of Income

Sales and purchases are accounted for on a trade date basis, and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned.

Net Change in Fair Value of Investments

Net change in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid. The amounts allocated to accounts of participants who have terminated from participation in the earnings and operations of the Plan as a component of net assets available for benefits as of December 31, 2012 amounted to \$96,814.

Recently Adopted Accounting Guidance

In the normal course of business, the Plan evaluates all new accounting pronouncements to determine the potential impact they may have on its financial statements. Based upon this review, the Plan does not expect any of the recently issued accounting pronouncements, which have not already been adopted by the Plan, to have a material impact on its financial statements.

Subsequent Events

In accordance with GAAP, events occurring between December 31, 2012 and September 24, 2013 (the date these financial statements were available to be issued) were evaluated, and no material subsequent events that required recognition in these financial statements were noted.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - INCOME TAX STATUS

The CPE HR Inc. has adopted a Volume Submitter Multiple Employer Plan with cash or deferral arrangement that received its latest favorable opinion letter from the Internal Revenue Service (IRS) dated November 14, 2005, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan is required to operate in accordance with the IRC to maintain its tax-exempt qualification. The plan administrator believes that during 2012, the Plan was designed and operated in accordance with applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with GAAP, the Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. As a result, the Plan has recognized no interest or penalties related to uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, CPE HR, Inc. has the right under the Plan to amend or terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested for any portion of their accounts not fully vested previously.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2012, and the related investment activity reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2012.

NOTE 6 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (an exit price). The fair value hierarchy prioritized the inputs to valuation techniques used to measure fair value into three levels, with the highest priority given to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority given to unobservable inputs (Level 3). The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: the fair value of the investments in this category has been determined by using the net asset value (NAV) per share as practical expedient. The NAV of these accounts is not a publicly quoted price in an active market; however, it is based on underlying investments, which are traded on an active market (Level 2).

Stable Value Fund: valued at contract value, which approximates fair value and is based on its beginning balance plus any deposits and credited interest, less any withdrawals, charges, or expenses, a measurement which approximates fair value (Level 2).

While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the measurement date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one level to another. In such instances, the transfer is reported at the end of the reporting period. There have been no transfers from one level to another during the years ended December 31, 2012 and 2011.

NOTES TO FINANCIAL STATEMENTS

NOTE 8 - PARTY-IN-INTEREST

Certain Plan investments are managed by Transamerica, the custodian, as defined by the Plan. Therefore, these transactions qualify as party-in-interest and are denoted as such on the Supplemental Schedule H, line 4i – Schedule Assets (Held at End of Year). However, these party-in-interest transactions are exempt pursuant to ERISA regulations.

NOTE 9 - TRANSFER OF ASSETS

During the year ended December 31, 2012, as a result of changes in Participating Employers' base, net assets amounting to \$1,385,374 were transferred to the Plan. The transferred net assets have been recognized at the balances as carried in the accounts of their respective previous plans.

NOTE 10 - CORRECTIVE DISTRIBUTIONS

The Plan failed to pass certain required nondiscrimination tests for the 2012 and 2011 Plan years. In order to correct these testing failures, federal law generally requires that corrective action be completed no later than the end of the following year to avoid Plan disqualification. The corrective distributions of \$389,715 and \$149,750 as of December 31, 2012 and 2011, respectively, were made subsequent to year end.

Considering the remedial actions taken pursuant to the provisions of the Plan document, management believes that the failed nondiscrimination testing will not affect the tax-exempt status of the Plan.
