PROFIT SHARING/401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2012 and 2011

1. Description of Plan

The following description of Canteen Service Company of Owensboro, Inc. Profit-Sharing/401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who have one year of service and are age 21 or older. The plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974.

Contributions

Each year, participants may contribute up to 75 percent of pretax annual compensation, as defined by the plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are permitted to make Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified plans. The Company contributes 50 percent of the first six percent of eligible compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

Canteen Service Company of Owensboro added Canteen Service Company of Kentuckiana, Inc. as a participating employer under the Plan effective October 1, 2011, recognizing all previous service for Williams Food Service Company for both eligibility and vesting purposes.

Participant Accounts

All contributions are allocated at the direction of the participant among selected investment funds. Each fund's investment income or loss, less any investment management fee, is allocated to the participants' accounts based on their proportionate interest in the fund. The value of participant accounts will fluctuate with the market value of the securities in which the accounts are invested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2012 and 2011

1. Description of Plan, Continued

Notes Receivable from Participants

Eligible participants may borrow from their accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms may not exceed five years, unless for the purchase of a home. Loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25 percent to 6.25 percent, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump sum amount, equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In-service distributions are also permitted upon meeting certain requirements as defined by the Plan.

Forfeitures

Forfeited nonvested accounts were \$3,968 and \$2,830 at December 31, 2012 and 2011, respectively. These accounts will be used to reduce future Company contributions. Employer contributions were reduced by \$1,908 and \$792 from forfeited nonvested accounts during the years ended December 31, 2012 and 2011, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting.

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies, Continued

Basis of Accounting and Use of Estimates, Continued

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a stable value fund with Metlife, which is a benefit responsive investment contract, held in a common collective trust fund. The statements of net assets available for benefits present the fair value of the investment contract, as well as the adjustment of the investment contract from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by investment advisors and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2012 excess contributions to the applicable participants prior to March 15, 2013.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of participant loans are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued ASU 2011-04, which changed certain fair value measurement principles and enhanced disclosure requirements, particularly for Level 3 fair value measurements. This guidance was effective for reporting periods beginning on or after December 15, 2011, and required prospective application. The Plan adopted the provisions of this guidance effective January 1, 2012. The adoption did not have a material impact on the Plan's financial statements. In July 2013, FASB issued ASU 2013-09, which defers indefinitely the effective date of certain required disclosures in ASU 2011-04 for investments held by certain employee benefit plans.

5. Fair Value Measurements

The Accounting Standards Codification establishes a framework for measuring fair value that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data, such as quoted prices for similar assets or liabilities or model-derived valuations.

Level 3: Unobservable inputs that are not corroborated by market data. These inputs reflect a company's own assumptions about the assumptions a market participant would use in pricing the asset or liability.

The following is a description of the valuation methodologies used for the investments measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Mutual funds are valued at quoted market prices in an exchange and active market and are classified as Level 1 investments.

Common collective trust: The MetLife Managed GIC Stable Value Fund (Fund), held in a common collective trust fund, invests entirely in the MetLife Group Annuity Contract 25157 which consists of separately managed investment portfolios. The Fund is valued at its net asset value (NAV) per share as of the valuation date. Fair value is based on the underlying investments, as determined by the quoted market prices, when available, or by using alternative fair valuation methods, such as discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated swap rate at year end, less any liabilities. The Fund's objective is the safety and preservation of principal and accumulated interest. There were no unfunded commitments at December 31, 2012 and 2011. The redemption frequency is daily with a redemption notice period of 2 days. If the Plan were to initiate a full redemption of the fund, the redemption notice period is 60 days. The Fund is classified as a Level 3 investment.

5. Fair Value Measurements, Continued

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments measured at fair value on a recurring basis were as follows:

6. Tax Status

The Company adopted the Prototype Cash or Deferred Profit-Sharing Plan sponsored by McKay Hochman Co., Inc. effective January 1, 2009. This Plan document received a favorable determination letter from the Internal Revenue Service dated March 31, 2008. In accordance with Revenue procedure 2007-6 and Revenue Procedure 2005-16, the Plan sponsor has determined that it is eligible to, and has chosen to, rely on the current IRS prototype plan approval letter. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the plan is currently being operated in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

8. Related Party and Party-In-Interest Transactions

Two Plan board members are currently participants in the Plan and one serves as administrator of the Plan. Fees paid during the year for investment management, administrative, and recordkeeping services rendered by parties-in-interest were based on customary and reasonable rates for such services and were \$20,783 and \$57,458 for the years ended December 31, 2012 and 2011, respectively.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of cash per financial statements to Form 5500 at December 31, 2012:

Cash per financial statements	\$ 11,253
Contributions received by trustee by December 31, 2012, but not by custodian until January 2013	(6,283)
Participant loan payments received by trustee by December 31, 2012, but not by custodian until January 2013	<u>(4,555)</u>
Cash per Form 5500	<u>\$ 415</u>

Contributions receivable and notes receivable from participants reported in the financial statements differ from the amounts reported on Form 5500 by the amounts listed in the above reconciliation of cash.

11. Subsequent Events

Canteen purchased Fischer Candy Company and RDM Sales and Service on February 1, 2013 and March 1, 2013, respectively. The prior service of the employees of these companies is recognized for eligibility and vesting purposes effective on the respective purchase dates.

The Plan's management evaluated subsequent events through September 30, 2013, the date the financial statements were available to be issued.
