All participant contributions and employer matching contributions are subject to limitations as determined annually by the IRS. Employee pre-tax contributions were limited to \$17,000 in 2012. Combined employee pre-tax and employer matching contributions per participant (excluding catch-up contributions) were limited to \$50,000 in 2012. Catch-up contributions, as defined in the Economic Growth and Tax Relief Reconciliation Act of 2001, are permitted for those eligible employees, are not matched by the employer, and are limited to \$5,500 in 2012. Liberty Interactive and its subsidiaries reserve the right to change the matching contribution amounts at any time.

Employer contributions, both vested and unvested, can be invested in any investment option offered in the Liberty Interactive Plan, including the Brokeragelink option, as directed by the participant.

Rollovers

Participants may elect to rollover amounts from other qualified plans or individual retirement accounts into the Liberty Interactive Plan provided that certain conditions are met.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions, (b) employer matching contributions, and (c) allocations of plan earnings and losses, as determined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable, other than those transferred from other plans, must be repaid within five years and bear interest at a rate equal to the prime rate of interest in effect on the last day of the month preceding the month in which the loan was made plus 1%. The interest rate will be updated monthly on the first day of the following month for any changes to the prime rate that occur during any given month. Notes receivable transferred from other plans retain the repayment terms and interest rates in effect at the time of transfer. Notes receivable are secured by the vested balance in the participant's account. At December 31, 2012, outstanding notes receivable had interest rates ranging from 3.25% to 7.00% and maturity dates through September 1, 2021. Principal and interest repayments are paid ratably through payroll deductions or through the use of automatic bank draft after termination of employment.

Forfeitures

Forfeitures of employer contributions (due to participants' termination prior to full vesting) are first used to pay Liberty Interactive Plan expenses, with any excess used to reduce the participating employers' future employer matching contributions. Forfeitures aggregated \$70,418 during 2012. Forfeitures of \$4,883 were used to pay Liberty Interactive Plan expenses during 2012. In addition, the Plan holds an immaterial amount in unallocated accounts related to uncashed stale dated checks. Unused forfeitures aggregated \$80,902 at December 31, 2012.

Investment Options

As of December 31, 2012, the Liberty Interactive Plan has various investment options including 22 mutual funds. The mutual funds include money market, bond, real estate, domestic and international stock funds, small to large cap funds, growth and value funds, and seven asset allocation funds based on target retirement dates. In addition, the Liberty Interactive Plan offers a brokerage option, Brokeragelink, whereby participants can elect to invest in publicly traded investments and mutual funds not offered directly by the Liberty Interactive Plan. A complete list of investment options can be found on Schedule II

to these financial statements. Plan participants may change investment options and contribution percentages at any time.

Benefit Payments

Distributions from the Liberty Interactive Plan may be made to a participant upon attaining the age of 59 ½, death, total disability, financial hardship, or termination of employment. Distributions and other withdrawals are processed on a daily basis.

Vesting

Participant contributions are always fully vested. Participants acquire a vested right in employer matching contributions, other than employer contributions transferred from other plans, as follows:

<u>Years of service</u>	<u>Vesting percentage</u>
Less than 1	0%
1 year	50%
2 years	100%

Employer matching contributions transferred from other plans vest according to the terms specified in the transferor plans.

Trust Fund Managed by Fidelity Management Trust Company (“Trustee”)

Under the terms of a trust agreement between Liberty Interactive and the Trustee, the Trustee manages a trust fund on behalf of the Liberty Interactive Plan and has been granted authority concerning purchases and sales of investments for the trust fund.

Recordkeeping Services

Under the terms of a service agreement, Fidelity Workplace Services LLC provides recordkeeping service to the Plan.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Liberty Interactive Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in those net assets.

Valuation of Investments

Investments are reflected in the accompanying financial statements at fair value. Fair value represents the closing prices at December 31, 2012 for those securities having readily available market quotations. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Liberty Interactive Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The net asset value is used as a practical expedient to determine fair value.

Changes in market values after the Liberty Interactive Plan's year end are not reflected in the accompanying financial statements.

Securities and investment transactions are accounted for on the trade date. The cost basis of such shares distributed is determined using the average cost method. Dividend income is recorded on the ex-dividend date. Income, including interest income, from other investments is recorded as earned on an accrual basis.

The net appreciation or depreciation in fair value of investments (net realized and unrealized gains or losses) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between the market value at the beginning of the year (or date purchased during the year) and selling price or year-end market value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable are reclassified as deemed distributions based upon the terms of the Liberty Interactive Plan.

Distributions to Participants

Distributions requested by participants are recorded when paid.

(3) Plan Termination

Although Liberty Interactive has not expressed any intent to terminate the Liberty Interactive Plan, it may do so at any time, subject to the provisions of ERISA. The Liberty Interactive Plan provides for full and immediate vesting of all participant rights upon termination of the Liberty Interactive Plan.

(4) Risks and Uncertainties

The Liberty Interactive Plan invests in various investment securities. Investment securities are exposed to various risks such as significant world events, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for participant benefits.

(5) Income Taxes

For the Liberty Interactive Plan, Liberty Interactive has adopted a volume submitter plan sponsored by Fidelity Management and Research Company that received an opinion letter from the IRS dated March 31, 2008 stating that the written form of the volume submitter plan document is qualified under section 401(k) of the Internal Revenue Code ("IRC"), and that any employer adopting this form of the plan will be considered to have a plan qualified under section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Liberty Interactive believes that the Plan is being operated in accordance with the applicable requirements of the IRC, and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Liberty Interactive Plan administrator has analyzed the tax positions taken by the Liberty Interactive Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The

Liberty Interactive Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan Expenses

Any employer contribution amounts forfeited pursuant to the terms of the Liberty Interactive Plan may be used to pay Liberty Interactive Plan expenses, except that the fees charged by the Trustee for notes receivable from participants and qualified domestic relations orders are paid by the participant utilizing such feature. In addition, certain investment related expenses reduce investment income in the accompanying statement of changes in net assets available for benefits. Any additional administrative expenses of the Liberty Interactive Plan are paid by Liberty Interactive.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Significant estimates include determination of fair value of investments. Actual results could differ from those estimates.

(6) Investments

During the year ended December 31, 2012, the Liberty Interactive Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$521,612.

Fair Value Measurements

U.S. generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1
Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity can access at the measurement date.

- Level 2
 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3
 - Unobservable inputs for the asset or liability.

Certain investments are reported at fair value on a recurring basis in the statement of net assets available for benefits. The following methods and assumptions were used to estimate the fair values:

Mutual funds and money market funds— Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Liberty Interactive Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1.

Common stock and other exchange traded equity securities—The fair value of these investments is based on the closing price per the primary stock exchange on which they are traded and are classified as Level 1.

Brokeragelink account—This asset category represents a separate brokerage account that offers a wide range of investment opportunities including mutual funds and common stocks listed on major U.S. exchanges and fixed-income securities. The fair value of common stocks and other exchange traded investments that are publicly traded is based on the closing price per the primary stock exchange on which they are traded and are classified as Level 1. The fair value of mutual funds is based on the net asset values of shares held at year-end and are classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in methodologies or leveling in 2012.

The below tables present the fair value of assets by category measured on a recurring basis as of December 31, 2012.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2012, there were no transfers in or out of Level 1, 2, or 3.

(7) Party-in-Interest Transactions

Certain plan investments are shares of mutual funds managed by the Trustee. Therefore, these transactions qualify as party-in-interest.

(8) Summary of Financial Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Liberty Interactive Plan has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, as shown in the statement of net assets available for benefits as of December 31, 2012.
- Notes receivable from participants, as shown in the statement of net assets available for benefits as of December 31, 2012.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2012.
- Investment amounts in note 6 as of and for the year ended December 31, 2012.
- The schedule of assets (held at the end of the year) as of December 31, 2012 as shown on Schedule II.

(9) Delinquent Participant Transactions

As reported on Schedule 1 (schedule H, line 4a – Schedule of Delinquent Participant Contributions), certain participant contributions and note receivable repayments were not remitted to the Liberty Interactive Plan within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Liberty Interactive Plan and the Company.

(10) Subsequent Events

Effective January 1, 2013 employees of BuySeasons, Inc. began participating in the Liberty Interactive Plan. Assets of approximately \$7.7 million were transferred into the Liberty Interactive Plan in April 2013 from the predecessor qualified 401(k) Plan, the Celebrate Interactive Retirement Plan. The Liberty Interactive Plan is the surviving and continuing plan.

Management has evaluated the need for disclosures and/or adjustments resulting from other subsequent events through October 1, 2013, the date the financial statements were issued. This evaluation determined that there were no subsequent events that necessitated disclosure and/or adjustments.
