Komet of America, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 1 - Plan Description

The following description of Komet of America, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The plan is a defined contribution plan that covers substantially all employees of Komet of America, Inc. (the "Company"). The Plan does not cover nonresident aliens or employees who are covered by a collective bargaining agreement that does not provide for their participation in the Plan. The Plan was established by the Company on July 1, 1987 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - Any covered employee is eligible to participate in the Plan upon date of hire. Any employee hired after July 1, 2005 shall be automatically enrolled in the Plan unless they elect otherwise. The employee payroll deferral rate for such participants will be set at 3 percent.

Contributions - Participants may elect to make pre-tax 401(k) deferral contributions that are not less than \$5.00 and not greater than 100 percent of their compensation each pay period. Participants may also make Roth 401(k) deferrals, which are subject to taxation in the year of deferral but not at the time of withdrawal. Participants who have attained age 50 may make catch-up contributions in addition to their regular deferral contributions. Contributions are made through payroll deductions and are subject to certain IRS limitations. The Plan also accepts rollover contributions from other qualified plans.

The Company has elected to contribute a safe harbor matching contribution to the Plan on behalf of each eligible employee equal to (i) one hundred percent (100 percent) of the amount of the employee's elective deferrals that do not exceed three percent (3 percent) of the employee's compensation for the plan year, plus (ii) fifty percent (50 percent) of the amount of the employee's elective deferrals that exceed three percent (3 percent) of the employee's compensation but that do not exceed five percent (5 percent) of the employee's compensation.

Participant Accounts - Each participant's account is credited with the participant's contribution, the employer matching contribution, and allocations of plan earnings and charged with allocations of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Administration of the Plan - The Company is the Plan's sponsor and administrator. John Hancock Life Insurance Company (U.S.A.) (John Hancock) is the contract administrator and custodian of the plan. All investments are self-directed by plan participants.

Komet of America, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 1 - Plan Description (Continued)

Vesting - All participants are immediately vested in all their participant accounts.

Participant Notes Receivable - Participants may borrow from their plan accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance and a minimum of \$1,000. Loan terms range from one to five years. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest, as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service due to death, disability, retirement, or termination of service, a participant may request a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions may be made from a participant's vested account at any time after the attainment of age 59½. Hardship distributions are also permitted if certain criteria are met.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by John Hancock, the custodian of the Plan. These transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value. The pooled separate accounts are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets. The unallocated contracts are not considered benefit-responsive and are presented at fair value. The unallocated contracts invest in the general assets of John Hancock Life Insurance Company (U.S.A.) (John Hancock); however, since there are no specific securities in John Hancock's general account related to these contracts and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Komet of America, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 2 - Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 24, 2013, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

John Hancock (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Custodian.

Investments that exceed 5 percent of end of year net assets are as follows:

Notes to Financial Statements December 31, 2012 and 2011

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2012 and 2011.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

At year end, there are no unfunded commitments or other redemption restrictions related to the pooled separate accounts described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Komet of America, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2009.
