Catholic Health Initiatives 401(k) Plan

Notes to Financial Statements

December 31, 2012

1. Description of the Plan

The following description of the Catholic Health Initiatives 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

The Plan, effective as of July 1, 1998, is a participant-directed, defined contribution plan covering employees of adopting employers (Employers) of Catholic Health Initiatives' (the Plan Sponsor or CHI) affiliated for-profit entities. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective as of January 1, 2011, the Catholic Health Initiatives Defined Contribution Retirement Plan (the DC Plan) was merged into the Plan. The DC Plan was a defined contribution plan covering substantially all employees of Mountain Management Services (MMS), a subsidiary of CHI, who were employed for at least one year and worked 1,000 hours in any plan year. On January 7, 2011, the participant balances were transferred into the Plan.

Additionally on January 1, 2011, the Plan changed service providers from Great-West Retirement Services (Great-West), as recordkeeper and agent of Wells Fargo Bank, N.A., as custodian, to Fidelity Management Trust Company (Fidelity), as recordkeeper and trustee. As a result, all Plan and DC Plan balances were transferred to Fidelity, with the exception of certain participant balances held in the Great-West Guaranteed Fixed Fund. As discussed further in Note 3, only 20% of the participant balances were transferred out of Great-West and into Fidelity in 2011 with an additional 25% of the remaining balance being transferred out of Great-West into Fidelity in 2012.

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Contributions are limited by the Internal Revenue Code (the Code) annual limit or by plan limits. Matching contributions under the Plan can be made by the Employers that execute a Board of Directors resolution authorizing such contributions on behalf of eligible participants. No matching contributions have been made since the inception of the Plan.

The Plan allows any employee of the Employers, regardless of his or her eligibility, to make elective contributions to the Plan or to transfer directly to the Plan from any eligible retirement plan of a former employer a portion of his or her interest in the distributing plan. Effective

Catholic Health Initiatives 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

March 6, 2007, the Plan was amended to restrict incoming rollovers from other retirement plans to employees who have account balances and who are eligible to make elective contributions to the Plan.

Beginning March 18, 2011, the Plan adopted an automatic enrollment feature whereby a participant's compensation would be reduced by 3% and the employer would contribute such amount on the participant's behalf into the Plan's default investment, Fidelity Freedom Fund, unless the participant affirmatively elects otherwise. The automatic enrollment feature takes effect 60 days following the participant's date of hire.

With the merger of the DC Plan, the Plan also allows annual discretionary employer contributions from MMS equal to 4% of each participant's annual compensation (plus, if applicable, 4% of compensation in excess of the Social Security wage base). Such discretionary contributions are reported as employer contribution receivable and employer contributions in the accompanying financial statements. All investments in participant accounts are participant directed.

Additionally, effective January 1, 2011, all participants in the Plan may utilize a self-directed brokerage investment option.

Participant Accounts

Each participant's account is credited with the participant's contributions and with allocations of (i) MMS's employer contributions and (ii) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in all contributions (employee and employer) plus actual earnings thereon.

Catholic Health Initiatives 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Loans

Notes receivable from participants represent participant loans. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest in an amount equal to the prime rate published in *The Wall Street Journal* as of the first day of the month preceding the date the loan was initiated, plus 1%. Principal and interest are paid ratably through payroll deductions. Effective April 1, 2009, any participant who has defaulted on a prior loan is not allowed to take a new loan, unless the first loan has been repaid.

Payment of Benefits

Upon termination of service, retirement, disability, or death, participants (or their beneficiaries) may receive a lump-sum amount equal to the vested value of their accounts.

Plan Expenses

Certain administrative expenses necessary to administer the Plan are paid by CHI. Participants with account balances greater than \$1,500 are charged an \$8.50 per quarter administrative fee. The fee for this plan is waived for participants who also actively participate in another CHI plan.

Plan Termination

Although they have not expressed any intent to do so, the Employers have the right to terminate the Plan subject to the provisions of ERISA.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

2. Summary of Significant Accounting Policies (continued)

Benefits Paid to Participants

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements using the accrual basis of accounting requires management to make estimates that affect the amounts reported in the financial statements, footnotes, and accompanying notes. Actual results could differ from those estimates.

New Accounting Pronouncement

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU 2011-04 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, to converge the fair value measurement guidance in U.S. generally accepted accounting principles (GAAP) and International Financial Reporting Standards (IFRS). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures will not be required for nonpublic entities. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Adoption of ASU 2011-04 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Catholic Health Initiatives 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

In accordance with ASC 820, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable prices that are based on inputs not quoted on active markets, but corroborated by market data.

Level 3: Unobservable inputs are used when little or no market data is available. Therefore, fair value is based on prices or valuation techniques that require inputs which are both significant to the fair value measurement and observable. These inputs reflect management's judgments about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2012 or 2011.

Money Market Funds: Money market funds are valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds: Mutual funds, including mutual funds invested in self-directed brokerage accounts, are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Guaranteed Fixed Fund: Valued at fair value using a formula that considers contract value, the crediting interest rate, and the current interest rate as of December 31. Fair value approximates contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment Contract With Insurance Company

The Plan has a Group Annuity Contract (GAC) with Great-West Life and Annuity Insurance Company (GWL). In 2010, the GAC consisted of a guaranteed interest rate account (Guaranteed Fixed Fund) and pooled separate accounts. During 2011, the pooled separate accounts were liquidated when the Plan's service provider changed from Great-West to Fidelity. However, the Guaranteed Fixed Fund remains at Great-West due to limitations on the amount that can be withdrawn annually. Beginning in 2011, 20% of the December 31, 2010, Guaranteed Fixed Fund balance was liquidated. Plan management anticipates the fund will be fully liquidated in 2015. During 2012, 25% of the Guaranteed Fixed Fund was liquidated. The Guaranteed Fixed Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. GWL is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Contract value, as reported to the Plan by GWL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value approximates fair value.

The value of the Guaranteed Fixed Fund is subject to the financial stability of GWL. The GAC does not permit GWL to terminate the agreement prior to the scheduled maturity date. However, CHI may terminate its deposits under the GAC by giving at least 60 days' advance notice. If an event of default occurs and is not cured, the nondefaulting party may terminate the GAC. The crediting interest rate is based on a formula agreed upon with GWL, but may not be less than 3.5%. The crediting interest rate is reset quarterly.

Certain events limit the ability of the Plan to transact at contract value with GWL. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is remote.

Average Yields for Guaranteed Fixed Fund	2012	2011
Based on actual earnings	3.50%	3.50%
Based on interest rate credited to participants	3.50	3.50

Concentration of Market and Credit Risk

The Plan's exposure to credit loss in the event of nonperformance of investments, including self-directed brokerage accounts, is limited to the carrying value of such instruments. The Plan's concentrations of credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preferences. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. Investments

All investment information disclosed in the accompanying financial statements, footnotes, and supplemental schedule, including investments held and notes receivable from participants at December 31, 2012, and net appreciation in fair value of investments, interest, dividends, and interest from notes receivable from participants for the years ended December 31, 2012 and 2011, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity and Great-West, respectively. The contract value of the Guaranteed Fixed Fund was also certified as complete and accurate by Great-West at December 31, 2012.

During 2012, the Plan's investments (including investments bought, sold, and held during the year) appreciated in fair value as follows:

Mutual funds, including self-directed brokerage	\$ 1,382,159
	<u>\$ 1,382,159</u>

3. Investments (continued)

Investments that represent 5% or more of fair value of the Plan's net assets available for benefits are as follows:

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. Related-Party Transactions

The Plan invests in certain Fidelity funds managed by Fidelity Management Trust Company, the custodian of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Catholic Health Initiatives 401(k) Plan

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated January 23, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is tax-exempt. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

7. Subsequent Events

Plan management has evaluated subsequent events for the Plan through September 16, 2013, the date the accompanying financial statements were available to be issued.
