NEW RIVER PIZZA, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the New River Pizza, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan sponsored by New River Pizza, LLC (the Company), and covers all employees of the Company and its affiliate, Sugar Creek Pizza, LLC. Employees are eligible once they have completed one year of service (defined as working a minimum of 1,000 hours) and have attained age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective July 24, 2012, the trustees of the Plan froze the Plan with all employee contributions suspended and no Plan entry permitted for newly eligible employees. The trustees of the Plan elected to terminate the Plan as of September 30, 2012. Upon termination, all participants became 100% vested in their accounts. All Plan assets were distributed to the Plan participants by December 31, 2012.

Contributions

Prior to September 30, 2012, participants could elect to have up to 80% of their compensation contributed to the Plan as a payroll reduction contribution, up to the maximum dollar amount allowed by law. Participants were also permitted to make rollover contributions to the Plan from other qualified defined benefit or defined contribution plans and catch-up contributions. The Company could elect to make a qualified discretionary contribution to the Plan equal to a discretionary percentage of participant's elective deferrals. For the years ended December 31, 2012 and 2011, there were no qualified discretionary contributions to the Plan.

Participant Accounts

Prior to September 30, 2012, each participant's account was credited with the participant's contributions, an allocation of the qualified discretionary contribution and any earnings thereon, and charged with an allocation of administrative expenses. Qualified discretionary contributions were allocated pro rata based on employee compensation. Allocation of the earnings was based on the participant's account balances. The benefit to which a participant was entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Prior to September 30, 2012, upon enrollment in the Plan, participants could direct contributions to their accounts into various investment options provided by the Plan.

NEW RIVER PIZZA, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (continued)

Forfeitures

Prior to September 30, 2012, forfeitures were created when participants terminated employment prior to becoming entitled to full benefits. Forfeitures were allocated to all participants eligible to share in the allocations based on compensation of the participant relative to compensation of all participants in the Plan. At December 31, 2012 and December 31, 2011, there were no forfeited non-vested accounts.

Vesting

Prior to September 30, 2012, participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 1 year	0%
1 year but less than 2	20%
2 years but less than 3	40%
3 years but less than 4	60%
4 years but less than 5	80%
5 years or more	100%

Notes Receivable from Participants

Prior to September 30, 2012, participants could borrow from their accounts up to 50% of their vested account balance, from a minimum of \$1,000 up to a maximum of \$50,000. Notes receivable terms could not exceed 5 years unless the note receivable was for the purchase of a principal residence. A reasonable time for repaying a principal residence note receivable was determined by the Plan administrator at the time the note was approved. The notes receivable were secured by the balance in the participant's account and bore interest at rates prevailing at the time the notes receivable were made. Principal and interest was paid ratably through payroll deductions. Interest income of \$418 and \$1,082 for the years ended December 31, 2012 and 2011, respectively, has been recorded as other income in the accompanying Statements of Changes in Net Assets Available for Benefits. All notes receivable were deemed to be distributed upon termination of the Plan.

Payment of Benefits

Prior to September 30, 2012, on termination of service due to death, disability, retirement, or separation of service, a participant could elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants were also permitted to receive a distribution from their account prior to termination of employment if they experienced financial hardship. Any hardship distribution would be limited to actual participant contributions not previously withdrawn. Upon termination of the Plan, all participants were eligible to receive full distributions from their accounts in the form of a lump-sum payment or roll-over into a qualified retirement account.

NEW RIVER PIZZA, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan had an investment in a guaranteed interest account with Lincoln National Life Insurance Company (Lincoln). Contract value represents contributions made under the contract, plus earnings, less participant withdrawals. The Statements of Net Assets Available for Benefits should present the fair value of the guaranteed interest account as well as the adjustment from fair value to contract value; however, for the Plan, contract value approximates fair value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Administrative Expenses

Certain administrative expenses have been paid by the Company. All other expenses are paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains (losses) on the investments purchased and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

NEW RIVER PIZZA, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

The Company evaluated subsequent events through September 17, 2013, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. INVESTMENTS

The following table presents the fair value of investments at December 31, 2012 and 2011. The investments and investment activity have been certified as complete and accurate by Lincoln, the custodian of the Plan, and have not been audited by the independent auditors. Individual investments that represent 5% or more of the Plan's net assets are separately identified.

4. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already required or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 inputs include those other than quoted prices that are observable for the asset or liability and that are derived principally from, or are corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled separate accounts – Valued at fair value of the underlying investments, which represents the net asset value of the investments.

Guaranteed interest account – Value represents contributions made under the contract, plus earnings, less participant withdrawals.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. TAX STATUS

The Company adopted a prototype non-standardized Profit Sharing Plan with a cash or deferral arrangement. The Plan received a favorable determination letter from the Internal Revenue Service (IRS) on March 31, 2008, which stated that the Plan and related trust as then designed were in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to the year ended December 31, 2009.
