Yenman Enterprises 401(k) Plan

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the Yenman Enterprises 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Great West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

I was engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held for Investment Purposes at End of Year, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and I do not express an opinion on the supplemental schedules referred to above.

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Yenman Enterprises (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company. An employee is eligible to participate in the Plan on the first day of the month following the completion of one year of service, as defined, and having attained the age of twenty one (21) years of age. A participant is eligible to receive employer matching contributions if employed on the last day of the year. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make voluntary 401(k) contributions up to 100% of their compensation subject to the limitations of the Internal Revenue Code (IRC) for the Plan year. Effective July 16, 2008, the Company's matching contributions amounted to 25% of the participant's voluntary contributions to the Plan, up to a maximum of 6% of the participant's eligible compensation. The Company may make profit sharing contributions to the Plan solely at the discretion of the Company's Board of Directors. There were no discretionary profit sharing contributions authorized for 2012. All contributions are subject to the limitations imposed under IRC Section 404(a)(3)(A).

Participant Accounts

Each participant's account is credited with the participant's voluntary 401(k) contribution, the Company's contribution, and the earnings thereon. Discretionary contributions are allocated to the participants employed on the last day of the Plan year based on the participant's percentage of total compensation. Plan earnings are allocated daily based on each participant's balance within each fund.

NOTE 1 DESCRIPTION OF THE PLAN (Continued)

Vesting

Plan participants are fully vested at all times with respect to their elective contributions plus earnings thereon. Company contributions are subject to a vesting schedule, as defined, with the participant being fully vested after three (3) years of credited service, as defined.

Payment of Benefits

Upon termination of service, a participant is entitled to receive a lump-sum payment equal to his or her vested account balance, as defined. If the participant's account balance is less than $1,000, the plan administrator will make a direct rollover to an individual retirement plan designated by the administrator equal to his or her vested account balance. Participants terminated for reasons other than death, disability, or retirement are entitled to receive their benefits as soon as administratively feasible. In-service withdrawals are available for participants over the age of 59 ½. Withdrawals, while an employee of the Company, are also permitted in certain hardship circumstances, as defined.

Forfeited Accounts

Forfeitures are temporarily held in a suspense account maintained by the plan and used to reduce employer contributions or administrative expenses. During 2012, there were no forfeitures transferred to the suspense account. No forfeitures were used to reduce employer contributions or to pay plan expenses. At December 31, 2012, the unallocated forfeited account amounted to $6,680.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could vary from the estimates that were used.

Payment of Benefits

Plan benefits are recorded when paid.

Plan Expenses

Expenses of the Plan are paid either by the Plan or the Company, as provided by the Plan document.

Investment Valuation

Assets of the Plan are held in separate accounts of a trust administered by Great West Life & Annuity Insurance Company (Great West) during 2012, representing investment in mutual funds, pooled separate accounts, and a guaranteed interest account. Mutual funds are included in the financial statements at fair values based on quoted market prices. Pooled separate account values are generally determined based upon the market values of the securities included in the underlying funds. The fair value of the guaranteed is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Investments of participants' voluntary contributions and any Company contributions into these funds is done at the discretion of each participant. The accounts are credited with actual earnings on the underlying investments and charged for Plan withdrawals and administrative expenses.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully-Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation (Continued)

available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, as contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the Plan. As required by the FSP, the statement of net assets available for benefits presents the fair value of the investment contract with approximate contract value at December 31, 2012. The statement of changes in net assets available for benefits is prepared on a contract value basis.

NOTE 3 INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2012:

Great West Life & Annuity Guaranteed Portfolio Fund	$426,803
American Funds EuroPacific Growth R3 Fund	169,650
American Funds Growth Fund of America R3	139,351
Maxim 600 Index Fund	123,209
PIMCO Total Return Administrative Fund	100,022
Maxim Moderate Profile II Fund	92,010

NOTE 4 ASSETS MEASURED AT FAIR VALUE ON A RECURRING BASIS

The Company adopted FASB Statement of Financial Accounting Standards No. 157, *Fair Value Measurement,* (FAS 157) effective January 1, 2008. FAS 157 establishes a framework for measuring fair value and expands disclosures about fair value measurements in financial statements.

NOTE 4 ASSETS MEASURED AT FAIR VALUE ON A RECURRING BASIS (Continued)

The various inputs that may be used to determine the fair value of the Plan's assets and liabilities are summarized in three (3) broad levels:

Level 1	Quoted prices in active markets for identical securities
Level 2	Other significant observable inputs (including quoted prices for similar securities, interest rates, credit risk, etc.)
Level 3	Significant unobservable inputs (including the Plan's own assumptions used to determine value)

Generally, the Plan utilizes quoted market prices, and other relevant information generated by market transactions, to measure fair value when available. If quoted prices are not available, fair values are measured using independent pricing models or other model-based valuation techniques. In certain cases, the Plan may be required to make judgments about assumptions that market participants would use in estimating the fair value of financial instruments (Level 3 valuations).

Assets measured at fair value are comprised of the following at December 31, 2012:

Description	Level 1	Level 2	Level 3
Investment contract with Insurance company			$433,483
Pooled separate accounts		$1,328,374	
Total		$1,328,374	$433,483

Following is a reconciliation of activity for 2012 for the investment contract with insurance company measured at fair value based on significant unobservable (non-market) information (Level 3):

Balance, beginning of year	$ 362,860
Purchases, sales, issuances, and settlements – Net	70,623
Balance, end of year	$ 433,483

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY

During 2008, the Plan entered into a fully-benefit responsive investment contract with Great West. Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Fair value of the investment contract approximates contract value at December 31, 2012.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed on a quarterly rate for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 INFORMATION CERTIFIED BY THE TRUSTEES

In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Great West.

Great West has certified to the completeness and accuracy of the investments they hold, changes in net assets arising from said investment activity, and the schedule of assets held for investment purposes as of December 31, 2012.

NOTE 7 TAX STATUS

The Plan obtained its latest determination letter on November 27, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 8 PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the previsions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

The investment contract with the insurance company is managed by Great West. Great West is a trustee as defined by the Plan and, therefore, those transactions qualify as party-in-interest.
