INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Walsh, Anderson, P.C. 401(k) Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WALSH, ANDERSON, P.C. 401(k) PLAN

NOTES to FINANCIAL STATEMENTS

DECEMBER 31, 2012 and 2011

1. DESCRIPTION OF PLAN

The following description of the Walsh, Anderson, P.C. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which covers eligible employees of Walsh, Anderson, Gallegos, Green and Treviño, P.C. (Sponsor) who are at least twenty-one years old. Employees who have attained one year and 1,000 hours of service are eligible to receive matching and employer contributions. There are no minimum service requirements in order to make salary deferrals and receive safe harbor employer contributions. The Plan was established effective September 1, 1985 and is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Employees may elect to contribute up to 100% of annual compensation, as defined in the Plan, through payroll deductions. An employee's contribution cannot exceed the annual dollar limitation set forth by Internal Revenue Code Section 402(g). Participants may also contribute amounts representing distributions from other qualified retirement plans or an IRA. Participants who are age 50 or older may also make additional "catch-up" salary deferral contributions that are in addition to any limits that are imposed by the Plan and Federal law. Overall, catch-up contributions plus salary deferral contributions to the Plan may not exceed 100% of a participant's compensation for that year. Such contributions are recorded by the Plan in the period in which the Sponsor makes applicable payroll deductions.

The Plan Sponsor may elect to make annual discretionary contributions to the Plan based upon the eligibility requirements. The contributions may be determined as a uniform percentage of compensation, or as a uniform dollar amount.

The Plan Sponsor may also decide to make a special discretionary contribution called a qualified nonelective contribution (QNEC). QNEC contributions would be made to eligible participants who are non-highly compensated employees, as determined under the Plan. Any QNEC contributions to the Plan will be allocated to eligible participants beginning with participants with the lowest compensation for the year.

The Plan is designed to qualify as a "Safe Harbor 401(k) Plan". As a safe harbor 401(k) Plan a contribution will be provided for those participants who satisfy the eligibility requirements applicable to safe harbor employer contributions equal to 3% of participant compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Sponsor's contributions, and net earnings of the participant's individual account. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all employee contributions, safe harbor contributions, QNEC contributions, and actual earnings thereon. Vesting in discretionary employer contributions is based on each employee's length of service. A participant is 100% vested after six years of credited service.

1. DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

When participants separate from service, any amounts that are not vested will be forfeited. For any plan year, forfeitures occurring under the Plan may be used to reduce employer contributions to the Plan or to pay Plan expenses. Forfeited non-vested accounts totaled $1,445 and $5,075 at December 31, 2012 and 2011, respectively. Forfeitures of approximately $25,886 and $31,353 were used to reduce employer contributions for the years ended December 31, 2012 and 2011, respectively.

Notes Receivable from Participants

Participants are permitted to borrow from their fund accounts a minimum of $500 up to a maximum of $50,000, or 50% of their vested account balance, whichever is less. Loans are repaid through regular payroll deductions over a period not to exceed five years, or a maximum of twenty years for home loans. The loans are secured by the balance in the participant's account and bear interest at prime rates.

Payment of Benefits

Participants who terminate employment at normal retirement age (age 65 or 5th anniversary joining the plan, if later), disability, or death, are entitled to receive 100% of the amounts in their plan accounts as of the day benefits are paid. If a participant terminates employment for any other reason before normal retirement age, the participant is entitled to 100% of their account's vested balance. Upon separation from service, death, or disability, plan benefits will be paid in the form of a lump sum. If the amount of the payout is more than $1,000 and the participant has not reached normal retirement age, died, or consented to distribution, the payment will be deferred to the earliest date administratively feasible following attainment of normal retirement age, death, or consent to distribution.

Administrative Expenses

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid by the Sponsor. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc) are charged directly against the appropriate participant's account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivables from Participants

Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events were evaluated through July 7, 2013, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncement

In May 2011, the FASB issued Accounting Standards Update (ASU) 2011-04, Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs, (ASU 2011-04). ASU 2011-04 amended ASC 820, Fair Value Measurements and Disclosures. This update changes certain fair value measurement principles and enhances the disclosure requirement particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. See Note 6 for impact of adoption.

In October 2012, FASB issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements.

The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of the immediately effective amendments was not significant to these financials. The impact of adopting ASU 2012-04 on subsequent periods has not yet been determined.

3. STABLE VALUE FUND

The Plan entered into a benefit-responsive investment contract with John Hancock Life Insurance Company, to offer the John Hancock Stable Value Fund Collective Investment Trust (Fund) to Plan participants. The objective of the Fund is to safeguard principal while generating a level of current income generally exceeding that of a money market fund. The Fund seeks to maintain a stable $1.00 unit value, although there is no guarantee it will be able to do so. John Hancock Life Insurance Company maintains the contributions in a common collective trust that houses several separate investment accounts (SIAs). Each SIA is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by John Hancock. Contract value represents contributions made under contract, plus earnings, less participant withdrawal or transfer of

3. STABLE VALUE FUND (CONTINUED)

all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the investment contract is fully benefit-responsive; the contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the collective investment trust. Contract value, as reported to the Plan by John Hancock Life Insurance Company, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Fund primarily invests in investment contracts including separate account Group Annuity Contracts (GAC) and security-backed contracts issued by one or more third party providers ("Stability Providers"). The stability providers issue stabilizing agreements that provide that participant transaction are executed at contract value.

GACs are investment contracts issued by a life insurance company that is backed by an actively-managed portfolio invested in a separate account, a fund owned by the life company but invested outside the insurance company's general investment account. To provide investors a degree of diversification from their insurance company credit concentration, most separate account GAC are contractually "walled off" or insulated from general account liabilities in the case of any financial impairment of the insurer. The issuer guarantees that all qualified participant withdrawals will be at contract value (principal plus accrued interest).

A security-backed contract is an investment contract (also known as a synthetic GIC or a separate account GIC) issued by an insurance company or other financial institution, backed by portfolio of bonds. The portfolio underlying the contract is maintained separately from the contract issuer's general assets, usually by a third party custodian. The interest crediting rate of a security backed contract is based on the contract value, and the fair value, duration, and yield to maturity of the losses on the underlying assets to be amortized, usually over the duration of the underlying investments, through adjustments to the future interest crediting rate, rather than reflected immediately in the net assets of the fund. The issuer guarantees that all qualified participant withdrawals will be at contract value.

There are no valuation reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was $764,999 and $298,038, respectively. The average yield for the investment contract was 2.62% and 1.97% at December 31, 2012 and 2011, respectively. The crediting rate for this contract was 1.65% and 3.02% at December 31, 2012 and 2011, respectively. The credit rate is based on an agreed upon rate with the issuer, but cannot be less than zero.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (4) failure of the trust to qualify for the exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

4. INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information, which appears throughout the financial statements and supplemental schedule, related to the following assets:

	2012	2011
Investments at fair value:		
Mutual funds	$ 15,401,303	$ 13,739,748
Investment contract	764,999	298,038
Cash reserve	1,445	5,075
Notes receivable from participants	463,726	332,964

The trustee of the Plan also certified to the completeness and accuracy of $1,928,761 of net appreciation in fair value of investments and $19,787 of interest related to the aforementioned assets for the year ended December 31, 2012.

5. INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets as of December 31, 2012 and 2011.

	2012	2011
John Hancock Lifestyle Growth	$ 3,620,142	$ 2,897,666
John Hancock Lifestyle Balanced	2,492,921	2,003,632
John Hancock Lifestyle Aggressive	1,894,594	1,542,549
John Hancock Lifestyle Moderate*	707,280	1,048,319

*Not 5% in 2012

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,756,401 as follows:

Mutual funds	$ 1,928,761
Investment contract	(172,360)
Net Appreciation in Fair Value of Investments	$ 1,756,401

6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

6. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund- The fair value of stabilizing agreements provided by Stability Providers reflect the discounted present value of the difference between the current stabilizing agreement cost and its replacement cost, based on an internal pricing matrix. The fair values of the securities underlying the investment contracts and sub-accounts, predominantly fixed income investments, are generally valued using independent pricing services. These services determine valuation for normal institutional-size trading units of such securities using models or matrix pricing, which incorporates yield and/or price with respect to bonds that are considered comparable in characteristics such as rating, interest rate and maturity date and quotations from bond dealers to determine current value. (See Note 3) Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Plan's management evaluates a variety of factors including review of existing contract, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms, e.g. duration or payout date, while others are substantiated utilizing available market data, e.g. swap curve rate.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2012 and 2011:

7. RELATED PARTY TRANSACTIONS

Investments

Certain Plan investments are units of separate investment accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and administrative services amounted to $4,027 for the year ended December 31, 2012.

Administration

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Sponsor.

8. PLAN TERMINATION

Although the Sponsor has not expressed any intent to terminate the Plan, it may do so at any time subject to the provisions of ERISA. If the Plan were terminated, contributions would cease, participants would become 100% vested, and money in the accounts would be distributed to the participants.

9. INCOME TAX STATUS

Walsh, Anderson, P.C. 401(k) Plan is a volume submitter profit sharing plan of NOVA 401(k) Associates. The volume submitter profit sharing plan obtained its latest determination letter on July 1, 2009, in which the Internal Revenue Service stated that the Plan, as then designed, was acceptable under section 401 of the Internal Revenue Code for use by the employer for the benefits of its employees. The Plan was amended and restated as of January 1, 2013. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2009.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011 to Schedule H of Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$ 16,463,513	$ 14,368,787
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	179,398	7,038
Less: Employer contributions receivable	(11,438)	-
Net Assets Available for Benefits per Schedule H of Form 5500	$ 16,631,473	$ 14,375,825

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500 (CONTINUED)

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the form 5500 for the year ended December 31, 2012:

Changes in net assets available for benefits per the financial statements	$ 2,094,726
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	172,360
Less: Employer contributions receivable	(11,438)
Changes in net assets available for benefits per the form 5500	$ 2,255,648

11. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
