Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Ovonic Energy Products 401(k) Retirement Plan as of December 31, 2012 and 2011, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets Held for Investment Purposes (at year end) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

OVONIC ENERGY PRODUCTS 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

A. DESCRIPTION OF PLAN

The following description of the Ovonic Energy Products 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

1. General – The Plan is a defined contribution plan covering substantially all employees of Ovonic Energy Products (the Company and Plan Sponsor) who are age eighteen or older and have completed one year of eligibility service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions – Each year, participants may contribute pre-tax compensation up to the limits prescribed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company's matching contribution to the Plan is in the amount of 50% of the first 2% that a participant contributes to the plan.

3. Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, allocations of the Company's profit sharing and matching contributions and actual earnings, and charged with withdrawals and loan initiation fees, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. The Company's profit sharing, matching contributions and actual earnings vest on a five year graded schedule.

5. Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates of prime plus 1%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

6. Payment of Benefits – Upon retirement or termination of service, a participant receives a single lump-sum payment equal to the value of the participant's vested interest in his or her account.

A. DESCRIPTION OF PLAN - (Continued)

7. Forfeited Accounts – Forfeited, non-vested accounts totaled $8,304 and $12,226 at December 31, 2012 and 2011, respectively. These amounts will be used to reduce future Plan Sponsor contributions. Employer matching contributions were reduced by $488 from forfeited non-vested accounts in 2012.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note E for discussion of fair value measurements. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in interest and dividends. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

A significant portion of the Plan's administrative expenses are paid by the Plan Sponsor.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Subsequent Events

The Plan has evaluated subsequent events through September 13, 2013, the date the financial statements were available to be issued.

C. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

D. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 16, 2004 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

E. FAIR VALUE MEASURMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820), *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements):

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

E. FAIR VALUE MEASUREMENTS - (Continued)

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

J. RECENT ACCOUNTING PRONOUNCEMENT

In May 2012, FASB issued Accounting Standards Update ASU No. 2011-04, *Fair Value Measurement*, (within Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U S. GAAP. The objective of this update is to improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP), by changing the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and disclosing information about fair value measurements. The amendments include those that clarify FASB's intent about the application of existing fair value measurement and disclosure requirements and those that change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. This ASU, which is to be applied prospectively, is effective for public entities during interim and annual periods beginning after December 15, 2012 (early application is not permitted). For nonpublic entities, the amendments are effective for annual periods beginning after December 15, 2012. Nonpublic entities may early implement during interim periods beginning after December 15, 2012. Some of the disclosures required by the amendments in the ASU are not required for nonpublic entities.

In September 2011, the FASB issued ASU 2011-25, *Reporting Loans to participants by Defined Contributions Pension Plans*. ASU 2011-25 changed the reporting of loans to participants. Prior to ASU 2012-25, loans to participants were reported as investments at fair value. ASU requires that loans to participants be reported as notes receivable from participants at the unpaid principal balance, plus any accrued but unpaid interest. ASU 2011-25 is effective for periods ending after December 15, 2011.
